

Camp Activities & Services Provided:

Registration and Basic Vitals Check: Height, weight, BMI, blood pressure, temperature.

General Medical Consultation: Screening for hypertension, diabetes, respiratory issues, and chronic illnesses.

Surgical Consultation: Assessment of hernias, swellings, and advice on minor surgical conditions.

Ophthalmology Services: Vision testing, screening for cataract, refractive errors, and other eye conditions.

ENT Check-up: Screening for hearing loss, sinus issues, infections, and throat-related conditions.

Referrals & Follow-up:

Participants requiring further evaluation or treatment were referred to our hospital or specialty clinics.

Health education materials on diet, hygiene, chronic disease management, and child care were distributed.

Impact:

Students gained first-hand exposure to common health issues prevalent in the community (e.g., malnutrition, anemia, hypertension).

- Understood the importance of preventive healthcare and the impact of health education at the grassroots level.
- Developed empathy and awareness of the challenges faced by rural and underserved populations.
- Realized the role of health literacy and access in improving public health outcomes.
- Improved communication and interpersonal skills by interacting with community members of all ages.
- Learned teamwork, time management, and organizational skills while coordinating different aspects of the camp.
- The experience fostered a sense of social commitment and civic duty.
- Students recognized their potential to serve as health ambassadors and catalysts for change within society.
- For many students, the camp strengthened their interest in healthcare, public service, and community work as future career paths.

Feedback

The camp received positive feedback for its multi-specialty approach and accessibility.

Many participants expressed interest in regular health check-ups and requested future camps.

Conclusion:

The camp was well-received by the community, providing valuable health insights and raising awareness about preventive care. Many participants expressed interest in regular health camps and follow-up sessions.

Certainly! Here's a professional summary of the health check-up camp incorporating the presence of specialists from Medicine, Surgery, Ophthalmology & ENT along with participation details

Report on “Voluntary Blood Donation Camp – Raktdan Mahadan”

Date: 6th May 2022

Venue: Shri Tileshwarnath Dham, Takiya, Sasaram, Rohtas, Bihar

Organized by: Hindu Jagran Manch

1. Introduction / Overview

A Voluntary Blood Donation Camp, under the slogan “Raktdan Mahadan”, was organized by Hindu Jagran Manch on 6th May 2023 at Shri Tileshwarnath Dham, Takiya, Sasaram, Rohtas, Bihar. The main objective of the camp was to promote voluntary blood donation among citizens and to create awareness about the importance of donating blood to save lives.

The event was inaugurated in the presence of Dr. Sanjeev Kumar, local dignitaries, members of Hindu Jagran Manch, and representatives of social organizations. The atmosphere was one of collective service and enthusiasm, with volunteers and community members working together to make the camp successful.

Special acknowledgment is extended to the local social workers and volunteers of Hindu Jagran Manch, whose cooperation and active participation were instrumental in ensuring the smooth conduct of the camp.

2. Resource Persons

A skilled team of doctors, nurses, and the staff of the Blood Centre of Narayan Medical College and Hospital, Rohtas and volunteers from Hindu Sewa Dal supervised the camp. The group of students from Narayan Medical College and Hospital also participated in the camp which included 5 interns of M.B.B.S and 3 P.G students from the Department of Pathology. Each donor underwent a pre-donation medical screening, which included health check-ups for hemoglobin levels, blood pressure, and overall fitness to ensure donor safety.

The resource team also conducted a brief awareness session, explaining the long-term benefits of blood donation and addressing myths or fears commonly associated with it. Their professionalism and dedication ensured the event ran smoothly and safely.

Report on “Voluntary Blood Donation Camp – Raktdan Mahadan”

3. Impact of the Camp

The blood donation camp witnessed active participation from the general public and volunteers, reflecting the community's awareness and willingness to contribute to social welfare. A total of 20 units of blood were collected during the camp.

The collected blood was transferred to the Blood Centre of Narayan Medical College and Hospital, Jamuhar, Rohtas, Bihar for use in emergency medical cases, surgeries, and treatment of patients in need of blood transfusions.

The collective efforts of local social workers and Hindu Jagran Manch volunteers significantly enhanced the impact of the event. Their teamwork and dedication inspired many first-time donors to join the noble cause, fostering a culture of humanitarian service in the area.

All the interns, U.G and P.G students get to understand the protocol of the Blood Donation Camp and criteria of donor like; age, weight and other medical conditions and fitness and safety of blood donors and donated or collected blood.

4. Conclusion

The Voluntary Blood Donation Camp – “Raktdan Mahadan” organized by Hindu Jagran Manch at Shri Tuleshwarnath Dham, Takiya, Sasaram was a commendable initiative that achieved its objective of encouraging voluntary blood donation.

