Hon'ble Sir,

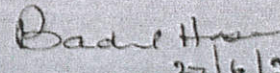

It's matter of guest pleasure that, Narayan Institute of Agricultural Sciences, Gopal Narayan Singh University, Jamuhar is going to celebrate its 4th Foundation Day on July 15, 2023. To commemorate this special occasion, it has been decided to organize a brain storming session on a very pertinent issue "*Technological Advances for sustainable Agriculture*".

Keeping in view of the participation of the many eminent personalities, University officials, Dean/Directors/Principals of the Institutes running under University, all the teachers and students of NIAS, elaborate arrangements will be required for successful organization of the program. It is anticipated that a total sum of Rs. 3.0 Lakh (Breakup attached) will be incurred.

It is therefore requested to kindly accord approval of Rs. 3.0 Lakh for this purpose.

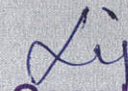

Thanking You

Yours faithfully,

Sub: Regarding educational tour to BHU for B.Sc. (Hons.) Agriculture and Horticulture students

Respected Sir,

Most humbly and respectfully, I, Dr. Trisha Sinha, Assistant Professor, NIAS, GNSU, would like to state you that I have planned for an educational tour relating practical exposure of students from B.Sc. (Hons.) Agriculture IV semester and B.Sc. (Hons.) Horticulture V semester for a course entitled 'Introductory Agro-meteorology and Climate Change' (AGR-222). The course demand practical knowledge of the agro-meteorological instruments for which I have contacted with Prof. M. K. Singh, Department of Agronomy, Institute of Agricultural Sciences, Banaras Hindu University, Varanasi, Uttar Pradesh. Prof. Singh has accepted my request and expressed his wish to give our students practical session on agro-meteorological instruments for a single day. We have agreed to a tentative day for the tour, which is 17/06/2023 (Saturday). The total number of students willing for the practical visit to BHU counts for one hundred and fifty, combining BAG IV and BSH V semesters.

Therefore, you are requested to kindly allow us for the tour on dated 17/06/2023.

We shall be highly grateful to you for your kind supports for this matter.

World Environment Day

Date: 05/ June 2023

The Department of horticulture at NIAS, GNSU, successfully organized a Quiz and plantation on June 05, 2023, to commemorate **World Environment Day**.

World Environment Day (WED) is celebrated every year on **June 5th**. It is an initiative by the **United Nations** aimed at raising global awareness about environmental issues and promoting actions to protect our planet. The day focuses on various environmental concerns, including climate change, pollution, deforestation, biodiversity loss, and sustainable development.

Each year, a different theme is chosen to highlight a specific environmental issue. Governments, businesses, and individuals are encouraged to participate in activities that contribute to environmental protection. Some activities include tree planting, clean-up drives, recycling initiatives, and educational programs.

Would you like to know more about this year's theme, or perhaps ideas on how to participate in World Environment Day.

Both competitions witnessed active engagement and competitive spirit among participants, making the event a resounding success. The program was organized under the supervision of Dr. Sandeep kumar Mauriya Assistant Professor, Department of Horticulture, NIAS, GNSU.

Workshop: Preparing Students For The UGC-NET JRF Examination.

