# Message from the Chancellor

The University started its journey in the year 2008 with the establishment of a Medical College and Hospital to serve the downtrodden and poor population in this remote region of Bihar, which was further elevated to the University in the year 2018. Today I can proudly say that in a very short span of time, GNSU has become a role model for institutions of higher education not only in Bihar, but in the entire nation. The vision, and programs are focused on student outcomes, creating vast employment and entrepreneurial opportunities for the youth of this remote areas and guiding them along a path to becoming successful contributors to society.

Since its inception in the year 2018, the University has been striving hard to improve the status of higher education in this remote region of Bihar. I feel glad to note that our team has realized that if we want to prove ourselves in the higher education sector, the horizon of learning has to be broadened extensively. The University is taking requisite steps and trying to bring within its fold the best intellectuals in the field of education who can definitely contribute towards achieving excellence in the field of education.

I wish the University a grand success in the years to come. I would like to invite the students with their parents/guardians to visit its campus and see for themselves the steps taken by the University in providing the best possible holistic education and, grooming young students.

# Message from the Pro Vice Chancellor

It is indeed a great pleasure for me to be part of this prestigious educational institution located in Sasaram, Distt. Rohtas, the rice bowl of Bihar. Sasaram has been a center of developed culture since the Mesolithic age.

In an era of rapid academic advancement, Gopal Narayan Singh University stands as a beacon of holistic education, driven by a commitment to creativity, innovation, and social responsibility. We firmly believe that every student, regardless of their background, deserves a quality education and the chance to realize their full potential. The rural students often face unique challenges in terms of access to resources, infrastructure, and opportunities. Our university is dedicated to providing a supportive and inclusive environment where rural students can thrive. Our educational environment is transformative, interdisciplinary and integrative.

We, at the University always keep our students at the centre and intend to impact and transform their lives. The university continuously aspires to create platform for creative ideas and openness in thought and action. The university yearns to make students as responsible citizens of the nation who can work for the societal upliftment.

We are committed for excellence in teaching and research *at par* with the best in the nation.

Pro Vice Chancellor

# Message from the Secretary

It is with immense pride and gratitude, I am here to express my views as Secretary, Dev Mangal Memorial Trust, the sponsoring body of the university. At the trust, we believe that the true progress is measured not by wealth or power but by the impact we make on the society. Every initiative we undertake through the trust is rooted in this belief, whether it is providing education to underprivileged children, healthcare to those in need, or support to marginalized communities.

As a private unaided educational institution, the University aspires to educate and train the youth in this underprivileged areas, to take up the challenges of the future with capability and confidence. The dedicated staff of the university works incessantly to provide an ambience that nurtures creativity and innovative problem solving skills in the students.

The ecosystem at Gopal Narayan Singh University is not only tech-centered but is developed in such a way that it contributes to the overall development of a student. The academic initiatives are designed to make our students corporate-ready. We encourage students to interact, engage and learn from industry leaders.

We at Gopal Narayan Singh University believe in fostering an environment that encourages intellectual curiosity, critical thinking, and creativity. Our emphasis on experiential learning enable the students to apply classroom concepts to real-world scenarios, bridging the gap between theory and practice. We are committed towards nurturing the entrepreneurial aspirations of the young minds to transform them into successful entrepreneurs. The focus of the University is to impart holistic education to its students with a strong commitment towards enhancing their employability.

We have a mission to educate the students irrespective of their caste, creed and color to create enlightened individuals, improving the living standards of their family and society. Our chief motive is to impart high patterns of discipline with a global standard of education, making the students intellectually superior and ethically strong at an affordable cost.

Together, let us embark on this transformative journey towards excellence.

**(Mr. Govind Narayan Singh)**  
Secretary, Deo Mangal Memorial Trust

# Message from the Managing Director

It is indeed my honor and privilege to be associated with Deo Mangal Memorial Trust and also with this University as the Managing Director. The prime objective of the University is to provide the kind of education that enables students to become enlightened citizens by acquiring human values and life skills along with knowledge and understanding leading to enhanced employability and entrepreneurship. The pattern of education is therefore value based, innovation driven and employment oriented. Helping us achieve this, are our state-of-the-art infrastructure, & inspiring and devoted team of faculty-members and administrators.

Our faculty members are dedicated professionals who bring a wealth of experience and expertise to the classroom, ensuring that the students receive the best possible education. From cutting-edge research to real-world case studies, they will have ample opportunities to engage with the latest developments in their field and develop the skills and competencies needed to excel in your chosen career path. In addition to academic excellence, we also emphasize the importance of practical experience and hands-on learning. Through internships, industry projects, and experiential learning opportunities, you will gain valuable insights and skills that will set you apart in the job market. We aim to provide our students with a supportive and nurturing environment that cherishes independent thought, innovation, creativity, diversity and multiculturalism.

As a University, we aim to create socially responsible global citizens who can efficiently lead our businesses, society and country in the future. Together, we shall constitute, sustain, and develop this new realm of learning and knowledge creation.

I am quite confident that the University will soon transform itself from budding state to the state of a world class academic institution.

## Introduction- About the University

Gopal Narayan Singh University established in 2018 in the remote region of Jamuhar, District Rohtas, Bihar, is a visionary initiative born out of the determination to bridge the glaring educational and healthcare gaps in rural and remote areas of Bihar. The founding philosophy of the university is deeply rooted in the belief that quality education and healthcare should not be a privilege of the urban elite but a fundamental right accessible to every individual, irrespective of geography. The choice of location—far from the metropolitan mainstream—was deliberate, reflecting a bold commitment to transforming the socio-economic realities of one of Bihar's most underserved districts.

Under the able leadership of the Hon'ble Chancellor, Sri Gopal Narayan Singh, and the unwavering support of the DeoMangal Memorial Trust, GNSU has emerged as a catalyst for regional development. The university has redefined the educational landscape by offering diversified academic programs that cater to local and national aspirations, while simultaneously creating avenues for skilling, employment, and entrepreneurship. Its extensive community outreach programs in healthcare, legal aid, environmental awareness, and agriculture have elevated the quality of life in surrounding villages.

Spanning an 80-acre campus, GNSU offers a diverse array of programs across various faculties, including Medical, Nursing, Pharmacy, Paramedical Sciences, Management Studies, Information Technology, Agriculture, Law, Commerce, Journalism & Mass Communication, and Library & Information Science. With over 55 undergraduate, postgraduate, and doctoral programs, the university caters to more than 4,600 students, guided by a dedicated team of over 750 academic staff. GNSU is equipped with state-of-the-art infrastructure, encompassing modern laboratories, comprehensive libraries, comfortable hostels, and advanced sports facilities. The university places a strong emphasis on research and innovation, encouraging interdisciplinary studies and fostering collaborations with national and international institutions. Recent initiatives include partnerships with esteemed organizations like IIT Patna, enhancing the university's research capabilities and academic exchange programs. The university's commitment to academic excellence is further reflected in its students' achievements, such as the success of a research scholar from the Narayana School of Law in the Bihar Judicial Service Examination. Committed to inclusivity and societal impact, GNSU actively engages in community development projects, aligning with its core values of integrity, innovation, and service. The university's strategic location in a rural setting underscores its dedication to making quality education accessible to underserved populations, thereby playing a pivotal role in regional development.

- Enrich the lives of new generation scholars and professionals to build and realize their scholarly, academic, and professional prospects, leading to growth and being constructive and responsible citizens.
- Impact society in a transformative way — locally, nationally, and globally through innovative, and inclusive, teaching, research, and entrepreneurial educational experiences that ensure lifelong learning for all sections of society.
- Collaborate with national and international institutes of eminence in the area for better exchange of information, teaching and learning experiences, by offering learning and development opportunities.

## **Governance, Leadership and Management**

GNSU established in 2018 under the aegis of the Dev Mangal Memorial Trust, operates with a robust governance framework that ensures strategic direction, academic excellence, and administrative efficiency. The university's governance structure is anchored by its Governing Body, constituted in accordance with the GNSU Act 2018. This body comprises eminent academicians, seasoned administrators, legal experts, and industry professionals, reflecting a blend of experience and expertise that guides the university's vision and mission.

The leadership at GNSU is spearheaded by the Hon'ble Chancellor, Sri Gopal Narayan Singh, whose vision emphasizes the transformative power of education. Under his guidance, the Vice-Chancellor and the Pro Vice Chancellor oversees the university's academic and administrative functions, ensuring alignment with national educational standards and global best practices.

Strategic planning at GNSU is a collaborative process involving various stakeholders, including faculty, students, and administrative staff. The university formulates its policies and developmental plans through participatory mechanisms, ensuring that decisions are inclusive and

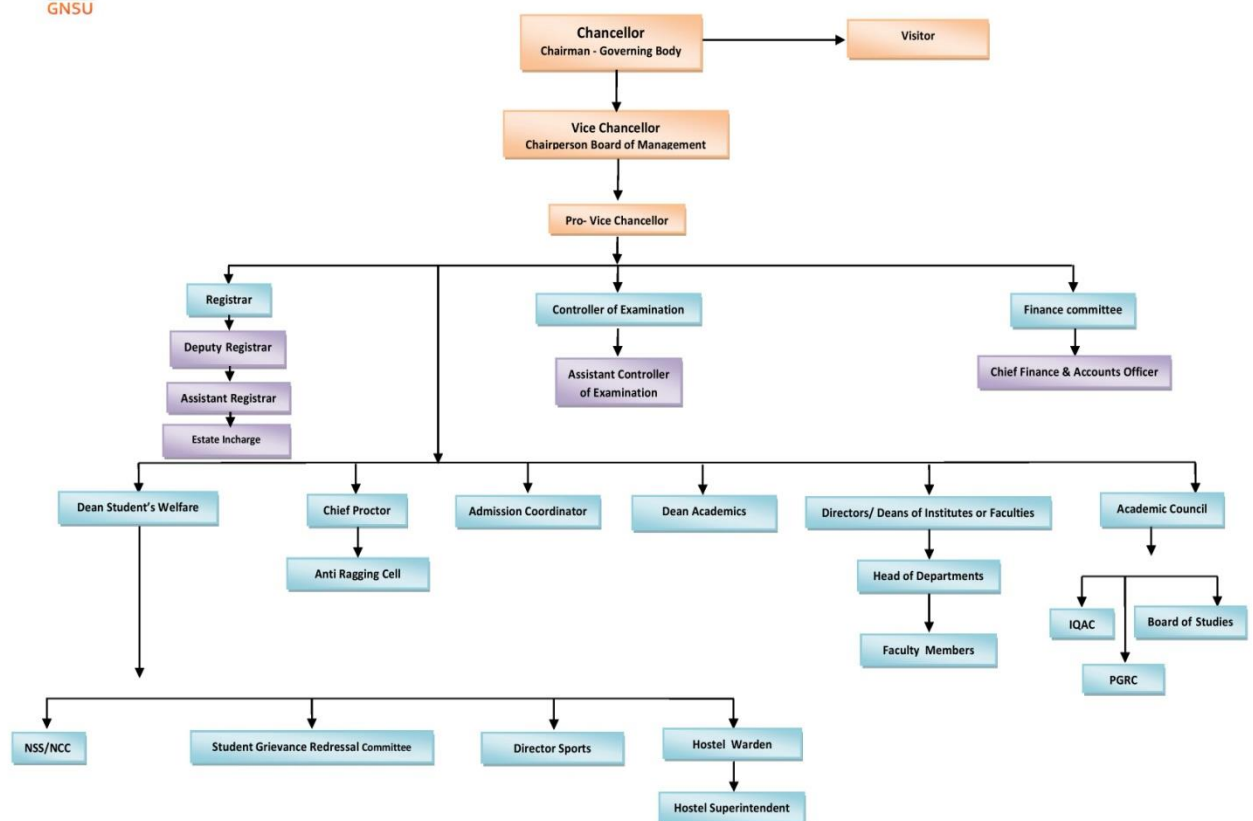

reflective of the institution's collective aspirations. Regular meetings, workshops, and feedback sessions are integral to this process, fostering a culture of transparency and accountability.