The organizing committee expresses its sincere gratitude to the medical staff, social workers and all volunteers for their invaluable contribution. The event demonstrated that community cooperation and social awareness can together lead to meaningful and life-saving outcomes.

The program concluded with a vote of thanks and a resolution to organize similar camps regularly, further strengthening the spirit of “Raktdan Mahadan – Blood Donation is the Greatest Donation.”

Summary of “Voluntary Blood Donation Camp – Amrit Ki Bund”

Date: 10th August 2022

Venue: Urban Health Centre, Mangla Bhawan, Sasaram, Rohtas, Bihar

Organized by: S.A.B.A.L NGO with collaboration of Blood Centre of Narayan Medical College and Hospital

1. Overview of the Event

A “Voluntary Blood Donation Camp – Amrit Ki Bund” was successfully organized on 16th March 2024 by S.A.B.A.L NGO at Mangla Bhawan, Sasaram, Rohtas, Bihar. The primary objective of the camp was to create awareness about the importance of voluntary blood donation and to inspire people to contribute towards saving lives through this noble act of service to humanity.

The camp was inaugurated by Dr. Jyoti Sahu, the chief guest Commandant R.P.F Mr. Rawat, along with the chairman of S.A.B.A.L NGO Mr. Saurabh Kumar Upadhyay, secretary Mr. Ravi Shankar Pandey and other representatives of the NGO. In their opening remarks, they highlighted how donating blood is not just an act of kindness but a true symbol of compassion and unity. The event saw enthusiastic participation from students and teachers of various tuition institutes, who came forward voluntarily to donate blood and encourage others. Their involvement reflected a strong sense of social responsibility and youth leadership in humanitarian causes.

The venue was well-equipped with medical setups, resting areas, refreshments, and proper safety arrangements, ensuring a comfortable and hygienic environment for all donors.

2. Resource Persons

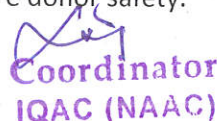

A skilled team of doctors, nurses, and the staff of the Blood Centre of Narayan Medical College and Hospital, Rohtas and volunteers from S.A.B.A.L NGO supervised the camp. The group of students from Narayan Medical College and Hospital also participated in the camp which included 5 interns of M.B.B.S and 3 students from the Department of Pathology.

Prior to donation, every participant underwent a medical screening, including tests for blood pressure, hemoglobin level, and overall fitness to ensure donor safety.

Summary of “Voluntary Blood Donation Camp – Amrit Ki Bund”

3. Impact of the Camp

The “Voluntary Blood Donation Camp – Amrit Ki Bund” received tremendous support from the local community. A total of 85 units of blood were collected during the event. The collected blood was handed over to the Blood Centre of Narayan Medical College and Hospital, Jamuhar Rohtas, Bihar, to be used for patients in need of transfusions, emergency surgeries, and life-saving treatments.

Additionally, the efforts of local social workers played a vital role in mobilizing public participation and spreading awareness about the event. Their active engagement and coordination contributed significantly to the smooth and impactful execution of the camp.

During the event, the resource persons conducted an awareness session explaining the benefits of regular blood donation, both for donors and society. They also addressed common misconceptions and motivated attendees to make blood donation a regular habit for the betterment of humanity.

All the interns, U.G and P.G students get to understand the protocol of the Blood Donation Camp and criteria of donor like; age, weight and other medical conditions and fitness and safety of blood donors and donated or collected blood.

4. Conclusion

The “Voluntary Blood Donation Camp – Amrit Ki Bund”, organized by S.A.B.A.L NGO at Urban Health Centre, Mangla Bhawan, Sasaram, Rohtas, Bihar, was a resounding success. The event proved that even a small contribution like donating blood can bring immense hope and life to those in needs.

The donors were provided with refreshments and certificates of appreciation and medals (**Raktveer Samman**) after donating blood.

S.A.B.A.L NGO extended heartfelt gratitude to all students, teachers, social workers, medical staff, and volunteers who made the event a grand success.

Summary of “Voluntary Blood Donation Camp – Raktdan Mahadan”

Date: 17th September 2022

Venue: Goh, Aurangabad, Bihar

Organized by: Blood Centre of Narayan Medical College and Hospital with the collaborating with Path Pradarshak NGO

1. Overview of the Event

A “Voluntary Blood Donation Camp – Raktdan Mahadan” was successfully organized on 17th September 2022 by *Path Pradarshak NGO* at Goh, Aurangabad, Bihar. The primary aim of the camp was to encourage voluntary blood donation and spread awareness about its life-saving importance in society. The camp began with an inaugural ceremony, attended by Dr. Sanjeev Ranjan, local dignitaries and chairman of Path Pradarshak NGO, Mr. Bamendra Singh. The organizers emphasized that blood donation is one of the greatest humanitarian acts, symbolizing unity, kindness, and the spirit of giving.