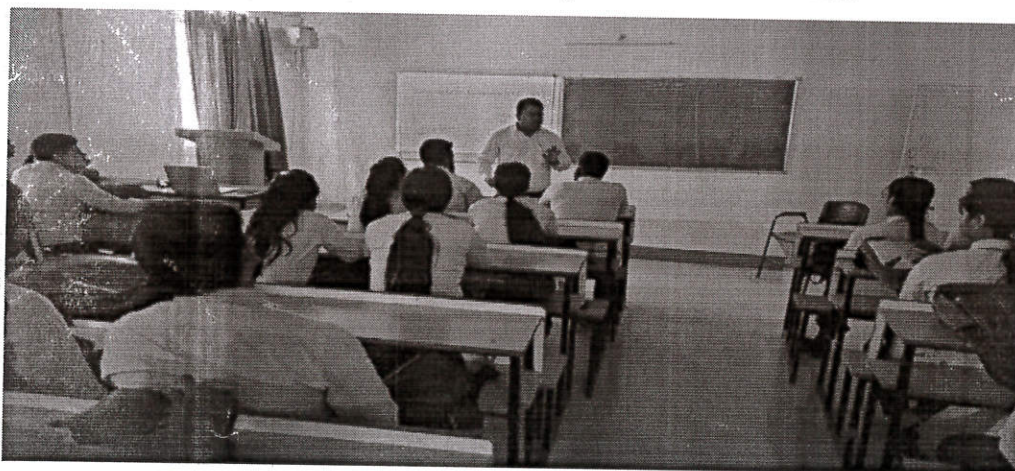

Venue: Seminar Hall FMS

Time: 10:30 AM-12:30 PM

Date: May 16, 2023

On May 16, 2023, the Faculty of Management Studies at Gopal Narayan Singh University (GNSU) conducted a workshop aimed at preparing students for the UGC-NET JRF examination. This initiative was part of GNSU's commitment to fostering academic excellence and supporting students in their professional aspirations.

The workshop was led by Dr. Mukesh Kumar, an Assistant Professor at the Faculty of Management Studies. Dr. Kumar shared his expertise on effective strategies for preparing for the UGC-NET JRF, which is essential for candidates seeking to qualify for Assistant Professor roles and Junior Research Fellowships in Indian universities.

Participants engaged in comprehensive discussions and interactive sessions that highlighted key topics relevant to the UGC-NET syllabus. The workshop not only provided valuable insights into examination techniques but also encouraged networking among aspiring scholars.

This event reflects GNSU's dedication to enhancing educational opportunities and equipping students with the necessary tools to succeed in competitive examinations, thereby contributing to their overall academic and professional development.

MOOT PROBLEM

Union of Indiva is a country situated in an Asiana Country which is sovereign, socialist, secular, democratic republic. The Union of Indiva has a constitution which is the longest written constitution of any sovereign country in the world and is the supreme law in Indiva. Justice, Liberty, Equality and Fraternity form the basic structure of the Constitution of Bharat.

As such Liberty of thought, expression, belief, faith and worship is a key principle of social harmony endorsed by the Constitution of Bharat. Bharat is a Union of States with a government at the Centre and various state governments.

Now, Nagarashtra is a state in the Union of Indiva. It is culturally a very rich state and has huge contribution towards the agricultural and industrial arena in the country. The state, as per the last Census held in 2012 has a population of about 12 crores. Geographically it is the third largest state in the country and is loaded with natural marvels of western ghats, holy rivers, plateau, and even beaches. As per the last census conducted, Hinduism was the principal religion in the state at 79.8 per cent of the total population. Muslims constituted

11.5 per cent of the total population. Nagarashtra has highest number of followers of Buddhism who account for 5.8 per cent of its total population. Sikhs, Christians, and Jains constituted 0.2 per cent, 1.0 per cent, 1.2 per cent of the population respectively. Agriculture being the predominant occupation of a large population in the state, the literacy rate is on the lower side. As such religious practices, even superstitions and rituals, are predominantly and rampantly practiced amongst large number of populations in the state. This, to some extent has also been targeted as hindrance to the state's development and upliftment as per the think-tanks and policy intellectuals.

Religion and holy practices being deeply ingrained in the people of the state from generations, festival celebrations, mass prayers, yagnas and penance, etc. are a normal and rampant practice in the State. The state's religious institutions are well-known on a global scale. The state's many religious institutions primarily provide religious instruction while neglecting secular education, which has significantly lowered the number of employment opportunities for the populace. Due to the state's status as a major pilgrimage destination, the Gurus, Prophets, and other religious figures there are competing for the large sums of money that the pilgrims have donated.

By employing fundamentalist methods and attitudes, the so-called God men have instilled a sense of fear in the minds of their followers, causing additional splits in society and frequently even within families.

When they saw the economic development of other states, the state's youth, who were boiling with rage and frustration, frequently rose against the repressive and oppressive religious rituals that were practised there. On various days and in various locations around the State, a large number of protests were organised by a large number of groups led by moderates, intellectuals, and atheists.

A long and lonesome campaign for an Anti-Superstition Law was fought by Dr. Madan Gupta, a 70-year-old social crusader who was fatally shot on August 20, 2020, at a city in the State of Nagarashtra. The Nagarashtra Governor signed the "Black Magic Prohibition" Ordinance a week after the brutal assassination of Dr. Madan Gupta. From August 26, 2020, it became operative in the State.

The purpose of the ordinance is to outlaw superstitious customs, inhumane rites, and black magic that have been used to oppress and abuse people in the name of religion. This legislation prohibits deceptive and exploitative behaviour because such behaviour has no place in a civilised society. The word "God" or "religion" does not appear once in the entire ordinance.

