Date: December 28, 2024

Venue: Sasaram

The Faculty of Management Studies, Gopal Narayan Singh University, Jamuhar, Bihar, in collaboration with SURAJE, Rohtas, organized a transformative Village Immersion Program for BBA RM students on December 28, 2024. This initiative aims to bridge the rural-urban divide while providing students with an enriching learning experience that blends academic understanding with real-world exposure.

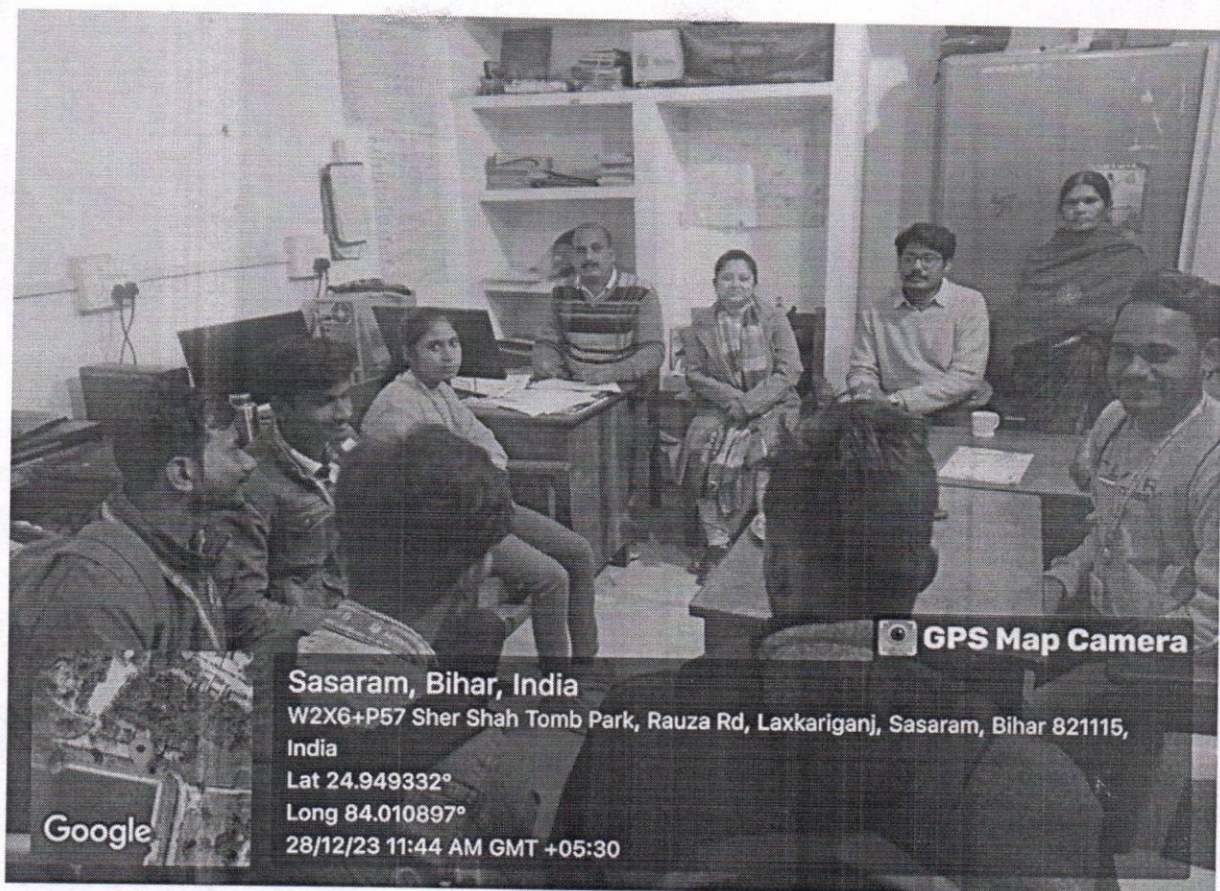

The Village Immersion Program focuses on immersing students in the daily lives of rural communities in Sasaram. Through this initiative, participants engage with various aspects of village life, including agricultural practices, local traditions, and cultural festivities. This approach enables students to gain a holistic understanding of the opportunities and challenges faced by rural populations.

Supported by SURAJE, a non-profitable organization working in Rohtas district, and community leaders, the program has made a notable impact in fostering mutual understanding and collaboration. Participants report transformative shifts in their perspectives, as they witness firsthand the resilience, resourcefulness, and vibrancy of rural life. The initiative also received a warm welcome from local village leaders and residents, who see it as a platform for breaking down barriers and encouraging dialogue.