Through its cohesive governance structure, visionary leadership, and efficient management practices, GNSU is steadfast in its commitment to delivering quality education and fostering holistic development, thereby contributing significantly to the educational advancement of the region.

### Infrastructure at GNSU

The institution has adequate physical facilities for teaching-learning, skills acquisition etc. The university has six dedicated academic blocks designed to effectively cater to the diverse academic requirements of various disciplines. A significant number of these classrooms are **ICT-enabled** with projectors, audio-visual aids, and smartboards that support digital pedagogy and blended learning models. Selected classrooms are equipped with **smartboards**, integrating interactive whiteboards, and projectors.

### Laboratories and Research Facilities

The university operates 56 course-specific laboratories and 17 state-of-the-art research laboratories, all of which are equipped with modern instruments and safety protocols to support practical learning, experimentation, and scientific inquiry.

Glimpse of Pathology Laboratory in Narayan Institute of Agricultural Sciences

The Narayan School of Law has a fully functional Moot Court, simulating actual courtroom procedures and helping law students develop legal reasoning, drafting, and oratory skills. The Department of Mass Communication operates a modern media studio, with audio-visual production tools, editing software, green screen rooms, and professional-grade recording equipment. This enables hands-on training in journalism, anchoring, video production, and digital content creation.

### **ICT and Computer Facilities**

GNSU maintains 12 modern computer laboratories, with high-speed internet, advanced software applications, and access to open-source as well as licensed learning management systems. The university is committed to digital enablement, and its ICT infrastructure includes: Uninterrupted high-speed broadband connectivity, Wi-Fi-enabled campus, accessible in academic blocks, hostels, and public spaces, ICT-enabled classrooms across disciplines. Integration of e-resources, MOOCs, and digital content repositories into academic delivery.

The university has established 12 computer laboratories with more than 450 computers for student use, equipped with the latest configurations. The systems are regularly updated with licensed software and utilities relevant to Engineering, Management, Pharmacy, Nursing, Paramedical Sciences, and Mass Communication. Each lab is supported by uninterrupted power supply (UPS) systems and high-speed LAN connectivity to ensure seamless usage during practical sessions and examinations.

**A Glimpse of the Computer Lab**

The university campus is Wi-Fi enabled with high bandwidth internet provided by multiple service providers to ensure redundancy and uninterrupted connectivity. Wi-Fi access is available in all academic blocks, hostels, library, administrative offices, seminar halls, and even common student areas. The network is firewall-protected and monitored by the university's central IT Cell, which ensures responsible and secure usage through authenticated access for students, faculty, and staff.

## **Library**

The university maintains 24 departmental libraries, which together form the academic knowledge backbone of GNSU. Library is Automated Using Integrated Library Management System (ILMS). The libraries are having a rich collection of: Textbooks, reference works, journals, and e-journals, E-books and databases accessible through institutional subscriptions, Online journals through DELNET, NDL, and Shodhganga, Dedicated cataloguing labs and digital indexing facilities for Library and Information Science students, allowing them to gain live practice in digital archiving and library automation.

**A Glimpse of the Library in GNSU**

The Library, located in the Medical College Block, serves as the knowledge epicentre of the university. It has a rich collection of textbooks, reference materials, journals, project reports, theses, e-books, and online resources. In addition, departmental libraries in each constituent college and school are linked to the central database, enabling cross-access and sharing of academic content through ILMS synchronization. This decentralized yet connected system ensures that discipline-specific resources are readily available to faculty and students in their respective academic units.

The Digital Library Section within the Medical Library is equipped with internet-enabled terminals, multimedia learning tools, and access to a wide range of open educational resources (OERs). Students and faculty are provided with individual login credentials to access subscribed e-resources, including online journals, databases, encyclopedias, e-books, and national digital platforms. The ILMS also facilitates remote access, allowing users to retrieve digital content off-campus. GNSU's library also supports **plagiarism detection software** such as *Drilbit*, used extensively by postgraduate students and research scholars to ensure academic integrity in theses and publications.

The Libraries of the university are digitally equipped with computer terminals to access online journals, e-books, and national/international research databases such as INFLIBNET, DELNET, and NDL. The Digital Library section has been enhanced with new computers and digital scanning tools, and students can access study material through intranet repositories linked to the LMS.

### **Seminar / Conference halls/Auditorium**

To promote academic dialogue and cultural expression, GNSU has developed high-quality seminar halls. There are 5 fully equipped seminar and conference halls, fitted with multimedia projectors, sound systems, and Wi-Fi for academic presentations, workshops, and guest lectures. The University has a separate Auditorium building, housing 3 auditoriums with a seating capacity of 2700 used for university convocations, national conferences, student festivals, and public lectures, besides a hi-tech Conference room.

**Auditorium Building and Conference Room**

## **Student Hostels and Residential Facilities**

GNSU provides **on-campus residential facilities** for students, faculty, and staff. With over **3100+ students residing in hostels**, the university has developed **9 residential hostels—5 for boys and 4 for girls**—that ensure safety, hygiene, and comfort. Hostel facilities include:

- Furnished rooms with attached washrooms
- Common recreational areas
- 24/7 security and surveillance
- Dedicated dining halls with nutritious meals

## Research

### RESEARCH, INNOVATIONS AND EXTENSION

#### Promotion of Research and Facilities

The institution Research facilities are frequently updated and there is well defined policy for promotion of research which is uploaded on the institutional website and implemented. Narayan Medical College & Hospital has been one of the top institutes in the state in terms of clinical work, teaching, and training and research activities. The institute is committed to promoting research culture,

training faculty, residents, and students in research methodology, and encouraging basic and clinical research. It is one of the major contributors to medical research articles from state. There is a research cell in the college that coordinates all extramural and intramural research grants. The college has ICMR and GCP Standard compliant Institutional Ethics Committee with competent internal and renowned external members.

Research Methodology Teaching and training courses/ workshops/ seminars are organized by Research Cell from time to time for faculty and students of the College. In addition, evidence-based medicine workshops are also organized at regular intervals to inculcate a scientific working environment. The college makes an effort to inculcate the habit of research among young faculty and medical students. Intramural grants for junior faculty, postgraduates and undergraduates are given every year to promote and support high- quality research work culture and place them in a position of advantage. Under this scheme, College provides support to young faculty and students on a competitive basis. College also encourages them to publish their research findings in reputed medical journals.

## Facilities at NMCH

### INFRASTRUCTURE AND LEARNING RESOURCES

#### Physical Facilities

The institution has adequate facilities for teaching - learning, viz., classrooms, laboratories, computing equipment, etc. Narayan Medical College & Hospital, established in the year 2008, has acquired national eminence for contributions in academics, research, and patient care. It offers medical services to the needs of not only the state of Bihar, but also that of other states like Jharkhand, Chhattisgarh, and cater to more than 1 crore population. It is one of the largest Residential Medical College in state. The College campus is spread over a huge area with more than 20 buildings. There are hostel rooms to accommodate 1250 students, 200 faculty positions, about 400 resident doctors and over 3000 employees. This College has approximately 950 undergraduate/Post graduate students, (700 MBBS, 236 MD/MS/DNB seats) getting medical education. The institution has well equipped laboratories, Lecture halls with audio-visual aids, auditorium, central library with E-library facility (ICT enabled), seminar rooms, clinical demonstration rooms and skills laboratory is also being developed.

The suggestions from the IQAC team for quality enhancement are considered as first priority and therefore, there is ongoing process of infrastructure development to ensure proper upkeep and qualitative up gradation of the institution. Wi-Fi connectivity, networking of various departments with LAN is provided for seamless communication and sharing of knowledge. The skills and simulation laboratories train students for various clinical and surgical procedures with the help of mannequins and simulators. The museums in Anatomy, Pathology, Microbiology, Pharmacology, FMT, Surgery, Radiology, Gynaecology

and Community Medicine with hundreds of specimens, charts, models, and relevant text is an important educational and learning resource. Accredited, well-equipped laboratories in various departments provide point of care testing facilities and reports. There are well equipped 7 lecture theatres with facilities for audio-visual presentations complying to the norms of regulatory body.

For cultural activities there are several auditoriums at various places in the campus. The main auditorium also has Scientific Convention Centre. It has 3 halls or auditoriums of different seating capacities, banquet halls, exhibition galleries, rehearsal rooms, a foyer area and connecting corridors. The entire Centre is air-conditioned. It also has lawns in the premises that are used for various college functions. The centre also has state of the art audio-visual facilities. Besides, there are VIP rooms and there is also adequate space available for kitchen and pantry. The Multipurpose Hall, situated in the administrative block, has a seating capacity of about 200 seats and is used for various cultural and academic activities.

## Library

We have a fully functional Central Library located in the College Building. The timings of the Central Library are from 08:00 AM to 10:00 PM (IST). The details of availability of books and their consumption in the library till date are:

<b>Table: Central Library Details</b>		
<b>Details</b>	<b>Total(Till Date)</b>	<b>Purchased / Subscribed in Current Year</b>
No of Books	13523	
No of Text Books	9676

No of Journals (offlineSubscribed)	440	January to June 2024
No of Journals (online Subscribed)	2182	January to June 2024
No. of volumes consulted	3650	

## Sports

The institution has adequate facilities for cultural activities, yoga, games (indoor, outdoor) and sports. (Gymnasium, yoga centre, auditorium, etc.). There are adequate facilities to support physical and recreational requirements of students and staff.

For outdoor games, there is a playground that is used for playing cricket, football, athletics and various other Annual sports activities & games. Volleyball court, Lawn tennis court and Badminton courts are available in other hostels.

For indoor games, different hostels have facilities of Gymnasium. Besides this, hostels also have separate facilities of indoor games like - Table tennis, Ludo, Carrom board, Chess etc.

Glimpses of Indoor and Outdoor Games Facility

## Hostels

The Institute is a residential campus with sufficient accommodation for the faculty members, staff and the students inside the campus. There are 2 hostels for undergraduate students (1 for boys and 1for girls) with a capacity to accommodate 1750 students and 3 hostels for Intern and PG students.

Hostel Category	Available Capacity
UG Students	Boys- 950, Girls- 800
Interns hostel	250
PG students	400
Faculty	250

# ***FACULTY OF MEDICAL SCIENCES***

## ***Narayan Paramedical Institute and Allied Sciences (NPIAS)***

---

The institute started its journey with diploma courses in the year 2016. Five undergraduate courses were introduced in 2020 and the institute was named as Narayan Paramedical Institute and Allied Sciences under the Gopal Narayan Singh University, Jamuhar. **NPIAS** consists of five departments which provide national level facilities for students.

1. Department of Medical Laboratory Sciences
2. Department of Physiotherapy
3. Department of Radiology & Imaging Technology
4. Department of Optometry
5. Department of Operation Theatre Technology

NPIAS provides training and education in various paramedical fields and allied healthcare sciences. It focuses on preparing students for careers that support and complement medical professionals in delivering healthcare services. Knowledge of various Paramedical disciplines to help desirous youths in becoming assets to the family, society and overall, to the nation by becoming self-reliant. Paramedical courses, also known as allied health care sciences, cover a wide area of study that help students to become skilled healthcare professionals and serve the healthcare facility. The institute is offering various paramedical courses in five different disciplines to promote, encourage and propagate the knowledge of Para-Medical and allied health care sciences to provide training and educate students for assist medical professionals by medical sciences laboratory and radiological diagnosis, assist surgeon in operation theater, medical aid for healthy eye vision and quick and sustainable recovery by physiotherapy.

After completing the different courses of the paramedical streams, students can get employability in hospitals, nursing homes, clinics, diagnosis centers, government health departments, and any healthcare associated services. After higher education in allied health care sciences, employability opportunities open in universities and colleges as teaching faculty. They can also start their own diagnostics laboratories, vaccination center, eye aid physiotherapy clinics. The projected growth for healthcare occupations is about 16%; in the upcoming years, this will add more jobs than any other sector. The growing and aging population, unanticipated pandemic such as COVID-19, and also increasing healthcare awareness lead to an increased number of hospitals in which skilled allied health care professionals are required for better services.