In order to safeguard the common people in society from evil and malicious activities that thrive on ignorance, this law's primary goal is to bring about social awakening and consciousness in the community and to build a safe and healthy social environment.

Twelve such practices are expressly listed in the proposed Bill. These include claiming to be able to perform surgery using just your fingers or to change the sex of the foetus in the womb, engaging in sexual exploitation while making supernatural power claims, labelling women as witches and inflicting bodily harm on them, offering human sacrifices, and other Aghori customs.

Despite the aforementioned legislation going into effect, superstitious behavior is increasing. The people of the State of Nagarashtra are being taken advantage of by a self-styled Godmen like Sasaram Bapuji, who has accumulated enormous wealth by taking undue advantage of the people's religious beliefs. He began to employ adolescents and abuse illiterate, underprivileged women and children under the guise of religious rites. In order to defend himself and stop the government from taking any action against him, he uses their energy by instructing kids to play with guns and rifles. He uses his supernatural or godlike abilities to seduce women while also abusing many of them sexually. The Nagarashtra government attempted to infiltrate his Ashram to stop his operations, but was unsuccessful on multiple occasions.

In light of the aforementioned facts and conditions, the Care India, an NGO that works to prevent so-called Godman Sasaram Bapuji from taking advantage of people's religious sentiments, has filed a Public Interest Litigation before the Supreme Court under Article 32 of the Constitution of India, contesting the exploitation activities being carried out by the so-called Baba's in their matths and ashrams.

The Petition is now posted for Final Arguments before the Hon'ble Supreme Court of India on the following issues carved out by the Supreme Court;

1. Whether or not the Public Interest Litigation filed by the Care India Foundation Maintainable Under Article 32 for hearing and admission?
2. Whether the activities involving exploitation of religious sentiments of the general public amount to violation of the Fundamental Rights of the people of Nagarashtra and India?

3. Whether the alleged activities are against the secular structure which forms a basic structure of India as enshrined in the Preamble of the Constitution of India?
4. Whether restricting these Matths / Ashrams would infringe on people's fundamental freedoms to practice the religion of their choice?
5. Is it necessary to modify / amend / alter the current laws in order to deal with such Godmen sternly?

Competition Proposition

NATURAL MINING CORPORATION- BARUTO DISPUTE

THE BACKGROUND

1. **Natural Mining Corporation ("NMC")** is a Private company involved in mining and mineral Extraction in the Country Winterfell. It is involved in the exploration of iron ore, copper, rock, phosphate, limestone, dolomite, gypsum, bentonite, magnesite, diamond, tin, tungsten, graphite, crude oil etc. It is Winterfell's largest ore producer and exporter, producing more than 35 million tons of ore from three mechanized mines in the country. It also operates the only mechanized diamond mine in the country. It is the World's third largest ore producer and mineral extractor.
2. NMC'S board of directors is composed of accomplished professionals with very diverse backgrounds, some of them appointed through political connections with the government, others by private shareholders. NMC has the largest industrial complex of winterfell: **The Sabody Complex ("sabody")** which comprises administrative, operational, and industrial facilities, along with an energy plant and a private port, dedicated exclusively to shipping mineral ores to foreign clients. Minerals extracted from NMC's mining sites are transported quite far, travelling hundred of kilometers from the mining site to the sabody complex.
3. Due to its high oil dependency, Winterfell encourages domestic and international companies to aggressively undertake off-shore drilling activities in its Exclusive Economic Zone (EEZ) in the hope to discover a large number of oil sources, which would take care of its future energy security.

4. **Baruto & Uzumaki Corporation ("Baruto Corp.")** is a multinational conglomerate, with business interests in engineering, construction, manufacturing, technology and financial services, headquartered in Riverrun, Winterfell. As of 2020, Baruto Corp. is comprised of 118 subsidiaries, 6 associates, 25 joint-venture and 35 joint operations companies, operating across basic and heavy engineering, construction, realty, manufacturing of capital goods, information technology, and financial services. Four key products/services which Baruto is engaged in are Construction and project-related activities; manufacturing of mechanical equipment and alike activities; Engineering services and Financial- Insurance Services.
5. The Construction division of the group, **Baruto Construction LLC ("Baruto LLC")** has evolved into one of the leading building contractors in the country with a well-established record for timely delivery and customer satisfaction. With a wide project listing of Residential Units, Airports, Hotels, Industrial Facilities, Marine Construction Facilities, Hospitals and Healthcare Centres, Commercial and Retail buildings including Winterfell's largest industrial complex, the Sabody and the recent Fashion Avenue Expansion.
6. The Insurance company of the group ("**Hebi**"), is one of the leading financial enterprises in Winterfell. Since, its creation Hebi, has commanded a monopoly of soliciting and selling insurance in Winterfell, making huge profits and was contributing highly to Winterfell's GDP. Hebi has been at the forefront of designing and implementing complex covers for large customers, such as Tunaka and Tunaka Constructions, Gold International Airport Ltd., Star Metro Rail Corporation etc.