The success of this program highlights its potential as a model for experiential learning. Encouraged by the positive reception, organizers plan to expand its scope to include more villages and participants in the coming years. This innovative approach underlines Gopal Narayan Singh University's dedication to academic excellence and its commitment to empowering students with practical skills and insights. By bridging the gap between theory and practice, the Village Immersion Program reaffirms the university's role in nurturing socially aware and future-ready leaders. It remains a beacon of impactful and inclusive education for communities and students alike.

Daan Utsav

Date: December 2, 2023

On December 2, 2023, Gopal Narayan Singh University, in collaboration with Neev ki Eent Foundation, proudly organized the inaugural program "Daan Utsav" on the occasion of International Anti-Slavery Day. This initiative highlighted the shared commitment of both organizations towards uplifting one of the most marginalized communities—brick-kiln laborers and their families in Rohtas District.

Neev ki Eent Foundation, a grassroots NGO under its flagship Project Swabhimaan, has been tirelessly working to empower these laborers and improve their quality of life. Through Daan Utsav, the foundation aimed to extend its support and amplify its message of equality and compassion. This campaign was meticulously designed to address the critical needs of brick-kiln workers, fostering hope and transformation within the community.

The program featured a range of activities and discussions, shedding light on the challenges faced by these workers while celebrating their resilience and contributions. Daan Utsav served as a platform to promote awareness about the harsh realities of modern slavery and inspire collective action to eradicate it. The event was marked by meaningful exchanges between students, faculty, community leaders, and members of Neev ki Eent Foundation, creating a space for collaboration and empowerment.

This initiative reflects the unwavering dedication of Gopal Narayan Singh University to foster positive social change and champion the rights of marginalized communities. By supporting efforts like Daan Utsav, the university reaffirms its commitment to nurturing socially responsible leaders who can advocate for dignity and justice for all. The success of this program stands as a beacon of hope, inspiring further initiatives to bridge societal gaps and create a more inclusive future. It was truly a remarkable day of unity and compassion.

Poster Presentation

Venue: FMS,GNSU

On November 14, 2023, the students of the Bachelor of Business Administration - Rural Management, Semester 5, at Gopal Narayan Singh University showcased their creativity and research skills through a poster presentation. The event provided a platform for students to delve into pertinent rural management topics, sparking engaging discussions and fostering deeper understanding.

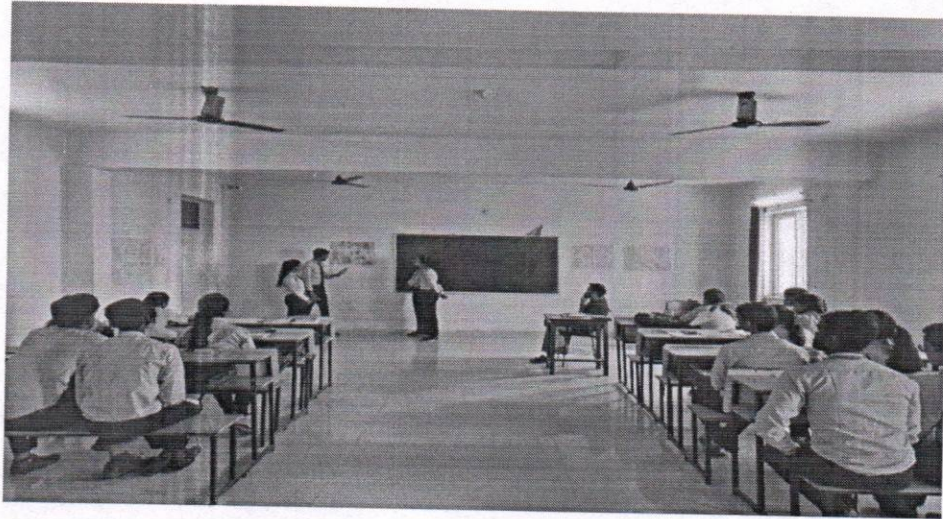

Three impactful topics were chosen for the presentations:

1. **Changing Attitudes in Rural India: A Grassroots Worker's Struggle for Clean Water and Toilets** This presentation highlighted the transformative efforts of grassroots workers in addressing the critical need for clean water and sanitation in rural communities. It emphasized the challenges and triumphs in shifting attitudes towards hygiene and the importance of sustainable solutions.
2. **Challenges of Marketing Agro Products** The students explored the hurdles faced in marketing agricultural products, including supply chain inefficiencies, lack of market access, and pricing challenges. Their poster provided innovative strategies to improve market reach and empower rural farmers.
3. **Fertilizers to Farmers** This presentation focused on the vital role of fertilizers in enhancing agricultural productivity and the barriers farmers face in accessing them. It addressed supply chain issues, affordability, and the importance of educating farmers about efficient fertilizer use.