## Academic Programmes and Admissions: 2023-2024

Courses Offered	Intake Capacity	Admission
Bachelor of Physiotherapy (BPT)	120	98
Bachelor of Medical Radiology & Imaging Technology (BMRIT)	60	60
Bachelor of Medical Laboratory Sciences (BMLS)	60	39
Bachelor of Operation Theatre Technology (BOTT)	60	19
Bachelor of Optometry (BOPTM)	60	11

## Workshop & Conference Organised:

- Organized **2<sup>nd</sup> International Conference on “Women in Multifaceted Research” (2<sup>nd</sup> ICWMR)** in Gopal Naraya Singh University, Jamuhar from 10<sup>th</sup> March 2024 to 12<sup>th</sup> March 2024.
- Department of Medical Laboratory Sciences organized a workshop on **‘Serum Electrophoresis & Internal Quality Control in Biochemistry Clinical Laboratory’** on 10<sup>th</sup> March 2024.
- Department of Physiotherapy organized a workshop on **‘Cardiopulmonary Resuscitation’** on 10<sup>th</sup> March 2024.
- Department of Operation Theatre Technology organized a workshop on **‘Pre-Anesthesia Assessment & Ventilator / Arterial Blood Gas Analysis (ABG)’** on 10<sup>th</sup> March 2024.
- Department of Optometry organized a workshop on **‘Intervention of Artificial Intelligence & Robotics in Eye Care & Rudiments of Slit Lamp Bio-microscopy & Core Glaucoma Evaluations’** on 10<sup>th</sup> March 2024.
- Department of Radio Imaging Technology organized a workshop on **‘Radiological Features of Pneumonia’** on 10<sup>th</sup> March 2024.

## Laboratory Development:

### 1. Department of Medical Laboratory Sciences:

Medical Laboratory Sciences (MLS) is an applied field within healthcare that focuses on the analysis of clinical specimens to aid in diagnosing, monitoring, and preventing diseases. Professionals in MLS, known as medical laboratory professionals, perform a variety of laboratory tests on blood, urine, and other body fluids. These tests provide essential information for doctors to make informed decisions regarding patient care. The laboratory environment combines advanced technology, scientific principles, and meticulous attention to detail to support accurate and timely medical diagnoses. Medical Laboratory Sciences include Microbiology, Hematology, Pathology and Biochemistry.

The department has well equipped laboratory facilities to support the practical and research aspects for the students to analyze clinical samples recovered from patients or hospitals. The departmental laboratory has all the recommended equipments in order to detect harmful contaminants at early stage accurately such as precision scale/analytical balance, centrifuges, pH meter, spectrometer, incubators, BOD meters etc.

## 2. Department of Physiotherapy

**Physiotherapy Laboratory** is a specialized facility designed to provide hands-on training, skill development, and research opportunities for physiotherapy students and professionals. It is an integral part of physiotherapy education, enabling students to apply theoretical knowledge to real-world clinical scenarios. The lab is equipped with various therapeutic and diagnostic tools that help in the assessment, treatment, and rehabilitation of patients with musculoskeletal, neurological, cardiopulmonary, and other functional impairments. In our laboratory consisting Exercise therapy laboratory, Electrotherapy laboratory, Manual Therapy laboratory, Biomechanics and Kinesiology laboratory.

**Figure: Physiotherapy Laboratory**

**Figure: A Workshop is going on in Physiotherapy Laboratory**

### 3. Department of Operation Theatre Technology:

Operation Theatre Technology laboratory is a specialized training space created to replicate the atmosphere of a real operating room. It gives students the chance to practice and develop vital skills related to procedures and patient care, especially those in medical, nursing, and surgical schools. Under the guidance of Our Faculties, the OT laboratory provides hands-on training with a variety of surgical instruments and procedures by simulating real-life operating room settings.

### 4. Department of Optometry

An optometry lab is a place where optometrists examine eyes, prescribe corrective lenses, and perform other eye care services. Optometry is a healthcare profession that focuses on vision and eye health.

An **Optometry Lab** is a specialized facility designed for the study, testing, and analysis of vision and eye health. It serves as a space where optometry students, practitioners, or researchers can conduct various tests, experiments, and diagnostic procedures related to the eyes and vision. Optometry labs are equipped with a range of tools and instruments that help in the examination of the eyes, the fitting of eyewear, and the detection of conditions such as refractive errors, eye diseases, or abnormalities.

Optometry labs play a vital role in eye care by providing critical services for the assessment and treatment of vision problems. They help optometrists and eye care professionals deliver precise, customized solutions for patients while contributing to advancements in the field through research.

### 5. Department of Radio Imaging Technology

A **Medical Radiology and Imaging Technology Laboratory** plays a critical role in diagnosing and treating patients by producing detailed images of the inside of the body

including fractures. These images are used by healthcare providers to detect and monitor diseases, injuries, or abnormalities. The lab utilizes a variety of technologies and techniques to generate these images, which are essential for medical professionals to make accurate decisions. The Medical Radiology & Imaging Technology Laboratory is a vital component of modern healthcare, providing essential tools for the diagnosis and treatment of various medical conditions. With the ongoing evolution of imaging technologies, these laboratories are central to ensuring patient health and well-being.

#### **Faculty Attended Faculty Development Program:**

- Raj Kamal Vibhuti attended a Faculty Development Program on “*Research & Development*” under Malviya Mission Teacher Training Program (MMTTP) of University Grant Commission Organised by MMTTP, Central University of Haryana from 20<sup>th</sup> to 30<sup>th</sup> November 2023.
- Raj Kamal Vibhuti attended a Faculty Development Program on “*NEP 2020 Orientation and Sensitization Program*” under Malviya Mission Teacher Training Program (MMTTP) of University Grant Commission Organised by MMTTP, Central University of Haryana from 6<sup>th</sup> to 15<sup>th</sup> November 2024.
- Ritesh Pandey attended a Faculty Development Program on “*NEP 2020 Orientation and Sensitization Program*” under Malviya Mission Teacher Training Program (MMTTP) of University Grant Commission organized by MMTTP, Central University of Haryana from 3<sup>rd</sup> to 12<sup>th</sup> January 2024.

### Report on Workshop: "Expediting Drug Discovery with Artificial Intelligence"

Date: 4th December 2024

Narayan Institute of Pharmacy successfully organized an insightful workshop on "Expediting Drug Discovery with Artificial Intelligence" on 4th December 2024. The event was graced by the esteemed guest speaker, Dr. Rajnish Kumar, Associate Professor, Department of Pharmaceutical Engineering & Technology, IIT (BHU), Varanasi, who shared his vast knowledge and expertise in the field of pharmaceutical research and artificial intelligence.

The workshop commenced with an engaging introduction to Artificial Intelligence (AI) and Molecular Docking, highlighting their transformative roles in drug discovery. Dr. Rajnish Kumar elaborated on how AI can be leveraged in pharmaceutical research to expedite drug development processes, enhancing accuracy and efficiency. His insights provided participants with a clear understanding of the potential of AI in revolutionizing drug discovery.

The event was structured into two enriching sessions:

**Session 1:** Hands-on training in drug discovery using Artificial Intelligence, where participants learned practical applications and techniques to accelerate research and innovation.

**Session 2:** Practical training in Molecular Docking using Computer-Aided Drug Design (CADD), providing an immersive experience in virtual simulations for drug-target interactions.

The workshop witnessed enthusiastic participation from 60 attendees, including PG and Ph.D. students, as well as faculty members from various colleges. It provided a unique platform for learning cutting-edge technologies, fostering innovation, and enhancing research capabilities in pharmaceutical sciences.

The event concluded with a vote of thanks, expressing heartfelt gratitude to Dr. Rajnish Kumar for his invaluable contributions and to all the participants for their active involvement and enthusiasm. The workshop was a grand success, reflecting Narayan Institute of Pharmacy's commitment to advancing knowledge and promoting innovation in the field of pharmacy

## ***FACULTY OF INFORMATION TECHNOLOGY & ENGINEERING (FITE)***

---

### **A brief description**

The Faculty of Information Technology started its journey in the year 2018 with BCA and subsequently MCA and BTECH courses. We started B.TECH course in the year 2022. We have started BCA with specialization in Data Science and AI in collaboration with IBM. In these last seven years of our eventful journey the intake in Information Technology has grown to approximately 500 students per academic year. In the coming Academic year we plan to start B. Tech (Computer Science- AIML) co-branded with IBM, B. Tech in ECE and B. Tech in Agricultural Engineering. We had also started Full Stack certification courses for our undergraduate and post graduate students by industry experts from IBM. Faculty of Information Technology, Gopal Narayan Singh University has strong and rigorous academic programs that provide students with the knowledge, skills, and competencies needed to further their education and make them industry ready as well as inculcate in the students' various skills that are needed for higher studies.

The department has 6 PhD holders from NITs, Central and State universities. The institute has a very high retention of faculty and staff since it provides all the necessary infrastructure and support to the employees as well to the students. The students can make use of a basketball court, Tennis courts and a very large football ground. Training is provided to the students to improve their performance in placement interviews. Continued efforts are taken by the management for the betterment of the future of the students.

<b>Under Graduate Programs</b>	<b>Sanctioned Intake</b>
<b>Bachelors of Computer Applications (BCA)</b>	60
<b>Bachelors of Computer Applications (BCA)-DS&amp;AI co-branded with IBM</b>	60

## Academic Initiatives:

- The Faculty of IT and Engineering have signed an MoU on 12<sup>th</sup> Aug 2024 with IBM and Cognitel for offering joint value added programs in the department.
- The Faculty of IT and Engineering has started joint BCA program in Data Science and AI with IBM. Faculty from IBM will be teaching the students of BCA in offline mode.
- The faculty of IT and Engineering has started value added courses for its undergraduate and post graduate students. Full Stack certification programs by IBM has commenced in the institute
- Outcome based education (OBE) – a student-centered instruction model that focuses on measuring student performance through outcomes is followed in Faculty of IT and Engineering.
- Skilling courses- Oracle Java Certified Programmer and Full Stack certification course by IBM has started for undergraduate and post-graduate students of Faculty of IT and Engineering.
- IBM has started externship programs for undergraduate and post graduate students of the faculty.
- MoU's with Anix Systems Pvt. Ltd. (Noida) was signed for Placement Engagement
- The Faculty of IT and Engineering organized two ATAL FDP on 5<sup>th</sup> Aug -10<sup>th</sup> Aug 2024- Offline mode and 16<sup>th</sup> to 21<sup>st</sup> Dec 2025 in online mode.
- Arizona Automation, Capline Services, TestOrigen Pvt Ltd, Wizni, Inc., Franciscan soln, Sutherland Global Services, KiwiQA services, 42Gears Mobility Systems, SmartQ, AD Craft had visited for campus interviews and around 45% our undergraduate and post graduate students are already placed before their completion of degrees.

## Activities for the Academic year 2023 -2024

- Engineer's day was organized on 15th Sept 2023
- 2nd International Conference-ICWMR-2024 was organized in the Faculty of Information Technology and Engineering on 10th to 12th Mar 2024.
- Holi was celebrated in the Faculty of IT & Engineering on 25th Mar 2024.

- Voting awareness week was held on 23rd April 2024.
- National Sports Day was celebrated on the birth anniversary of sports icon Mr Dyanchand.
- 78th Independence Day was celebrated in the Faculty of IT with patriotic fervor and enthusiasm.
- Orientation programme, “Deeksharambh” for students of 1st year B.Tech, BCA & MCA students was held on 31st Aug 2025 to help students in getting familiarized with the institution as well as its ethos.
- An orientation program was organized for undergraduate and post graduate students of Faculty of IT & Engineering.
- ATAL FDP on 5th Aug -10th Aug 2024- Offline mode and 16th to 21st Dec 2025 in online mode was organized by Faculty of IT & Engineering.
- UTKRANTI an startup initiative by IIT Mandi and GNSU was held on 18th and 19th Sept 2024. This event was organized by Dr.Rajesh Dey, Faculty of IT and Engineering.
- Festival of lights “Diwali” was celebrated through a Rangoli competition on 20th Oct 2024.
- 3rd Convocation for the pass-out students was held on 16th Nov 2024.
- PhD Thesis on “Data Anonymization in cluster computing using Machine learning algorithm” was submitted to the University in the month of Sept 2024, by Ms. Monika Singh for PhD award. This will be the 1st PhD award from Gopal Narayan Singh University.