THE DEAL

7. NMC and Baruto Corp. had a long-standing relationship with each other. For the last fifteen years Baruto Corp.'s construction company, Baruto LLC, Baruto Corp.'s Mechanical Company, Baruto Mechs. and information technology company, Baruto Software ("**Baruto Soft.**") have been working together on an innumerable number of projects. From years of such a trustworthy relationship, even the market was aware of their iron-clad partnership. So, when NMC was awarded a mega project for off-shore drilling activities in the EEZ Zone by the government of Winterfell everyone was already aware of who will be its Construction, Mechanical and IT Partner.

8. On April 1st 2018, NMC and Baruto Group (representing all four of its companies namely, **Baruto LLC, Baruto Soft., Baruto Mech. and Hebi**) came into a formal agreement, that to enable NMC to proceed with the oil extraction contract, a new establishment will be constructed by Baruto Group. This new establishment will be located on the western banks of Winterfell which is nearest to the EEZ area in which NMC has been allotted the extraction contract.
9. The new establishment shall be called the Arkham Downtown and will comprise of Sabody Complex II, as the first one was too far from the allotted EEZ area and the transportation cost would exhueme any surplus. It would also include fourteen residential buildings, seventeen commercial buildings and a private port. The agreement also envisaged the construction of the **Mobile Drilling Unit ("MDU")** for undertaking deep-sea explorations within the EEZ, from where oil is discharged and various other related equipment, including a line of heavy machinery, used to transport oil from the sea bed to land. The cost of the entire project was to the tune of \$720 Million.
10. Hebi entered into one of NMC's most substantial insurance contracts, covering the Sabody Complex II, the private port of Arkham Downtown, the new fourteen residential buildings, MDU and related equipment, but excluded the seventeen office buildings. This was the first occasion when NMC chose Hebi as its insurer for such a huge project. The insurance cover was for a total of \$460 Million.
11. Under the terms of the contract, the MDU was to be constructed first and made operational by January 2019. Thereafter, Sabody II along with the port was to be made operational by October 2019, followed by the residential buildings by September 2020 and finally the commercial buildings by December 2020. The whole contract was dependent on the fundamental fact that NMC had to begin its drilling operations by January 15, 2019. Any delays in the stipulated time would cause unnecessary losses to NMC.

THE DISPUTE

12. The Project commenced and the troubles followed. As soon as work started on the MDU the Chief Engineer of Mechanics at Baruto Mechs. quit the company owing to some internal issues with the upper-management. Till July 2018, no such substantial work was undertaken on the MDU front. NMC's tried to contact Baruto Mech. but to no avail. Baruto Mech. appointed its new Chief Engineer of Mechanical Division who was specialized in the construction of Marine Mechanical Equipments on 13th December 2018.