The poster presentation was a testament to the students' dedication and the Faculty's commitment to nurturing future rural management leaders. The event allowed participants to connect theory with practice while inspiring innovative solutions to pressing rural issues. It served as a milestone in empowering students with knowledge and confidence to contribute meaningfully to rural development. Such initiatives underscore the Faculty's vision of shaping socially responsible professionals ready to address real-world challenges with creativity and competence.

Subject: Farmer expert interaction on crop production of *Rabi* season & quality seed distribution among the farmers.

Hon'ble Sir,

I am pleased to inform you that Narayan Institute of Agricultural Sciences is going to organize a "Farmer expert interaction on crop production of *Rabi* season & quality seed distribution among the farmers" on 09/11/2023 at 3:00 PM.

A group of more than 50 interested farmers have been invited from nearby villages of our University. As we have already successfully conducted the FLD's programme among 100 farmers during last year of *Rabi* season. In light of this, we believe that an interaction between our farming community and expert in the field could provide valuable insight and solution to crop production and non-availability of quality seed materials on time.

Therefore, it is requested to kindly grant the permission to organize the above said programme.

Thanking you.

I take it with immense pride to know the Moot Court Society of Narayan School of Law had developed vibrant moot culture by consistently organizing workshops on moot courts, intra moot court competitions & National Moot Court Competition in the Faculty of Law. Moot court exercises are prescribed in the syllabus by the Bar Council of India for a comprehensive development of lawyering, enriching practical knowledge, teamwork, legal research, legal writing skill and ultimately builds confidence among law students in general.

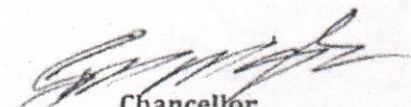

The concerted effort of the faculty in general & the Moot Court Society in particular had organized successfully last year the 1st Deo Mangal Memorial National Moot Court Competition, 2022, ensuring the participation of 80 teams across the country.

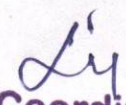

This year again I hope and trust that this remarkable opportunity will bring the students of law more closer to the real life court room experiences. I am confident that participating team of the country will employ their compelling reasoning & effectively counter their opponent's arguments & by that exhibit their art of lawyering.

I extend my best wishes for a successful completion of the 2nd Deo Mangal Memorial National Moot Court Competition, 2023 & I firmly believe that this event will give a wonderful opportunity for learning legal skills & an overall personal growth of the students of Narayan School of Law.

Director's Message

The art of mootng is undeniably one of the most vital aspects of a law school's curriculum. Beyond theoretical knowledge, it imparts invaluable practical skills that are crucial for a successful legal career. These skills encompass extensive research, precise legal writing, critical thinking, effective argumentation, persuasive communication, and the ability to present coherent and compelling arguments in favour of one's stance. As future legal professionals, students must start honing these abilities right from their first year in law school to excel in their legal endeavors.

The success of last year's 1st Deo Mangal Memorial National Moot Court Competition, which saw the participation of 80 teams from across India and was adjudged by legal luminaries and esteemed Justices from the High Court and Supreme Court, further underscores the significance of such competitions in the legal education landscape at national & international level.

It is my great pleasure to announce that from October 12th to 14th, 2023, the Narayan School of Law at Gopal Narayan Singh University will be hosting the 2nd Deo Mangal Memorial National Moot Court Competition in Virtual Mode. These competitions play a pivotal role in shaping students' personalities by combining extracurricular and academic pursuits, imparting the abilities and knowledge required to become competent and proficient advocates.

We consider it a privilege to offer this prestigious event to all the students at Narayan School of Law. Participation in moot court competitions provides students with invaluable real-life experiences on various legal topics, enabling them to apply their classroom knowledge in practical scenarios. It serves as a platform for them to showcase their legal acumen, research capabilities, and persuasive skills, while receiving valuable feedback from experienced judges and practitioners.

To all the exceptionally talented participating teams, I extend a warm welcome and assure you that our Moot Court Society of Gopal Narayan Singh University is committed to ensuring that the competition is conducted in absolutely just and fair manner. We have invested tremendous effort in creating a challenging yet enriching environment for all participants. ➤ Moot Proposition

1. Aryavart is a Sovereign Country in Asiana consisting of 28 States and 8 Union territories and is by and large conservative country. The Population of Aryavart is around 140 crores. Hinduism is the major religion and 70% of the population practice Hinduism, 20% practice Islam, and other 10% practice other religions. Only the State of Kankan which was a Portuguese colony has successfully implemented Uniform Civil Code in Aryavart.