### **Details of the Research Activities and Initiatives**

At present Seven PhD scholars are enrolled in the Faculty of IT and Engineering. They are at various stages of research work.

- Mrs. Monika Ratnakar has participated in International Conference on Advance in Engineering, Technology & Business management (ICAETBM - 2024) on 24-25 May 2024 from Pune, Maharashtra.
- Mrs. Monika Ratnakar has participated in National Conference on Advancements in Computer Science and Engg., (NCACSE - 2024). title 'Adaptive Energy management in IoT Networks using Hybrid Swarm intelligence and Deep reinforcement Learning' in 20th June'2024, Bengaluru, Karnataka.
- Mrs. Monika Ratnakar has done 4 hours Workshop from Tech TIP'24, Noida on title 'Data Analyst using Power BI' on dated 7th July'2024.

## **Certifications done by Faculty**

- Dr. Amitava Kar and Dr. Rajkumar Mandal successfully completed and received a passing grade in Deep Learning Analytics (CEDLA1IN, provided by IBMCEP).

- Dr. Rajkumar Mandal, Ms. Monika Singh, Dr. Rajesh Dey successfully completed the course on Hand on Approach AI for real world applications Organized by IIT Kharagpur AI4ICPS. Hub Foundation and TCS-iON.

### **FDP/Workshop/Seminar/Conference Conducted**

- Dr. Rajesh Dey acted as coordinator of 2<sup>nd</sup> International conference on Women in Multifaceted Research(ICWMR-2024), organized by Gopal Narayan Singh University, Jamuhar, Sasaram, Bihar, India on 10-12th March, 2024
- Dr. Ajay Kumar and Dr. K.L.Ambashtha acted as coordinator, AICTE sponsored ATAL FDP on “Machine Learning using Python Programming” held on 5-10 August 2024 in offline mode at GNSU campus.
- Dr. Ajay Kumar and Dr. K.L.Ambashtha acted as coordinator, AICTE sponsored ATAL FDP on “AI-Driven Biomedical Technologies in Healthcare 5.0 and its applications” held on 16-21 December 2024 in online mode at GNSU campus.
- Dr. Ajay Kumar acted as coordinator, Two-Week hands-onworkshop on “Machine Learning using Python and R Programming” held on October 4-16, 2023.

### **Faculty Development Programs attended**

- Dr. Arunava De attended ATAL-AI-Driven Biomedical Technologies in Healthcare 5.0and its Applications at Gopal Narayan Singh University from 16/12/2024 to 21/12/2024.
- Dr. Arunava De attended AICTE Training and Learning (ATAL) Academy, Machine Learning using Python Programming at Gopal Narayan Singh University from 05/08/2024 to 10/08/2024.
- Ms. Monika Singh attended AICTE Training and Learning (ATAL) Academy, Machine Learning using Python Programming at Gopal Narayan Singh University from 05/08/2024 to 10/08/2024.
- Ms. Monika Singh attended ATAL-AI-Driven Biomedical Technologies in Healthcare 5.0and its Applications at Gopal Narayan Singh University from 16/12/2024 to 21/12/2024.
- Dr. Rajesh Dey attended ATAL-AI-Driven Biomedical Technologies in Healthcare 5.0and its Applications at Gopal Narayan Singh University from 16/12/2024 to 21/12/2024.
- Dr. Rajesh Dey attended AICTE Training and Learning (ATAL) Academy, Machine Learning using Python Programming at Gopal Narayan Singh University from 05/08/2024 to 10/08/2024.
- Dr. Amitava Kar attended Machine Learning using Python Programming held at GNSU from 05.08.2024 to 10.08.2024.
- Dr. Amitava Kar attended five days Online Faculty Development Programme Ubiquitous Technology Convergence in Computer Science & Engineering, 15.01.2024 to 19.01.2024.
- Dr. Amitava Kar attended AI-Driven Biomedical Technologies in Healthcare 5.0 and its applications held online from 16.12.2024 to 21.12.2024.
- Dr. Ajay Kumar attended One-week industrial training on “Quantum Computing with Machine Learning” from Jan 27-31, 2025, organized by Indian Institute of Technology, Madras, India.
- Dr. Ajay Kumar attended One day workshop on “Open Access Publishing”, held on 08<sup>th</sup> June 2024, organized by Open Research Funder Group.
- Dr. Kanahaiya Lal Ambashtha attended AICTE Training and Learning (ATAL) Academy, Machine Learning using Python Programming at Gopal Narayan Singh University from 05/08/2024 to 10/08/2024 .
- Dr. Kanahaiya Lal Ambashtha attended ATAL-AI-Driven Biomedical Technologies in Healthcare 5.0and its Applications at Gopal Narayan Singh University from 16/12/2024 to 21/12/2024.

- Dr. Kanahaiya Lal Ambashtha attended five days Online Faculty Development Programme on Recent Trends in Artificial Intelligence and Machine Learning for Smart Computing from 9th Oct to 13th Oct 2023. conducted by Department of Computer Application & Science Institute of Engineering & Management, Kolkata Sponsored by CSI, Kolkata Chapter .
- Dr. Kanahaiya Lal Ambashtha attended five days Online Faculty Development Programme on Machine Learning and its Applications in IoT, Computer Vision and Cloud Computing (MICC-2023). from 10-14 July 2023. conducted by Department of Computer Science and Engineering, National Institute of Technology Jamshedpur .
- Dr. Ajay Kumar attended International Workshop on Data Science and Statistical Modeling: Harnessing Python and R Programming, Organized by Central University Bhatinda, NIT Jalandhar Punjab and Mizan-Tepi University Ethiopia, held on 28 June – 04 July 2023 .
- Dr. Ajay Kumar attended 3 Weeks Winning Camp on “Python Programming” organized by Biotech Engineering and Food Technology, Chandigarh University Mohali, held on 4<sup>th</sup> – 23<sup>rd</sup> July 2023.
- Dr. Rajeev Kumar attended FDP on “Advancements in Next Generation Computing and Communications in the IoT age”, from 19<sup>th</sup> June – 23<sup>rd</sup> June, 2023 organized by Department of computer application and science, Institute of Engineering and Management, Kolkata (India).
- Dr. Rajeev Kumar attended One week Online short term course on Machine Learning and its Applications in IoT, Computer Vision and Cloud Computing (MICC-2023) Organised by Department of Computer science and Engineering, NIT, Jamshedpur, July 10th to 14th, 2023.
- Dr. Rajeev Kumar attended five day Faculty Development Programme on “Advancement in Electrical and Electronics Sciences-Yesterday, Today and Tomorrow” by the Department of Electrical and Electronics Engineering, SVCET (A), Chittoor, Andhra Pradesh, 26th-30th March, 2024
- Dr. Rajeev Kumar attended FDP of AICTE Training and Learning (ATAL) Academy Faculty Development Program on Machine Learning using Python Programming at Gopal Narayan Singh University from 05/08/2024 to 10/08/2024.
- Dr. Rajeev Kumar attended FDP on "Recent Trends in Artificial Intelligence and Machine Learning for Smart Computing" organized by Department of Computer Application and Science, Institute of Engineering & Management, Kolkata, technically Sponsored by Computer Society of India (CSI), Kolkata Chapter conducted from 9th October – 13th October 2023.
- Dr. Rajkumar Mandal attended AICTE Training and Learning (ATAL) Academy, Machine Learning using Python Programming at Gopal Narayan Singh University from 05/08/2024 to 10/08/2024 .
- Dr. Rajkumar Mandal attended AI-Driven Biomedical Technologies in Healthcare 5.0 and its Applications at Gopal Narayan Singh University from 16/12/2024 to 21/12/2024 .
- Mrs. Monika Ratnakar attended ATAL-AI-Driven Biomedical Technologies in Healthcare 5.0 and its Applications at Gopal Narayan Singh University from 16/12/2024 to 21/12/2024.
- Mrs. Monika Ratnakar attended AICTE Training and Learning (ATAL) Academy, Machine Learning using Python Programming at Gopal Narayan Singh University from 05/08/2024 to 10/08/2024 .
- Mrs. Monika Ratnakar has done one week FDP from Amity University, Patna title 'AI/ML Algorithm & Application to ChatGPT' from 15-19 July'2024 in Hybrid Mode.
- Mr. Arup Kadia attended AICTE Training and Learning (ATAL) Academy, Machine Learning using Python Programming at Gopal Narayan Singh University from 05/08/2024 to 10/08/2024 .
- Mr. Arup Kadia attended AI-Driven Biomedical Technologies in Healthcare 5.0 and its Applications at Gopal Narayan Singh University from 16/12/2024 to 21/12/2024 .
- Mr. Arup Kadia attended 5 Days FDP on Advancement in next generation computing and communication in IoT age Institute of Engineering and Mgmt., Kolkata 19 June 23 to 23rd June 23.
- Mr. Arup Kadia attended 5 Days FDP on Recent Trends in AI and ML Institute of Engineering and Mgmt., Kolkata 9th Oct to 23rd Oct 23.

- Mr. Arup Kadia attended One week Short term course on Machine learning and its applications Dept. of CSE, NIT Jamshedpur 10th Oct to 14th oct 23.
- Mr. Ram Krishna Verma attended 5 Days FDP Program, 19th June to 23rd June 2023, Online Mode, in IOT, Institute of Engineering Management, Kolkata, WB .
- Mrs. Sangita Chakraborty attended FDP on Statistical Analysis with Excel Date : 5th June 2023 to 9th June 2023 Mode : online Venue : BPIT .
- Mrs. Sangita Chakraborty attended FDP on Data Analyst Date : 19th June 2023 to 23rd June 2023 Mode : online Venue : ExcelR Solution (AP).
- Mr. Kazi Minhazul Islam attended Deep Learning for Social Impact: Atomic ObjectDetection in Real-World Applications at Narsimha Reddy Engineering College from 03/02/2025 to 08/02/2025.
- Mr. Kazi Minhazul Islam attended AI-Driven Biomedical Technologies in Healthcare 5.0 and its Applications at Gopal Narayan Singh University from 16/12/2024 to 21/12/2024.
- Mr. Kazi Minhazul Islam attended Blockchain Governance Structures and Trust: From Theory to Practice at Birla Institute of Technology Off Campus Jaipur from 23/12/2024 to 28/12/2024.

## **A brief description of the Faculty/Institute/College**

The Faculty of Commerce at Gopal Narayan Singh University was established in 2018 with a clear vision of delivering high-quality education in commerce and business. Recognizing the ever-evolving demands of the corporate world, the faculty is committed to imparting comprehensive knowledge, practical skills, and ethical values that enable students to excel in their professional and personal lives. At the core of our mission is the aim to provide affordable yet professional education, ensuring that students from diverse backgrounds have access to industry-relevant learning experiences. We strive to cultivate graduates and postgraduates who possess strong moral character, leadership abilities, and a deep understanding of commerce-related disciplines. By integrating academic rigor with real-world applications, we prepare students to meet the challenges of today's global business environment.

The Faculty of Commerce offers a robust academic framework, encompassing undergraduate, postgraduate, and research programs. Our flagship courses include B.Com (Hons.) and M.Com degrees, designed to equip students with in-depth expertise in commerce, finance, and business administration. Additionally, we provide research opportunities in specialized fields such as Accounting & Finance, Banking, Business Economics, Human Resource Management, and Entrepreneurship. These programs are meticulously structured to foster critical thinking, analytical skills, and problem-solving abilities, enabling students to make meaningful contributions to their respective industries. Our unwavering commitment to academic excellence ensures that students receive a well-rounded education that extends beyond textbooks. We emphasize experiential learning, industry exposure, and skill development, allowing students to bridge the gap between theoretical knowledge and practical applications. Our graduates are expected to emerge as competent professionals equipped with a broad spectrum of knowledge, technical proficiency, and essential soft skills to thrive in a highly competitive job market. Beyond academics, the Faculty of Commerce is dedicated to nurturing a culture of integrity, responsibility, and ethical business practices. We instill in our students the importance of making ethical decisions, demonstrating professional integrity, and contributing positively to society. Through interactive learning sessions, leadership training, and entrepreneurial development programs, we empower students to cultivate their unique professional identity while embracing core human values.