13. On January 1, 2019, when the stipulated time for delivery of MDU was scheduled then only 23% of the construction work of the same was completed. NMC was shocked to see such an approach taken by Baruto Mech. even though they have long standing relations. Even on the construction front at land the Baruto Corp.'s construction company, Baruto LLC was lagging by months.
14. After a series of heated discussions between NMC and Baruto Corp.'s top management, the rest of the work on MDU was completed by July 2019 and the same was handed over to NMC on 15th July 2019. During this period not even a single drop of oil was extracted. Sabody II was delivered to the owners after thirteen months' delay and the port was made operational after fifteen months' delay.
15. But even before the Sabody II and the new port could ever be used to store and transport the extracted oil, on the night of 2 December 2020, an explosion occurred on the oil rig. The ensuing fire engulfed the entire MDU, causing it to collapse and completely sink. Most of the crew survived, but two engineers could never be found. Although the investigations are still ongoing, as to what transpired is that the MDU malfunctioned and triggered a series of events, leading to the accident and the uncontrolled pouring of oil from the MDU storage into the sea, estimated at 2 million oil barrels, over the next 60 days.
16. At the time of the accident, the MDU was located only 250 kms from the coast of Winterfell. Initial estimates indicate that the oil slick fouled 400 kms of the western shoreline of Winterfell. Most of the affected areas on the coastal border consisted of valuable and protected wetland areas, which formed a unique and interlinked ecosystem. A significant part of about 50 kms on the side of the country's borders consists of forest areas, which were all affected.
17. Such heavy damage caused to the rich features of the country caused the government to intervene with a demand for compensation reaching over a hundred and fifty million dollar. Being under the veil of insurance, NMC approached Hebi with its list of claims including the damage caused to the seabed, the natural features of the company and the damage in equipment and revenue caused to NMC.
18. On the pretext of NMC having approached Hebi for claiming the insurance money on MDU, on the residential buildings as the same were no longer in a condition to be sold owing to the extensive damage to the coastline, and the one hundred- and fifty-million-

dollar compensation demanded by the Government for the damage to the natural resources of the country, Hebi rejected the entire claim for the following reasons:

- a. The MDU exploded due to maintenance failure and unwarranted risk enhancement; not covered by the policy. Hebi's management accused NMC of having a history of negligent management of their risks and bad faith attempts to use the insurance money for easy profiting and reforming their plants.
- b. The use, impairment and endangerment of natural resources - such as air, water, land, flora and fauna - are commonly considered in the law and economics literature as external costs of production generated by the industry. The environment is a public good and, therefore, pollution can be conceived as a negative externality; Standard business liability insurance often excludes loss caused by pollution and environmental damage, or only provides cover in limited circumstances thus cannot be claimed as insurance in the present case.
- c. The damage to the equipment stems from the damage caused by the MDU explosion which was caused due to maintenance failure, such damages emanating from the negligence of the party cannot be claimed under insurance.
- d. Under the contract, NMC was to make full payment of the \$490 Million to **Baruto LLC, and Baruto Mech** for the MDU, Sabody II and the Port by January 2020. But till September 2021 only \$180 Million had been paid that to not at the stipulated periods. These erratic payments were also cited as a reason for the initial delay in the delivery of the various parts of the project.

THE CURRENT STATUS OF DISPUTE

19. NMC expressed that it was infuriated by Hebi's bad faith contractual defences as a means to avoid a clear-cut case of compensation and for rejecting a national champion, despite strong and timeless support from the Government. The company believes that all rejected claims were righteous and reasonable and thus, wants to sue Hebi for rejecting its claim. On receiving such information about NMC wanting to sue Hebi, Baruto Corp. requested NMC to settle the issue through mediation, which NMC has accepted.

EVENT REPORT SUMMARY

1st NSL Intra Mediation Competition, 2023

Name of Competition: 1st NSL Intra Mediation Competition, 2023

Organized by: ADR Society, Narayan School of Law, Gopal Narayan Singh University, Jamuhar, Rohtas, Bihar

Release date of the Competition: 6th January, 2023

Registration Date: 6th – 20th January, 2023

Date of Competition: 3rd – 4th February, 2023

Mediation is an ADR process where an independent third party, the mediator, assists the people in dispute to identify the issues, create room for options, and widen the horizon of alternatives thus striking a balance between both parties to reach an agreement. However, the mediator acts as a facilitator and does not have a binding force to it. This concept of ADR is relatively new, so making it a part of the academic activities for the students helps them not only to enjoy but learn and understand this system.

ADR Society, Narayan School of Law organized the **1st NSL Intra Mediation Competition, 2023**. A week before the commencement of the competition, the ADR Society received an overwhelming response from the students and rigorous training sessions were conducted. A total of 16 teams were registered; among them, 08 teams participated in this competition. The competition officially commenced, followed by the Preliminary Round at 10:00 AM in four different courtrooms, and was adjudged by a total of 10 judges. The top 2 teams progressed to the semi-final round based on their scores in the Preliminary round.

The Final phase of the competition commenced at 10:00 am on 4th February, 2023 where Prof. Dr Rakesh Verma, Director, Narayan School of Law, Asso. Prof. Dr Mr. Vinod Kumar Sajor, Asst. Prof. Mr. Subodh Kumar Singh graced the final round as the judge. The round was contested by Team Codes – 01 and 02.