2. Mrinal who is a Hindu trans-man is in a relationship with Akram who is a Muslim trans-woman. They both are residents of Avanti State which doesn't have Uniform Civil Code. They both have been in a relationship since 2010 at a time when same-sex

- relationships were considered taboo and unacceptable by the society. They were unable to openly proclaim their relationship because of the social set up of the Country & State.
3. The couples waited for a very long to disclose their relationship in Public. In the year 2018, the Hon'ble Supreme Court of Aryavart decriminalized homosexuality, which had infused a sense of confidence among the LGBTQ+ community in the Country. Though the harassment by the authorities had stopped due to decriminalization of homosexuality by the Hon'ble Supreme Court yet the homosexual couples still faced discrimination and stigma in the society.
 4. There was a misconception in the society about the gender identity of the individuals. The societal norm had only male and female stratum and entire government machinery ran around recognizing only these genders. Though, in recent times there were identification of transgender rights in some areas, there were still huge lacunae in recognizing their rights in most of the field especially that of marriage.
 5. The couples in the present case decided to open up regarding their relationship and to get officially married. In admission to the fact that both of them belong to LGBTQ+ community but also were of different religion. They respected each other's faith and decided to get married under their respective Customs. Their wedding was attended by their near and dear ones.
 6. Though, friends and family supported their marriage, they were unable to get their marriage officially registered as neither of them fell under the definition of 'bride' and 'groom' and moreover they belonged to two different religions.
 7. In the meantime, Mrinal gets pregnant and gave birth to a healthy baby boy. Their problem got complicated as they were unable to get birth certificate issued for their son as the same required name of father and mother and in their case though Mirnal gave birth to the child, Mirnal identified to be a male and therefore the father. Moreover, since their marriage itself could not be registered, they were unable to get birth certificate for their child.
 8. Their application was rejected by the authorities in the State of Avanti. Further, they also tried to get their marriage registered, which was also rejected by the authorities in the State of Avanti. They find that they were in a legal conundrum. Because of lack of a Uniform Civil Code to govern the personal laws, they were stuck in a limbo. Hence, they decided to approach the Hon'ble Supreme Court of Aryavart vide filing a writ petition under article 32 of the constitution of Aryavtrat with plea of issuance of birth certificate to their child and recognition of their marriage and consequently sought to implement a Uniform Civil Code which recognizes both same sex marriage and inter-religious marriage and grants equal rights to all irrespective of sex and religion.

9. Meanwhile, an NGO - Samridhi working for the welfare of Muslim women has been fighting to implement Uniform Civil Code across the Country. They have been providing free legal aid to Muslim women so as to assist them fight for their rights. Though there were various legislations governing law of maintenance and other secular issues, it was seen that by and large Muslim women were unable to access them. In order to provide access to justice and legal rights, the NGO had filed a Public Interest Litigation seeking to implement Uniform Civil Code throughout the Country of Aryavrat before the Hon'ble Supreme Court.
10. The same was pending consideration by the Hon'ble Supreme Court. The main ground taken by the NGO was that the Muslim women are treated poorly and they do not have legal weapons to claim maintenance, or file such claims before the Courts. Their rights which are enjoyed by women of other community are being curtailed by their personal laws. Hence, the NGO wants the implementation of Uniform Civil Code across the country of Aryavart wherein women irrespective of religion will have equal rights. The All-Indus Muslim Personal Law Board is opposing Implementation of Uniform Civil Code as they claim that it infringes their personal right and the same is in violation of the rights granted under the Constitution. Hence, the All-Indus Muslim Personal Law Board has filed Impleading Petition in both the Public Interest Litigations filed by the NGO and the Trans-couple along with violation of secular structure of the Aryavart.
11. The Government of Aryavart whose ideology is based out of the majoritarian religion supported to impose Uniform Civil Code and has also made it as their election agenda. However, the Government is opposing a Uniform Code which recognizes LGBTQIA community stating that such marriages are not recognized in any religions.
12. The Government of Aryavart is opposing the PIL filed by the Trans-couple on the ground of maintainability as they have an alternative remedy.
13. The Trans-Couple are opposing the Impleading Petition filed by All Indus Muslim Personal Law Board as they find them not to be a necessary party to the proceedings. These cases have garnered huge media attention and have become topic of debate. Public opinion is being sought by various media networks and there are different views and opinions supporting and opposing both the sides. The Supreme Court recognizing the importance of the case had permitted live telecast of the hearings and posted all applications together along with the question of maintainability of PIL and necessity of impleading Indus Muslim Personal Law Board for hearing.

ISSUES:

1. Whether the PIL is maintainable in the Supreme court of Aryavrat or not and is it feasible to implement Uniform Civil Code in a Country like Aryavrat?
2. Whether UCC is violative of one's' Fundamental rights and other personal rights guaranteed under the Constitution of Aryavart and is it the States's interference in the realm of the personal laws of the subjects?
3. Whether the non-issuance of the Birth Certificate for the child born from a LGBTQIA couple is violation of the Child's right by the state?
4. Whether the Constitutional power of Court to frame laws has led to the scenario where Legislature have become the Executive wing of the Judiciary?

NOTE: The Laws of Aryavart in pari materia with the Law of Republic of India.