Ultimately, our goal is to produce globally employable, innovative, and socially responsible commerce professionals who are not only successful in their careers but also capable of driving meaningful change in the business world. Whether they choose to pursue corporate careers, entrepreneurial

ventures, or academic research, graduates of the Faculty of Commerce at Gopal Narayan Singh University are equipped to lead with confidence, competence, and a strong ethical foundation.

On Day 3 (12.03.2024) of the International Conference on Women in Multifaceted Research (ICWMR), the momentum continued with a diverse array of presentations and discussions. Renowned national and international scholars and emerging researchers alike shared their insights on groundbreaking topics, addressing gender disparities and promoting inclusivity in various fields. Workshops and panel discussions further enriched the dialogue, fostering collaboration and inspiring attendees to drive positive change in their respective disciplines.

Celebrated success at GNSU's 2nd International Conference on “*Women in Multifaceted Research*” on 12.03.2024. We are thrilled to announce that two outstanding students from the Faculty of Commerce, Semester 6th, Prachi and Simmy, have made us immensely proud by securing the first and second position in the poster presentation category.

The date 12<sup>th</sup> March 2024 marked a memorable day at GNSU's Faculty of Commerce as we distributed certificates to participants of the ICWMR 2024 conference! It was a joyous occasion held at our department conference room, graced by esteemed faculty members and enthusiastic department students. The event celebrated knowledge exchange, networking, and scholarly pursuits in the field of commerce. Congratulations to all participants for their valuable contributions!

The Faculty of Commerce at Gopal Narayan Singh University orchestrated an exhilarating campus placement drive on 12<sup>th</sup> April 2024, welcoming Star Union Dai-ichi Life Insurance to the forefront of career opportunities. With eager anticipation, students flooded the venue, poised to showcase their talents and secure coveted positions. The atmosphere buzzed with enthusiasm as the interview process unfolded, providing a platform for students to demonstrate their skills and aspirations. Their proactive engagement and enthusiasm resonated with the recruiters, highlighting the caliber and potential nurtured within the university's academic environment. As the event concluded, both students and recruiters departed with a sense of optimism, reflecting on the promising prospects that lay ahead for the next generation of commerce professionals.

### **Cultural Fest “Anugoonjam”**

Faculty of Commerce has organized a cultural fest “Anugoonjam” on 15<sup>th</sup> April 2024 which includes various events viz., collage making, sketch, painting, logo on rangoli making, art & craft, unique dress

from newspapers, photography and poetry-Hindi & English. All students had participated with full enthusiasm and team work.

The Certificate and Medal distribution ceremony of *Anugoonjam* and *SportiCom* was held on 9<sup>th</sup> May 2024. Students have done tremendously well in their respective events. Medal was awarded to 1st, 2nd and 3<sup>rd</sup> Rank holders. Participation Certificates were also distributed to encourage more and more participation next year. The chief guest of the ceremony was our honourable V. C. Sir, Prof. (Dr.) M. K. Singh. Other esteemed guests were also present at the ceremony. Dean of the same faculty, Professor Dr. Ashutosh Dwivedi played his role as the main organizer of the program. Ms. Chitra Rao was the anchor of the organized program. Associate Professor of the faculty, Dr. Vishal Kumar, Assistant Professor Dr. Mayank Kumar Rai and Dr. Navendu Nidhan, along with being the technical assistants of the program, played an important role in the successful organization of the entire program.

## Independence Day Celebration! 🇮🇳

FoC has celebrated our country's 78th year of independence with pride, gratitude, and togetherness. On 15<sup>th</sup> August 2024, we commemorate the bravery and sacrifices that led to India's freedom. We remember the values that make India special – courage, resilience, diversity, and unity.

From August 31<sup>st</sup> to September 3<sup>rd</sup>, 2024, the Faculty of Commerce at Gopal Narayan Singh University (GNSU), Sasaram, hosted the Induction Program "Deeksharambh" for our newly admitted **B.Com** and **M.Com** students. This three-day event was packed with engaging activities designed to welcome our new students and help them integrate into the GNSU community.

Day 1: The program kicked off with an inspiring interaction session where our University Chancellor, Vice Chancellor, and other officials greeted the students, sharing valuable insights and guidance.

Day 2: We were honored to have CA Pallavi Jha from Patna, Mr. Sudeep Kumar Singh, Academic Director, Prof. Kumar Alok Pratap, University Controller of Examinations, and Dr. B. S. Gupta, University TPO, who interacted with the students, providing them with expert advice on academics and career opportunities.

Day 3: The final day was a celebration of talent and enthusiasm! Senior students and alumni shared their experiences, followed by various sports and arts & cultural activities. The new students participated with great zeal, showcasing their talents and making the day memorable.

"Deeksharambh" was a wonderful start to the new academic journey for our students. We look forward to a year of learning, growth, and success together!

### Library Development

- **A Brief description about the Library in your Faculty/Institute/College**

The library at our Faculty of Commerce shared with Faculty of management studies serves as a central hub for academic resources, research support, and intellectual engagement. It plays a crucial role in supporting teaching, learning, and research activities across various disciplines. With its extensive collection of 5645 books, 2815 titled books, 500 total e-books and dedicated staff, the library provides a conducive environment for academic excellence and intellectual growth.

**Number of Books Acquired during 2023-24= 161**

**No of International & National Journals Subscribed during 2023-24 = 20**

### Students' Welfare Activities

- Implemented DRCC Scheme for students
- Aware about Scholarship Scheme so that students get benefited
- Sports facility
- Career Guidance
- NCC and NSS
- Arrangement of Skill Enhancement Programme
- Provides first Aid and health care facilities

### Sports activities

Our Faculty of Commerce has been actively engaged in organizing a variety of sports events and activities to encourage participation, foster healthy competition, and showcase athletic talent.

Two days mega event of Cultural Fest Competition (Events Category- 'Drawing/Painting', 'Art & Craft from waste materials', 'Photography') and Sports Events- Indoor & Outdoor ('SportiCom') was held successfully on 14-15 April 2024.

## दो दिवसीय सांस्कृतिक खेल महोत्सव प्रतियोगिता संपन्न

सासाराम, 16 अप्रैल । वाणिज्य संकाय, गोपाल नारायण सिंह विश्वविद्यालय, जमुहार, सासाराम में आयोजित दो दिवसीय सांस्कृतिक एवं खेल महोत्सव व प्रतियोगिता मंगलवार को संपन्न हो गया। सांस्कृतिक महोत्सव अनुगुंजम के बैनर तले विभिन्न श्रेणियों के कार्यक्रम यथा पोस्टर, स्केच, पेंटिंग, कोलाज मेकिंग, आर्ट एवं क्रॉफ्ट, न्यूजपेपर ड्रेस प्रतियोगिता, डिबेट और कविता पाठ जैसे महत्वपूर्ण गतिविधियों का सफल आयोजन हुआ।

इस दौरान बी.कॉम (आनर्स) एवं एम.कॉम पाठ्यक्रम के छात्र छात्राओं ने बढ़-चढ़ कर अपनी भागीदारी सुनिश्चित किया। कार्यक्रम का शुभारंभ विश्वविद्यालय के कुलाधिपति और कार्यक्रम के मुख्य अतिथि गोपाल नारायण सिंह के द्वारा हुआ। मुख्य अतिथि ने अपने

संबोधन के दौरान समस्त छात्र छात्राओं को बताया कि वाणिज्य (कॉमर्स) समस्त आर्थिक गतिविधियों को समेकित करने और संजोने का बेहतर माध्यम है साथ ही आज के वर्तमान प्रतिस्पर्धात्मक युग में वाणिज्य में रोजगार की असीम संभावनाएं हैं।

कार्यक्रम में आयोजित गतिविधियों के मूल्यांकन हेतु विश्वविद्यालय अकादमिक डायरेक्टर सुदीप कुमार सिंह और परीक्षा नियंत्रक कुमार आलोक प्रताप रहे। कार्यक्रम के आखिरी कड़ी में धन्यवाद ज्ञापित करते हुए वाणिज्य संकाय के डीन प्रोफेसर डॉक्टर आशुतोष द्विवेदी ने युवाओं को संबोधित किया और कहा कि पठन-पाठन के साथ इस प्रकार के आयोजन युवाओं में नैतिक मूल्यों को पिरोने के साथ ही क्रियाशीलता के माध्यम बनते हैं।

## Extension and Outreach activities-

A cleanliness drive was organized by the Faculty of Commerce, Gopal Narayan Singh University, in collaboration with the NCC and NSS, on 23rd September 2024 at Majhar Kund Mountain. The primary objective of this initiative was to promote environmental awareness and encourage responsible waste management among tourists and visitors.

During the event, participants actively engaged in cleaning the area and spreading awareness about proper waste disposal and the harmful effects of plastic usage. Tourists were educated about the importance of maintaining cleanliness in natural tourist spots and were encouraged to minimize the use of plastic products.

The program was coordinated by Dr. Mayank Kumar Rai, Assistant Professor in the Faculty of Commerce and Coordinator of NCC & NSS. The event was successfully conducted under the guidance and supervision of Professor Dr. Ashutosh Dwivedi, Dean of the Faculty of Commerce.

This initiative aimed to instill a sense of environmental responsibility among students and the local community while contributing to the preservation of natural heritage.

## ***NARAYAN INSTITUTE OF AGRICULTURAL SCIENCES***

---

### **A brief description of the Faculty/Institute/College**

Narayan Institute of Agricultural Sciences (NIAS) was established on 15 July 2019, under the Bihar Private University Act, 2013 in the premises of Gopal Narayan Singh University. As the first established private agricultural institute of Rohtas district in Bihar, Narayan Institute of Agricultural Sciences dreamt to promote dissemination of knowledge about agricultural ecosystems among farmers of the district, and students and researchers of agricultural sciences. The Institute has been engaged with its activities since 16<sup>th</sup> July 2019 with the aim of enhancing the state's self-reliance in providing quality education in the field of Agricultural Sciences in order to increase agricultural production and productivity with economic growth keeping in view of increasing population and simultaneous decrease in the cultivable lands under increasing trend of adverse conditions. The institute strictly follows the Norms, Regulation and Syllabus as prescribed by Indian Council of Agricultural Research (ICAR), Ministry of Agriculture, Govt. of India. Narayan Institute of Agricultural Sciences was at first given a place in the building of the Faculty of Law under this University. Full-fledged classes in the independent building of Narayan Institute of Agricultural Sciences started from January 2021 onwards.

Narayan Institute of Agricultural Sciences was established to give the much needed impetus for agricultural development in Sahabad region of the state through agricultural education, research and rapid transfer of improved technologies related to crop production and animal management. Establishment of a Faculty of Agriculture devoted to higher learning exclusively in Agriculture and Animal Sciences was aimed to transform state's traditional subsistence agricultural scenario into modern and science-oriented production system, indeed.