Special appreciation was extended to the local social workers of the region who played a crucial role in mobilizing donors and ensuring the active participation of the public. Their tireless efforts in spreading awareness, managing logistics, and encouraging community involvement were instrumental in making the camp a grand success.

The venue was well-arranged with proper medical facilities, refreshments, and safety measures, ensuring a comfortable and hygienic experience for all participants. The positive energy and cooperation among organizers, volunteers, and donors reflected the success of the event’s motto — “Raktdan Mahadan” (Blood Donation is the Greatest Donation).

2. Resource Persons

A skilled team of doctors, nurses, and the staff of the Blood Centre of Narayan Medical College and Hospital, Rohtas and volunteers from Path Pradarshak NGO supervised the camp. The group of students from Narayan Medical College and Hospital also participated in the camp which included 5 interns of M.B.B.S and 3 P.G students from the Department of Pathology. Each donor underwent a pre-donation medical screening, which included health check-ups for hemoglobin levels, blood pressure, and overall fitness to ensure donor safety.

The resource team also conducted a brief awareness session, explaining the long-term benefits of blood donation on every 3 months and addressing myths or fears commonly associated with it. Their professionalism and dedication ensured the event ran smoothly and safely.

Summary of “Voluntary Blood Donation Camp – Raktdan Mahadan”

Date: 28th October 2022

Day: Birthday of Vigyan Dev Maharaj Ji

Venue: Maharsi Sadafal Dev Ashram, Katar, Dehri, Rohtas, Bihar

Organized by: Vihangam Yogya Sansthan collaborating with Blood Centre of Narayan Medical College and Hospital

Overview

A Voluntary Blood Donation Camp was organized by Vihangam Yogya Sansthan on 28th October 2022 at Maharsi Sadafal Dev Ashram, Katar, Dehri, Rohtas, Bihar, on the auspicious occasion of the Birthday of Vigyan Dev Maharaj Ji. The camp was conducted under the inspiring slogan — “Voluntary Blood Donation Camp – Raktdan Mahadan.” The primary objective of the camp was to promote awareness about the importance of voluntary blood donation and to encourage individuals to contribute towards saving lives through this noble act.

Resource Persons

The camp was organized under the guidance of the respected members of Vihangam Yogya Sansthan. Dr. Sanjeev Ranjan, nursing staffs and the staffs of the Blood Centre of Narayan Medical College and Hospital, Rohtas, Bihar, extended their professional support to ensure the safe and hygienic collection of blood. The group of students from Narayan Medical College and Hospital also participated in the camp which included 5 interns of M.B.B.S and 3 students from the Department of Pathology.

Impact of the Camp

The camp witnessed enthusiastic participation from the devotees, members of the organization and local residents. A significant number of donors voluntarily came forward to donate blood, reflecting the collective spirit of service and compassion. The collected 88 blood units were handed over to the authorized Blood Centre of Narayan Medical College and Hospital, Rohtas, Bihar, to support patients in need. The camp not only met its objective of collecting blood but also played a vital role in spreading awareness about the necessity of regular blood donation. It fostered a sense of social responsibility and community welfare among all participants.

All the interns, U.G and P.G students get to understand the protocol of the Blood Donation Camp and criteria of donor like; age, weight and other medical conditions and fitness and safety of blood donors and donated or collected blood

Summary of “Voluntary Blood Donation Camp – Raktdan Mahadan”

Appreciation

The successful execution of the camp was made possible by the sincere efforts of the members and volunteers of Vihangam Yogya Sansthan. Their meticulous planning, dedication, and teamwork were commendable. The organization's continuous commitment to promoting social welfare alongside spiritual growth deserves special recognition.

Conclusion

The Voluntary Blood Donation Camp held on 28th October 2022 was a remarkable success. It not only marked the celebration of Vigyan Dev Maharaj Ji's birthday but also served as an exemplary act of service towards humanity. Through the collective efforts of the organizers, medical team, and volunteers, the event effectively conveyed the message that “Raktdan Mahadan” — blood donation is indeed a supreme act of giving. The initiative reaffirmed the organization's dedication to the principles of compassion, service, and social responsibility.