Keeping in high traditions of the legacy of the Narayan School of Law, the competition ended with its Valedictory Session on 4th February, 2023 at 12:30 PM. The Valedictory session was illuminated by Prof. Dr Rakesh Verma

A Report World Toilet Day Awareness

Location: Deoria Village

On November 19, 2022, the Rural Management students, in collaboration with the National Service Scheme (NSS) at Gopal Narayan Singh University, orchestrated a transformative campaign in Deoria village, Rohtas, marking World Toilet Day. Led by Dr. Pramod Kumar, Kheyali Roy, and Shaurya Prakash, the program aimed to enlighten the community about the significance of sanitation and the perils of open defecation.

The day commenced with a rallying of students alongside the children of Deoria village, symbolizing a collective commitment to fostering change. Through engaging interactions, the students elucidated the benefits of toilets and underscored the adverse effects of open defecation, emphasizing the importance of embracing proper sanitation practices.

Central to the initiative were the impactful street plays staged throughout the village. These performances served as powerful mediums for conveying the consequences of open defecation in a manner that resonated with the audience. Spectators were moved to reflection and action as they witnessed vivid portrayals of the health, environmental, and social ramifications associated with inadequate sanitation.

Furthermore, the program facilitated the dissemination of crucial information regarding government schemes aimed at promoting toilet construction. Villagers were sensitized to the resources and support available, empowering them to take proactive steps towards improving sanitation infrastructure within their community.

Through the concerted efforts of the students, NSS, and community members, the initiative yielded tangible results. Awareness was heightened, misconceptions were dispelled, and a sense of agency was instilled within the villagers, driving them towards sustainable practices.

In conclusion, the World Toilet Day initiative led by Gopal Narayan Singh University stands as a testament to the power of education, collaboration, and grassroots activism in effecting positive change. As we reflect on this successful endeavor, let us reaffirm our commitment to ensuring access to sanitation for all and continue our journey towards a healthier, more hygienic future.

Special Guest Lecture on the topic of "Life Management"

Date: September 12, 2022

Venue: Auditorium I (GNSU)

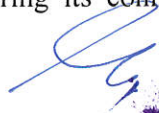

On September 12, 2022, the Faculty of Management Studies, Gopal Narayan Singh University, had the distinct honor of welcoming Prof. N. L. Sharma, Former Dean of the Faculty of Commerce, MJP Rohilkhand University, Bareilly. Prof. Sharma graciously delivered a Special Guest Lecture on the topic of "Life Management," providing valuable insights and thought-provoking perspectives to students and faculty members alike.

The session was a unique opportunity for attendees to benefit from the wisdom and vast experience of Prof. Sharma, a distinguished academic and accomplished professional. His lecture explored practical and philosophical approaches to managing life effectively, offering guidance on handling personal and professional challenges with poise and resilience. The session was not only enlightening but also deeply inspiring, leaving attendees motivated to adopt a balanced and meaningful approach to life.

The event reflected the university's commitment to enriching the academic environment by inviting accomplished scholars to share their expertise. Both students and faculty expressed profound appreciation for Prof. Sharma's engaging and insightful presentation. His ability to connect with the audience and address their queries made the session both interactive and impactful.

This Special Guest Lecture on Life Management serves as a reminder of the importance of nurturing holistic growth alongside academic learning. Gopal Narayan Singh University continues to uphold its tradition of organizing such events, fostering an environment of inspiration and intellectual curiosity. The presence of Prof. N. L. Sharma made the day unforgettable, reinforcing the university's dedication to empowering its community with knowledge and wisdom.

Workshop and Entrepreneurship Awareness Program

Date: 09-09-2022

Venue: Auditorium I (GNSU)

Today, Gopal Narayan Singh University organized an inspiring Workshop and Entrepreneurship Awareness Program for MBA and BBA students in the Central Auditorium on 09-09-2022. This initiative aimed to nurture entrepreneurial mindsets and equip students with practical knowledge to navigate the dynamic business environment.

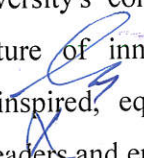

The event was honored by the presence of distinguished speakers who shared their expertise and experiences. Mrs. Kiran Srivastava, General Manager of the District Industries Center, Rohtas, addressed the gathering with insightful perspectives on entrepreneurship, emphasizing the importance of government support in empowering startups and small businesses. Her session inspired students to explore opportunities in entrepreneurship and pursue innovative ventures.