**Academic Programmes and Admissions - Courses offered, Course wise sanctioned Strength and current strength of the student's batch wise.**

Narayan Institute of Agricultural Sciences offers courses from agriculture, horticulture and fisheries for Under-Graduation, Post-Graduation and Doctoral degree programs. All the three disciplines viz. agriculture, horticulture and fisheries are open for Under-Graduation programme, while for Post-graduation and Doctoral programme only some of the departments are open from agriculture and horticulture. A detail of the courses available for learning in NIAS is given below-

**Academic Programmes**

**Coursewise sanctioned strength for the year (2023-24) and current strength of the students:**

Year	Course name	Sanctioned Strength	Students admitted in 2023-24		
			Male	Female	Total
2023-2024	B.Sc. (Hons.) Agriculture	120	67	45	112
	B.Sc. Fisheries	60	1	14	15
	M.Sc. (Horticulture/ Agronomy/ Genetics)	25	7	1	8

## Highlights of Academic Initiatives

### Rural Agricultural Work Experience (RAWE) Programme:

It is conceptualized to reorient graduates of Agriculture and allied subjects for ensuring and assuring employability and to develop entrepreneurs for emerging knowledge intensive agriculture by articulating knowledge, skill, ability and experiences. A total of 192 B.Sc. (Hons.) Agriculture, 21 B.Sc. (Hons.) Horticulture and 3 B.F.Sc. 7th semester students, of NIAS were enrolled and could be provided RAWE/ RHWE exposures and trainings. Under the village attachment program, NIAS provided allotted the students their own villages where students learnt by experience and shared with the farmers the technologies and methodologies that they have learned during their four-year degree program. They interacted with the farmers, collected data related to different disciplines of agriculture like agronomy, soil science, plant pathology, plant physiology, extension education, agricultural economics, animal husbandry & dairying, genetics & plant breeding, entomology, horticulture. For Fisheries student the village attachment program, NIAS allotted the students progressive fish farmers nearest to their residence where students had practical exposure and shared with the farmers the technologies and methodologies that they have learned during their four-year degree program. They interacted with the fish farmers, collected data related to different disciplines of fisheries like aquaculture, fish seed production and hatchery management, reservoir fisheries management, fish feed production, fish and shellfish health management, aquaculture engineering, fisheries extension, socio-economic aspects of fishers/fish farmers, fisheries economics, fish market and related relevant information.

The University was determined to provide the trainings to the students at the best Institutions. Therefore, the students were attached with different prestigious Institutions like ICAR-CISH, ICAR-IISR, ICAR-IIVR, NRC-Litchi, CBRTI, KVK Aurangabad, KVK-Deoghar, KVK Kaimur, KVK Saharsa for their RAWE/RHWE Trainings. RFWE trainings was done at prestigious Institutions, ICAR-CIFE Kolkata Centre.

### ICAR-CISH, Lucknow

ICAR-CISH: (ICAR-Central Institute for Subtropical Horticulture) The ICAR-CISH (ICAR-Central Institute for Subtropical Horticulture) is located at Lucknow, Uttar Pradesh. A total of 24 students were attached with this Institute for a period of one month.

## ICAR-IISR, Lucknow

ICAR-IISR: (ICAR-Indian Institute of Sugarcane Research) is located at Lucknow, Uttar Pradesh. A total of 45 students were attached with this Institute for a period of one month.

## CBTRI, Pune

CBRTI: CBRTI (Central Bee Research and Training Institute) is located at Pune, Maharashtra. A total of 24 students were attached with this Institute for a period of one month.

## **ICAR-IIVR, Varanasi**

ICAR-IIVR: ICAR-Indian Institute of Vegetable Research is located at Varanasi, Uttar Pradesh. A total of 20 students were attached with this Institute for a period of 21 days.

## **ICAR-NRC on Litchi, Muzaffarpur, Bihar**

ICAR-NRC on Litchi: ICAR- National Research Centre on Litchi is located at Muzaffarpur, Bihar. A total of 10 students were attached with this Institute for a period of 21 days.

### **KVK Siris,Aurangabad, Bihar**

KVK SirisAurangabad: This KVK is situated in Aurangabad District of Bihar. A total of 18 students were attached with this Institute for a period of one month.

### **KVK,Deoghar, Jharkhand**

KVKDeoghar: ThisKVKissituatedinDeogharDistrictofJharkhand.Atotalof40 students were attached with this Institute for a period of one month.

## KVK, KAIMUR

KVK Kaimur: This KVK is situated in Kaimur District of Bihar. A total of 06 students were attached with this Institute for a period of one month.

## KVK, SAHARSA

KVK Saharsa: This KVK is situated in Saharsa District of Bihar. A total of 26 students were attached with this Institute for a period of one month.

## ICAR-CIFE, Mumbai

ICAR-CIFE: The ICAR-CIFE (ICAR-Central Institute of Fisheries Education) is in Mumbai, Maharashtra with one of its centres at Kolkata, West Bengal, where the students were attached for their training programme. A total 3 students were attached with this Institute for a period of one month.

## Experiential Learning Programme (ELP)

The ICAR ELP at Narayan Institute of Agricultural Sciences spanned from 1 March February, 2024 to 27 June 2024, during which students actively participated in various experiential learning activities. Whole ELP module has been divided into 4 complete sets. Each set consists of two courses. The details of the ELP have been depicted below in the table.

### Details of M.Sc. Students Thesis

The following are list of students who have completed their post graduate degree program with below mentioned research work.

Sr. no.	Name of Student	Supervisor	Thesis Title
1.	Ms. Sikha Kumari	Dr. Sandeep Kumar Mauriya	Effect of Inorganic and Bio-fertilizers on Growth and Yield of Cowpea [ <i>Vigna unguiculata</i> (L.) Walp.]
2.	Mr. Mukesh Kumar	Dr. Dhananjay Tiwari	Effect of Different Varieties and Spacing on Growth and Yield of Mustard ( <i>Brassica juncea</i> L.)
	Mr. Ambujesh Kumar	Dr. Ankita Rao	Assessment of integrated nutrient management as a performance enhancer in Indian mustard ( <i>Brassica juncea</i> L.)

### Farm Visit & Educational tour

On 15 July 2023 Educational tour of B.Sc.(Hons.) Agriculture IV semester & B.Sc.(Hons.) Horticulture VI semester students of NIAS got a glorious opportunity to explore enriched agricultural milestones of Institute of Agricultural Sciences, Banaras Hindu University under the supervision of Dr. Trisha Sinha, Dr. Arvind Kumar Singh, Dr. Sandeep Kumar Mauriya and Mr. Subhajit Pal, Assistant Professors, NIAS, GNSU .

Educational Tour visit to 'Krishi Yantrikaran Mela' organized by ATMA, Rohtas, Bihar on 5 December 2023, faculty members Dr. Shashan Shekhar Singh and Mr. Amit Kumar assisted in conducting the successful visit.

## Achievement for the Academic year 2023-2024

### Major activities and achievements

Bachelor of Fisheries Science students of Gopal Narayan Singh University, Bihar visited two esteemed fisheries institutes of the country, the ICAR-Central Institute of Fisheries Technology (CIFT) in Visakhapatnam, Andhra Pradesh, and the ICAR-Central Inland Fisheries Research Institute (CIFRI) in Barrackpore, Kolkata, West Bengal. These institutes provided valuable insights into various important aspects of fisheries science, including fish harvesting technologies, fish by-products and value addition, inland fisheries resources, riverine fishery, reservoir fishery, and wetland fishery. Students gained a comprehensive understanding of the institute's crucial activities. Students were accompanied by Mr. Manoj Kumar and Mr. Abhijit Mallik, Assistant Professors, NIAS, GNSU.

The Department of Fisheries Science, NIAS (GNSU, Jamuhar), celebrated 23rd National Fish Farmers Day on 10 July 2023. Mr. Abhijit Mallik, Assistant Professor, highlighted the significance of Fish Farmers Day. Mr. Manoj Kumar, Assistant Professor, briefly explained the fisheries scenario in the country. Professor B. Hasan, Dean, NIAS addressed the students and wished them well for their future. Ornamental fishes were released into the vertical aquarium developed under the guidance of Dr. Rajpal Yadav and Dr. Chetan Garg, Assistant Professors.

NIAS observed Parthenium Awareness Week from 16 to 22 August, 2023. Faculty members and students participated in the inaugural event with great enthusiasm. Prof. H.K. Singh, Director, NIAS, Dr. P. Bisen, Deputy Director, NIAS along with Guests of Honor Prof. V.K. Chandola and Prof. Gopal Singh magnified the importance of the event by their gracious presence and participation. Dr. Sandeep Kumar Mauriya, Assistant Professor cum In-charge Horticulture and Dr. Dhananjay Tiwari, Assistant Professor cum Student Advisor ensured the presence and participation of the students.

On December 23, 2024, the Narayan Institute of Agricultural Sciences (NIAS) hosted a grand one-day event, the Kisan Mela, at the lively campus of Gopal Narayan Singh University (GNSU) in Jamuhar, Sasaram, Rohtas, Bihar, in celebration of National Farmers' Day 2023. The event was inaugurated by Shri Gopal Narayan Singh, the Hon'ble Chancellor of GNSU, with prominent figures from the academic and agricultural sectors in attendance. The Chief Guest for the event was Prof. Panjab Singh, the Hon'ble Chancellor of Rani Laxmibai Central Agricultural University, Jhansi, Uttar Pradesh, who brought invaluable insights into the field of agricultural science. The occasion was graced by various distinguished guests, including Prof. Harikesh Singh, the Hon'ble Visitor of GNSU, Prof. M.K. Singh, the Hon'ble Vice Chancellor of GNSU, and Prof. Jagdish Singh, the Hon'ble Pro-Vice Chancellor of GNSU. Also present were Shri Govind Narayan Singh, the Secretary of Deo Mangal Memorial Trust, and Shri Trivikram Narayan Singh, Managing Director of NMCH, along with other key officials of the University.

The Kisan Mela witnessed active participation from over one thousand male and female farmers from the region, making it a resounding success. The event provided a platform for farmers to interact with industry leaders, agricultural experts, and representatives from various companies and institutions. Reputed companies such as Bayer Crop Science, National Fertilizer Limited, IFFCO, New Holland Tractor, John Deere Tractor, Dayal Crop Science, Kanpur Fertilizer and chemical Limited, Biostadt India Limited, Sudha Dairy, Ramacide Crop Science, VNR Seeds, and Jain Irrigation Systems set up stalls showcasing their products and services that support modern farming techniques. These stalls offered valuable insights on advanced technologies, seeds, fertilizers, crop protection, and machinery to improve productivity and sustainability in agriculture. In addition to the private sector, government banks such as Punjab National Bank, Bank of India, and DCB Bank were also part of the event, discussing financial services and loan facilities available for farmers. These discussions aimed to help farmers efficiently manage their landscape costs and finances during farming seasons, enabling them to optimize their farming operations. Students of the Narayan Institute of Agricultural Sciences also showcased their work by setting up stalls representing various departments of the institute. The event concluded with a ceremony where progressive farmers, students, and stall owners were awarded certificates for their contributions and efforts. Kisan Mela proved to be an excellent platform for knowledge exchange and highlighted the significance of collaboration between

educational institutions, the private sector, and financial institutions to empower farmers and enhance the agricultural sector.

## Library Development

This institute is well-equipped with a well-maintained, beautifully organized library. The library contains multiple numbers of books of all the subjects taught there. Alongside the course hours, every week carries three hours for library visit for the students of all courses. Different teachers are allotted to provide correct guidance in the library. Students have the access to issue three books at a time for two weeks followed by submission and reissuance. Next to the library hall, a study room has been constructed for the students to read and group discussion. They are also encouraged to prepare notes by themselves with the help of books.

The institute's library is located in the institute campus just near to the computer hall having a big reading hall to support and make available reading materials to the undergraduate and postgraduate students, Ph.D. scholars, teacher's and scientists. It has been observed that about 100 students on an average consult the library each day. The library is kept open from 09.00 am to 5.00 pm every day. The facilities available in the library are as follows:

The institutional Library has 1939 books covering all the subjects of Agricultural Sciences such as General Agriculture; Agricultural Economics; Agronomy; Animal Husbandry and Dairying; Entomology and Agricultural Zoology; Extension Education; Farm Engineering; Genetics and Plant Breeding; Horticulture; Mycology and Plant Pathology; Plant Physiology; and Soil Science and Chemistry. The number of books purchased last year was 356. The Library of NIAS subscribes the local Hindi and English newspapers on a daily basis for making the students updated with general knowledge. The library has subscription of E-Delnet which is a major resource sharing library Network in India connecting more than 9000 institutions in 28 States and 8 Union Territories in India and few other countries comprising of Universities, Colleges, R&D organizations, medical hospitals, etc. The library has subscription (monthly/bimonthly) of magazines such as Kurukshetra, Yojana, Kheti, Indian Horticulture, Phal Phool and Indian Farming.