Summary of Blood Grouping Screen

Date: 26th August 2022

Venue: Narayan World School, Jamuhar, Rohtas, Bihar

Organized by: Blood Centre of Narayan Medical College and Hospital

Overview

A Blood Grouping Screen Camp was successfully organized on 26th August 2022 at **Narayan World School, Jamuhar, Rohtas, Bihar**. The camp was conducted with the objective of determining the blood groups of students and to spread awareness about the importance of knowing one's blood group for medical and emergency purposes. The initiative was a part of the community outreach program jointly facilitated by Blood Centre of Narayan Medical College and Hospital and Department of Pathology.

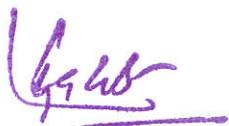

Resource Persons

The Screen camp was actively supported by a dedicated team from Narayan Medical College and Hospital, consisting of the 5 M.B.B.S., interns and 3 P.G students from the Department of Pathology. These students, under the guidance of senior faculty members and medical technologists, efficiently conducted the Screen procedures ensuring accuracy, safety, and proper record maintenance. The cooperation and assistance extended by the school officials, teaching staff, and non-teaching workers of Narayan World School played a vital role in the smooth organization of the camp.

Impact of the Camp

The camp received an excellent response from the students of Narayan World School. A large number of participants underwent blood group testing, gaining valuable information about their blood type and the significance of maintaining this information for future medical reference. The event also served as an educational platform, where students were briefed on the importance of blood donation and the need for maintaining good health to become potential donors in the future.

Total of 270 students participated in the camp and the interns get to understand about, how the A.B.O grouping and R.H typing are done.

Summary of Blood Grouping Screen

Appreciation

Special appreciation is extended to the staff and team members of the Blood Centre, Narayan Medical College and Hospital for their exceptional efforts in conducting the Blood Grouping Screen Camp. Their professionalism, accuracy, and commitment ensured that the camp was executed efficiently and successfully. Gratitude is also expressed towards the school authorities and staff of Narayan World School, Jamuhar, for their cooperation, support, and hospitality during the event.

Conclusion

The Blood Grouping Screen Camp held on 25th August 2022 at Narayan World School, Jamuhar, Rohtas, Bihar was a significant step towards promoting health awareness and preparedness among students. The collaborative efforts of Narayan Medical College and Hospital and Narayan World School ensured the event's success. The initiative not only provided valuable health information but also encouraged a sense of social responsibility and awareness regarding the importance of blood donation and healthcare knowledge.

Summary of “Voluntary Blood Donation Camp – Sadak Suraksha”

Date: 8th June 2022

Venue: Toll Plaza, Sasaram, Rohtas, Bihar

Organized by: Toll Plaza Sasaram

1. Overview of the Event

The Voluntary Blood Donation Camp, under the slogan “**Sadak Suraksha**”, was successfully organized by **Toll Plaza Sasaram** on **8th June 2022** at its premises in Sasaram, Rohtas, Bihar. The primary aim of the camp was to promote voluntary blood donation, raise awareness about its life-saving importance, and encourage citizens and employees to contribute to society in a meaningful way.

The camp witnessed enthusiastic participation from the general public, as well as employees of Toll Plaza Sasaram. It was inaugurated by senior officials of the toll plaza, Dr. Sanjeev Ranjan and representatives of local social organizations. The event created an atmosphere of cooperation, social responsibility, and community engagement.

2. Resource Persons

The camp was conducted under the supervision of a qualified medical team of doctors, nurses and technician of blood centre from the Narayan Medical College and Hospital, Rohtas. The team ensured that all procedures adhered to proper medical and safety standards.

Before donation, each participant underwent a medical check-up, which included hemoglobin testing, blood pressure measurement, and general health assessment to confirm eligibility for donation. The medical staff also provided information about the benefits of blood donation and addressed common queries and concerns, ensuring donor safety and awareness.

3. Impact of the Camp

The blood donation camp witnessed a significant turnout from the local community and toll plaza employees. A total of 15 units of blood were collected and handed over to the Blood Centre of Narayan Medical College and Hospital, Rohtas, Bihar to support patients in need of transfusions for emergencies, surgeries, and medical treatments.

The participation of local social workers and Toll Plaza employees amplified the reach and effectiveness of the camp. Their coordination and dedication inspired many first-time donors to participate, fostering a culture of social responsibility, community service, and humanitarian values within the locality.

All the students, participating staffs and donors were told about the **Road Safety**.

Summary of “Voluntary Blood Donation Camp – Sadak Suraksha”

4. Conclusion

The “Voluntary Blood Donation Camp – Sadak Suraksha” organized by Toll Plaza Sasaram at its premises in Sasaram, Rohtas, Bihar, was a highly successful and commendable initiative.