Mr. Sunil Kumar, Assistant General Manager of NABARD, Rohtas, elaborated on the role of financial institutions in fostering rural entrepreneurship and development. His address shed light on the significance of financial planning and support for entrepreneurial success, particularly in rural and semi-urban contexts.

Mr. Bibhakar Jha, Lead District Manager of Punjab National Bank, Rohtas, provided valuable insights into accessing banking facilities and resources for budding entrepreneurs. His practical advice and guidance motivated students to consider how financial institutions can be strong allies in their entrepreneurial journey.

This Workshop and Entrepreneurship Awareness Program offered a platform for students to engage with industry leaders, broaden their horizons, and deepen their understanding of the entrepreneurial ecosystem. It reflects Gopal Narayan Singh University's commitment to creating opportunities for holistic growth and fostering a culture of innovation and entrepreneurship among its students. The event left attendees inspired, equipped with actionable knowledge, and eager to embark on their paths as future leaders and entrepreneurs.

Amrit Year of Independence

Venue: FMS, GNS Univerty ,Rohtas

As we stand on the threshold of the Amrit Year of Independence, we are presented with an extraordinary opportunity to reflect on our nation's journey and its incredible achievements. The Amrit Year of Independence is not just a time to commemorate the struggles of those who fought for our freedom, but also a time to honour the progress we have made and the potential that lies ahead. As students of the Faculty of Management Studies, you are uniquely positioned to contribute to this progress—through innovation, leadership, and unwavering dedication to building a better India. Students of FMS, Gopal Narayan Singh University are celebrating the Amrit Year of Independence. Quizzes, Essay, Posters, Rallies, Awareness, and Participating in Flag Hoisting in Schools are some of the events organised.

As part of celebrating the Amrit Year of Independence, organizing engaging and meaningful activities for students can help create a sense of pride, unity, and awareness. Here are some exciting ideas for games and activities that can bring the spirit of freedom and progress alive:

1. Quiz Competition:

Theme: "India's Freedom Struggle and Independence Journey"

- **Format:** A fun and interactive quiz competition where students are asked questions related to India's freedom struggle, prominent leaders, historical events, and the nation's achievements post-independence.
- **Rounds:** Multiple rounds, such as General Knowledge, True or False, and Picture Round (showing images from historical events).
- **Purpose:** To educate students about the historical significance of India's independence and its current relevance

2. Essay Writing Competition:

Theme: "My Vision for India's Future in the 75th Year of Independence"

- **Format:** Students write essays on how they envision India's growth in the next 25 years. They can incorporate areas like technology, economy, education, or social development.
- **Purpose:** To stimulate critical thinking and provide a platform for students to express their hopes and ideas for a progressive and self-reliant India.

3. Poster Making Competition:

Theme: "Celebrating India's Achievements"

- **Format:** Students create visually compelling posters depicting India's journey post-independence—focusing on key milestones like economic growth, space achievements, or cultural diversity.

THE AMRIT YEAR OF INDEPENDENCE

August 14, 2022

The celebration of the Amrit Year of Independence on August 14, 2022, was a vibrant and meaningful event that commemorated 75 years of India's independence. The program was designed to honor the sacrifices of freedom fighters, instill a sense of pride in India's achievements, and inspire citizens to contribute to the nation's future. A variety of activities were organized, including quizzes, essay competitions, poster-making, rallies, and awareness campaigns, engaging participants from diverse backgrounds.

The objectives of the event were multifaceted. It aimed to educate participants about India's rich history and the struggles that led to independence. By fostering creativity through essays and posters, the program encouraged individuals to express their thoughts and visions for the nation. Rallies and awareness campaigns were instrumental in spreading the message of unity, patriotism, and the importance of active citizenship.

The outcomes of the celebration were profound. The quizzes and essay competitions enhanced participants' knowledge and understanding of India's journey to freedom. Poster-making activities showcased the artistic talents of individuals while promoting themes of national pride and unity. The rallies brought communities together, creating a sense of collective purpose and solidarity. Awareness campaigns successfully highlighted critical issues such as environmental conservation, social equality, and the role of citizens in nation-building.

Overall, the Amrit Year of Independence celebration was a resounding success, leaving a lasting impact on participants and communities. It not only honored India's past but also inspired hope and determination for a brighter future. The event reinforced the values of patriotism, creativity, and unity, ensuring that the spirit of independence continues to thrive in the hearts of all Indians.