# *FACULTY OF LAW*

## *NARAYAN SCHOOL OF LAW*

---

The Narayan School of Law, under the esteemed banner of Gopal Narayan Singh University, Jamuhar, Sasaram, Rohtas, continues to uphold its commitment to excellence in legal education. Established in 2018 with approval from the Bar Council of India, the Narayan School of Law has swiftly emerged as a beacon of academic brilliance and professional integrity. Offering a diverse range of programs, including B.A.LLB., B.B.A.LLB., LL.B., LL.M., and Ph.D. in Law, we are dedicated to shaping the next generation of legal professionals. The Faculty of Law is one of India's premier institutions. The Narayan School of Law is a place of learning that aims to inculcate ideas among its students that make a difference. We firmly believe in quality legal education; that is the only way to strengthen the roots of the administration of justice in our country, which is the need of the time. We are devoted to preparing outstanding lawyers and legally trained professionals to serve our local, national and global communities & to inculcate among our students the qualities of excellence, integrity and professionalism. We feel proud to announce that in a short period, our students stood runner-up in the All India Moot Court Competition organised by the CUSB, Gaya and the Competition Commission of India, New Delhi. One of our students has also won the award for the Best Researcher. In a remarkable achievement, Mr. Manish Kumar Pandey, a Ph.D. research scholar from the Faculty of Law, has qualified for the prestigious Bihar Higher Judicial Services Examination. Adding to this success, Mr. Anurag Shukla, a student of LL.M., has been selected for the post of Assistant Prosecution Officer (APO) through the Bihar Public Service Commission. With pride in our recent achievements and unwavering commitment to the cause of legal education, the Narayan School of Law remains a premier institution for aspiring lawyers.

## *DEPARTMENT OF JOURNALISM AND MASS COMMUNICATION*

---

### **A brief description**

The Department of Journalism and Mass Communication is dedicated to equipping students with the knowledge and skills essential for the dynamic field of media and communication. The curriculum encompasses key areas such as news reporting, writing, editing, multimedia storytelling, media ethics, and the critical role of media in society. Students are trained to gather, analyze, and present information effectively across diverse platforms, including print, broadcast, and digital media.

The department offers a three-year Bachelor's degree program, a two-year Master's degree program, and a Ph.D. program, providing students with a comprehensive academic journey in Journalism and Mass Communication. Designed to meet the evolving demands of the media industry, the programs integrate innovative pedagogy with specialized courses that foster both theoretical knowledge and practical expertise.

With a team of highly qualified faculty members possessing extensive industry experience and a strong research orientation, the department ensures that students receive top-tier education and mentorship. Additionally, state-of-the-art facilities, including a world-class newsroom studio and advanced media labs, provide students with hands-on training, preparing them for successful careers in journalism, broadcasting, public relations, advertising, and related fields.

### Highlights of Academic Initiatives

The Department of Journalism and Mass Communication has undertaken several initiatives to enhance academic excellence and student learning. These include the introduction of a revised syllabus, the implementation of a mentor-mentee system, additional classes for slow learners, regular lab sessions, and hands-on practical training. Emphasizing a strong industry-academia interface, the department has also launched a lab journal to provide students with real-world exposure. To foster skill development, the department organizes a variety of academic activities and field-based learning experiences. Regular seminars and workshops are conducted to support students' academic growth and professional development. Additionally, the department is equipped with state-of-the-art facilities, including smart classrooms, a high-tech studio, a media lab, and a well-stocked library, ensuring a comprehensive learning environment for students.

### Major activities and achievements during the period 2023-2024

The farewell ceremony for the batch of MAJMC 2022-24 and BJMC 2021-24 was a bittersweet affair. It was a time of celebration and anticipation for the future. The speeches, gifts, and activities all contributed to the atmosphere of joy and nostalgia. As these students bid farewell to their college, they carry with them memories of friendships, growth and the experiences that have shaped their lives. They will forever cherish the memories of their alma mater and the bonds that have sustained them throughout their journey.

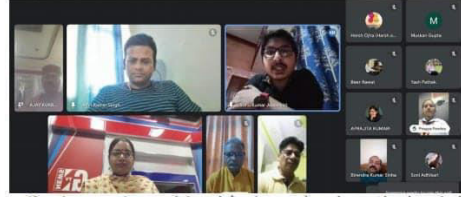

## पत्रकारिता विभाग ने किया हिंदी पत्रकारिता दिवस पर वेबिनार का आयोजन

## Other Activities in the Department

**Title: Enhancing of Library Literacy: Library and Information Science Orientation Program-2024-25**

**Date: 01-08-2024**

**Introduction:** Library orientation programs were conducted at the beginning of the academic year to create awareness among the first year students who were attending to the college for the first time. Generally orientation programs were conducted at the first semester of each academic year.

**Objectives:**

- ❖ To familiarize participants with library resources and services.
- ❖ To introduce participants to information literacy skills.
- ❖ To demonstrate effective search strategies for accessing information.
- ❖ To promote awareness of ethical considerations in information use.
- ❖ To encourage lifelong learning and engagement with library resources.

**About the Program**

**Introduction to Library Resources and Service:** The programme commenced with an overview of the library's physical and digital collections, including books, journals, databases, and online resources. Participants were introduced to library services such as reference assistance, inter-library loan, and research support.

**Information Literacy Skills:** Participants engaged in interactive sessions focused on developing information literacy skills. They learned how to critically evaluate information sources, distinguish between scholarly and popular sources, and cite references accurately.

**Effective Search Strategies:** Practical demonstrations were conducted to demonstrate effective search strategies using library catalogue, databases, and search engines. Participants learned how to formulate search queries, use Boolean operators, and refine search results to locate relevant information efficiently.

**Promoting Lifelong Learning**

The programme emphasized the importance of lifelong learning and the role of libraries in supporting continuous education and professional development. Participants were encouraged to explore various learning resources available through the library and develop a habit of ongoing self-improvement.

**Outcomes:**

1. Increased awareness and understanding of library resources and services.
2. Enhanced information literacy skills, including critical thinking and evaluation.
3. Improved ability to conduct effective information searches and retrieve relevant materials.
4. Heightened awareness of ethical considerations in information use.
5. Cultivation of a lifelong learning mindset and a greater appreciation for the role of libraries in supporting education and research.

**Conclusion:** The Library Science Orientation Programme successfully achieved its objectives of enhancing library literacy among participants and empowering them with the skills and knowledge to effectively navigate the information landscape. By promoting information literacy, ethical information use, and lifelong learning, the programme contributed to the academic and professional development of participants, equipping them with essential tools for success in their endeavors.

## **National Librarian's Day Celebrations:**

**Title:-** Librarian's Day

**Date-** 12/08/2024

**Book Exhibition:** Highlight of the celebrations was the book exhibition organized within the library premises. A diverse collection of books spanning various genres, including literature, science, history, and fiction, was displayed for students to explore. The exhibition aimed to encourage reading habits and showcase the rich resources available in the college library.

### **Student Participation List (QUIZ):-**

**TITLE:BOOK EXHIBITION Date:-20-09-2024 :** Exploring the World of Knowledge: A Report on the Book Exhibition in Library and Information Science The Book Exhibition in Library and Information Science was organized to showcase a diverse collection of books, journals, and other resources relevant to the field of library science. The exhibition aimed to provide participants with an opportunity to explore the latest publications, discover valuable resources, and enrich their knowledge in various aspects of library and information science.

### **Objective:**

- ❖ To highlight recent publications and developments in library and information science.
- ❖ To provide participants with access to a wide range of resources for research and professional development
- ❖ To promote awareness of emerging trends and best practices in the field.
- ❖ To facilitate networking and collaboration among professionals, researchers, and students in library science.

**Event Highlights:** The exhibition featured a comprehensive collection of books, journals, and periodicals covering various topics in library and information science, including information retrieval, digital libraries, and archival studies.

**Demonstration and Presentation:** Throughout the exhibition, there were interactive demonstrations and presentations on key topics and emerging trends in library science. Experts and authors in the field shared insights into their research, publications, and innovative practices, providing attendees with valuable knowledge and expertise.

**Promotion of Library Resources in Library:** The exhibition also served as an opportunity to promote library resources and services, including digital databases, online catalogs, research guides, and reference assistance. Participants were introduced to the wide array of resources available through the library and encouraged to take advantage of these resources for their academic and professional pursuits.

### **Outcomes:**

1. Increased awareness of recent publications, research trends, and best practices in library and information science.
2. Enriched knowledge and skills among participants through interactive demonstrations, presentations, and workshops.
3. Enhanced networking and collaboration opportunities for professionals, researchers, educators, and students in the field.
4. Promotion of library resources and services, fostering greater utilization and engagement among attendees.

5. Strengthened community engagement and support for the advancement of library science and information profession.

## **Conclusion**

The Book Exhibition in Library and Information Science was a resounding success, achieving its objectives of promoting knowledge sharing, professional development, and collaboration in the field of library science. Through its diverse range of resources, interactive sessions, and networking opportunities, the exhibition provided a valuable platform for participants to explore new ideas, gain insights, and connect with peers and experts in the field. The event not only showcased the richness and diversity of library science but also underscored the importance of continuous learning and collaboration in advancing the profession.

## **Title: Workshop Report: The Role of Librarians in Higher Education**

Date: 29/11/2024

**Venue:** - Department of Library and Information Science GNSU.

## **Introduction**

On 29/11/2024 a workshop was conducted in our Department of Library and Information Science, GNSU to shed light on the crucial role of librarians in higher education institutions. Attended by faculty members, librarian, and administrative staff from various degree colleges, the workshop aimed to highlight the evolving responsibilities and contributions of librarians in fostering academic excellence and supporting the learning objectives of higher education.

## **Key Objectives:**

1. To underscore the significance of librarians in the academic ecosystem.
2. To explore the changing roles and responsibilities of librarians in the digital age.
3. To discuss strategies for enhancing library services to meet the evolving needs of students and faculty.
4. To facilitate networking and collaboration among librarians and educators.

## **Workshop Proceedings**

The workshop commenced with an inaugural address by Prof. (Dr.) S.K. Das emphasizing the pivotal role libraries play in facilitating teaching, learning, and research endeavors within higher education institutions. Subsequently, a series of insightful presentations and interactive sessions were conducted, covering a wide range of topics related to the role of librarians in higher education.

### **Topic Covers**

1. The Evolution of Libraries: From Traditional to Digital
2. Information Literacy and Library Instruction
3. Collection Development and Management in Academic Libraries
4. Technology Integration and Library Services
5. Collaborative Partnerships: Engaging with Faculty and Students
6. Assessing the Impact of Library Services on Learning Outcomes

### **Key Takeaways**

1. Librarians are indispensable partners in advancing the academic mission of higher education institutions, offering expertise in information organization, access, and evaluation.
2. The digital transformation has revolutionized library services, necessitating librarians to acquire new skills in information technology and digital librarianship.
3. Information literacy initiatives are essential for equipping students with the skills needed to navigate the vast sea of information effectively.
4. Collaborative partnerships between librarians, faculty, and students crucial for maximizing the impact of library resources and services on teaching, learning, and research.

### **Conclusion**

The workshop provided a valuable platform for stakeholders in higher education to reflect on the evolving role of librarians and explore strategies for enhancing library services in response to changing pedagogical and technological landscapes. Moving forward, continued dialogue, collaboration, and professional development opportunities will be essential for empowering librarians to fulfill their potential as catalysts for academic excellence in higher education.

### **Recommendations**

1. Organize regular workshops and training sessions for librarians to update their skills and knowledge.
2. Foster interdisciplinary collaborations between librarians, faculty, and students to leverage the full potential of library resources.
3. Information literacy initiatives are essential for equipping students with the skills needed to navigate the vast sea of information effectively.
4. Collaborative partnerships between librarians, faculty, and students are crucial for maximizing the impact of library resources and services on teaching, learning, and research.

## **TITLE: A REPORT ON THE QUIZ COMPETITION**

**DATE: 18-12-2024**

### **Introduction:**

The Quiz Competition in Department of Library and Information Science GNSU was organized to promote academic excellence, test participants' knowledge, and foster a spirit of healthy competition among students and professionals in the field of Department of Library and Information Science. The competition aimed to assess participants' understanding of key concepts, theories, and practices in Department of Library and Information Science GNSU while encouraging teamwork, critical thinking, and problem-solving skills.

### **Objectives:**

1. To assess participants' knowledge of fundamental principles and concepts in library science.
2. To promote engagement and active learning among students and professionals in the field.
3. To foster teamwork, collaboration, and communication skills among participants.
4. To recognize and celebrate academic achievement and excellence in Department of Library and Information Science GNSU.

### **Event Structure:**

1. **Selection Process:** Participants were selected through a registration process open to students and professionals in library science. Teams were formed comprising individuals with diverse backgrounds and levels of expertise to encourage collaboration and knowledge sharing.
2. **Quiz Format:** The quiz competition consisted of multiple rounds featuring a variety of question formats, including multiple choice, true/false and visual identification. Questions covered a wide range of topics in, general knowledge including subject's related science and technology,
3. **Moderation and Scoring:** A panel of judges comprising experienced professionals and educators in library science moderated the competition and evaluated participants' responses. Points were awarded based on the accuracy and completeness of answers, with bonus points awarded for teamwork and creativity.
4. **Final Round:** The top-performing teams from the preliminary rounds advanced to the final round, where they competed head-to-head in a series of challenging questions and tasks. The final round showcased the teams' depth of knowledge, problem-solving abilities, and strategic thinking under pressure.
5. **Recognition and Awards:** At the conclusion of the competition, participants were recognized and awarded prizes based on their performance. Awards were given for various categories, including highest overall score, best teamwork, and most creative solutions.

### **Outcomes:**

1. **Assessment of Knowledge and Skills:** The quiz competition provided participants with an opportunity to test their understanding of key concepts and theories in various subjects, identifying areas of strength and areas for further improvement.
2. **Promotion of Engagement and Learning:** The competition fostered engagement and active learning among participants, encouraging them to explore new topics, collaborate with peers, and deepen their understanding of library science principles.
3. **Development of Teamwork and Communication Skills:** Participants developed teamwork, communication, and collaboration skills through the collaborative nature of the competition. Working together to solve challenging questions promoted effective communication and mutual support among team members.

4. **Recognition of Excellence:** The competition recognized and celebrated academic achievement and excellence in library science, motivating participants to strive for excellence in their academic and professional pursuits.

### **Conclusion:**

The Quiz Competition in Department of Library and Information Science GNSU was a dynamic and engaging event that successfully achieved its objectives of promoting academic excellence, fostering engagement, and recognizing achievement in the field of library science. Through its challenging questions, collaborative format, and recognition of excellence, the competition inspired participants to deepen their knowledge, enhance their skills, and strive for excellence in their academic and professional endeavors. The event not only showcased the talent and expertise of participants but also reinforced the importance of continuous learning and collaboration in advancing the field of general knowledge. All the final year and second semester students were participated.

The week began with the decoration of the college library, transforming it into a vibrant space filled with literary themes and motivational quotes. Students and faculty members collaborated to adorn the shelves with colorful posters and banners, creating an inviting atmosphere for visitors.

**Title: - National Library Week from 14 - 20/11/2024**

**Date:- 14/11/2024 to 20/11/2024**

### **Introduction:**

Department of Library and Information Science, GNSU recently celebrated National Library Week with great enthusiasm and fervor. From 14/11/2024 to 20/11/2024 the campus was abuzz with various events and activities dedicated to promoting the importance of libraries and reading among students and faculty.

The week began with the decoration of the college library, transforming it into a vibrant space filled with literary themes and motivational quotes. Students and faculty members collaborated to adorn the shelves with colorful posters and banners, creating an inviting atmosphere for visitors. A highlight of the celebrations was the book exhibition organized within the library premises. A diverse collection of books spanning various genres, including literature, science, history, and fiction, was displayed for students to explore. The exhibition aimed to encourage reading habits and showcase the rich resources available in the college library.

Sri. Gopal Narayan Singh Chairman inaugurated the program of National Library Week by enlightening the lamp and motivated the students to utilize the various books in the library.

To inspire aspiring writers and avid readers alike, several renowned authors were invited to deliver talks and conduct workshops throughout the week. These sessions provided valuable insights into the world of literature, writing techniques, and the significance of libraries in nurturing intellectual growth.

### **Reading Competitions:**

To encourage active participation among students, reading competitions were held across different academic departments. Participants were tasked with reading selected literary works

and presenting their insights through discussions and presentations. These competitions not only fostered a spirit of healthy competition but also promoted a deeper appreciation for literature. Many digital illustration contests often focus on important real-life topics, like social issues. Artists bring attention to things that matter, like the environment, people's rights, diversity, mental health, and current events

On the occasion of National Library week essay ready competition was convened in the college e library on the topic of importance of libraries in women empowerment. In this connection students are involved in writing of essay competition. Prizes were distributed to award winners to encourage their writing skills on specific topics.

**Book Title:** Competition was conducted. Hosting a book title competition among students can be a fantastic way to foster creativity and engage them in the world of literature. Here are some steps to organize such a competition:

It is the study of formal speaking in pronunciation grammar, style and tone as well as the idea and practice of effective speech and its forms. It stems from the idea that while communication is symbolic, sounds are final and compelling.

The National Library Week celebrations at Department of Library and Information Science GNSU were a resounding success, fostering a culture of literacy, learning, and community engagement. Through a diverse range of activities and events, students and faculty members reaffirmed their commitment to the invaluable role of libraries in shaping minds and enriching lives. As the week concluded, the spirit of celebration lingered, inspiring individuals to continue their journey of exploration and discovery through the pages of a book

## **Activity field visit to Library of Banaras Hindu University**

**Title:** Exploring Literary Legacy: Library Visit to Banaras Hindu University with Department of Library and Information Science, GNSU Students

**Date:-** 20/02/2025

### Objectives

- ❖ It furnishes an opportunity to check out books and conduct research work
- ❖ It offers adequate place to study or just a serene environment to flip through a magazine

Upon arrival at Banaras Hindu University, students were greeted by library staff that provided an introductory orientation session outlining the library's layout, collections, and services. Guided tours were organized to familiarize students with the library's physical layout, including designated study areas, reference sections, and specialized collections. Students were encouraged to ask questions and seek clarification, facilitating active engagement and participation throughout the visit.

### Exploration of the resources

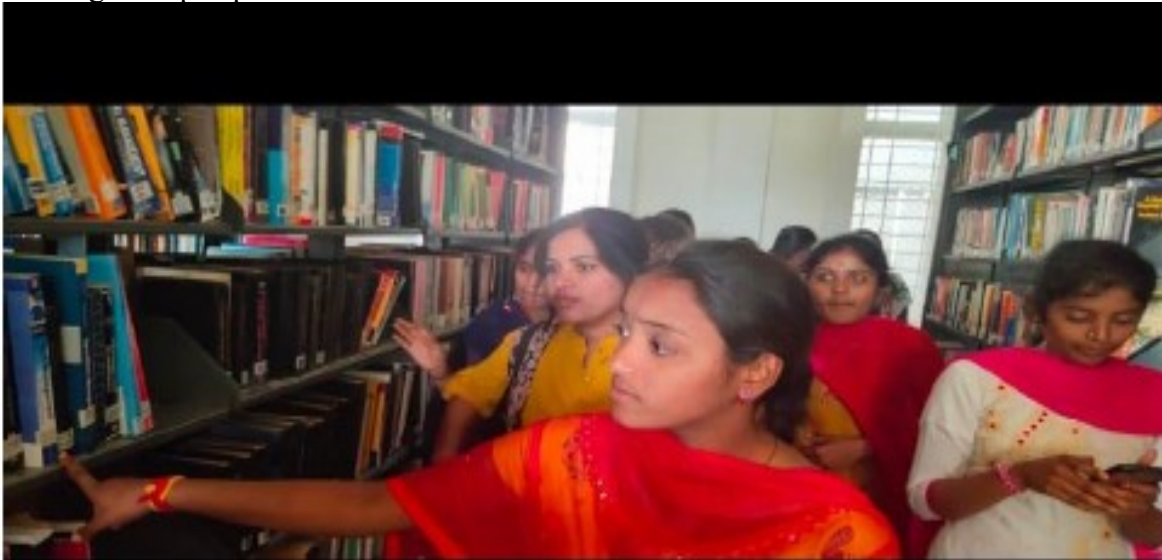

During the visit, students had the opportunity to explore the diverse range of resources available at Banaras Hindu University library, including print materials, electronic databases, and multimedia resources. Librarians facilitated demonstrations on accessing and utilizing online catalogs, scholarly databases, and digital archives, equipping students with valuable research skills and strategies. Hands-on activities and interactive sessions enabled students to discover new avenues for academic exploration and expand their knowledge horizons.

### **Engagement with University Communities**

In addition to exploring library resources, the visit provided students with an opportunity to engage with members of the university community, including faculty, staff, and fellow students. Informal discussions and networking opportunities fostered intellectual exchange, cultural exchange, and interdisciplinary collaboration, enriching students' academic experiences and broadening their perspectives.

### **Feedback**

Following the library visit, students were invited to reflect on their experiences and provide feedback on the visit's effectiveness and impact. Participants expressed appreciation for the opportunity to access a wealth of scholarly resources and engage with a vibrant academic

community. Many students noted the visit's role in enhancing their research skills, expanding their understanding of library services, and inspiring a deeper commitment to lifelong learning and academic excellence.

## **Conclusion**

The library visit to Banaras Hindu University proved to be a valuable and enriching experience for Department of Library and Information Science, GNSU students, providing them with insights into the rich literary heritage and academic resources available at the university library. By fostering collaboration, exploration, and intellectual exchange, the visit reinforced the college's commitment to nurturing well-rounded scholars and empowering students to embark on their academic journeys with confidence and curiosity.

## **Title: - Career Guidance Workshop**

**Date:** 20-07-2024

**Chief Guest: Dr. M P Singh, Professor** - Department of Library and Information Science, Babasaheb Bhimrao Ambedkar University, Lucknow, Uttar Pradesh

We conducted this workshop in the Department of Library and Information Science, GNSU to conduct seminars or tutorials to help the students to develop self knowledge.

This workshop was focused on improving life skills to maintain a positive self-concept, effective behaviors etc., to facilitate educational and occupational exploration – skills to enter and participate in education and training, skills to participate in work.

For a career guidance workshop related to libraries, the theme could focus on exploring various career paths within the library and information science field. Here are some potential themes and topics to cover:

1. "Navigating Careers in Library and Information Science": An overview of the diverse career options available within the library profession, including roles in public libraries, academic libraries, special libraries, archives, and information centers.
2. "Skills and Qualifications for Success": Discussion on the essential skills, qualifications and certifications needed to thrive in different library roles, such as information literacy, cataloging, reference services, digital librarianship, and archival management.
3. "Emerging Trends and Technologies in Libraries": Exploration of how libraries are evolving in the digital age, including trends in digital collections, open access publishing, data management, information retrieval systems, and library automation.
4. "Career Development Strategies": Practical advice on networking, professional development opportunities, continuing education, and strategies for advancing one's career within the library profession.
5. "Diversity, Equity, and Inclusion in Libraries": Examination of the importance of diversity, equity, and inclusion in library services and workplaces, and how librarians can promote these values in their careers.
6. "Job Search and Interview Tips": Guidance on job search strategies, resume writing, cover letters, interview preparation, and “Women empowerment” this leads the women students to encourage their future plans to lead the life without stress. The ability to control their emotions with stress management levels.

7. "Exploring Non-traditional Library Careers": Discussion on alternative career paths for library and information science professionals, such as roles in knowledge management, information architecture, user experience design, information consultancy, and freelance work.

By addressing these topics, the workshop can provide attendees with valuable insights into the diverse career opportunities available in the library and information science field and equip them with the knowledge and resources to pursue their career goals effectively.