Special appreciation was extended to local social workers of the area and the employees of Toll Plaza Sasaram, who actively contributed to organizing and coordinating the camp. Their efforts in mobilizing donors, assisting in medical arrangements, and managing logistics ensured the smooth and successful execution of the event.

The organizing committee expressed sincere gratitude to all participating donors, local social workers, and toll plaza employees for their support, cooperation, and selfless service. Their combined efforts made the camp a notable event in promoting voluntary blood donation and raising awareness about its critical importance.

The camp concluded with a vote of thanks and a collective commitment to continue organizing similar initiatives in the future to serve humanity and strengthen community health.

Health Check-up Camp

Date: 9th August 2022

Time: 10:00 AM – 1:00 PM

Venue: Urban Health Training Center (UHTC), Mangala Bhavan, Sasaram

Organized by: Department of Community Medicine

Target Group: Local residents and nearby community members

No. of Participants: 5 MBBS Interns and 3 Postgraduate Students

Overview

A general Health Check-up Camp was organized by the Department of Community Medicine at UHTC, Mangala Bhavan, Sasaram. The camp aimed to provide free medical consultations, routine investigations, and health counseling to the underprivileged sections of society, focusing on early detection and prevention of common illnesses.

Resource Persons

Dr. Navin Kumar	Professor
Dr. Rahul Chandra	Associate Professor
Dr. Sweta Suman	Assistant Professor
Dr. Jyoti Kumari	Senior Resident
Dr. Amulya Swati	LMO
Dr. Tanu Priya	LMO

Participants

A total of 5 interns and 3 PG students actively participated in organizing and conducting the camp. Around 100 individuals availed themselves of services such as blood pressure measurement, blood sugar testing, anemia screening, and general medical examination. PG students led the screening and case documentation, while interns assisted with community interaction and health education.

Key Topics Covered

- Screening for hypertension, diabetes, and anemia
- Nutritional counseling and hygiene education
- Distribution of free medicines
- Referral of suspected cases to higher centers

Community Engagement and Impact

The camp promoted awareness of preventive healthcare among the rural population. Early detection of several undiagnosed cases was achieved. Built stronger connections between healthcare providers and the local community.

Student Involvement and Learning Outcome

Students gained exposure to real-world primary healthcare scenarios. Enhanced understanding of common community health issues. Improved teamwork and patient interaction skills.

Conclusion

The Health Check-up Camp was a meaningful outreach effort that improved community health awareness and provided hands-on learning opportunities for both PG students and MBBS interns.

Eye Check-Up Camp on 24/08/2022

Venue: Gandhi Asharam Akorhigola, Rohtas

Organized by: NMCH, Jamuhar

A comprehensive eye check-up camp was successfully conducted, benefiting 142 participants from the local community. The event aimed to promote eye health awareness and provide early detection of common vision problems.

Key Highlights:

Total Participants: 142

Demographics:

Male: 61

Female: 81

Participant Student:

PG - 03

Intern - 5

Types of Tests Conducted:

Visual acuity testing

Refraction tests (for prescription glasses)

Intraocular pressure measurement (for glaucoma screening)

Findings:

Refractive errors (myopia, hyperopia, astigmatism): 42% diagnosed

Presbyopia (age-related near vision loss): 32% identified

Suspected Cataracts: 14% referred for further evaluation

Suspected Glaucoma: 12% referred for specialized care

Referrals: 21 participants were referred to our Hospital for further diagnosis and treatment

Impact:

- Students gained practical knowledge about frequent vision problems in the community such as refractive errors, cataracts, conjunctivitis, and digital eye strain.
- They understood the importance of early diagnosis and regular eye check-ups, especially in children and elderly individuals.
- They observed basic eye examination procedures (visual acuity tests, use of eye charts, torchlight exams) and learned how professionals interact with patients.
- They learned how to communicate health information in simple terms to people of varying literacy levels, enhancing their health education skills.
- Students witnessed the gaps in eye care access, especially among economically weaker sections, school children, and older adults.
- They became more aware of challenges like lack of awareness, affordability, and stigma that prevent people from seeking timely eye care.
- The camp instilled a sense of civic duty and compassion, motivating students to contribute actively to community health initiatives.
- Many students expressed interest in organizing similar camps or pursuing careers in public health or ophthalmology

Outcome:

The camp significantly contributed to raising awareness about eye health and enabled early identification of vision issues. Participants appreciated the quality of service and professional guidance provided. Follow-up measures have been initiated for those requiring further care

Eye Check-Up Camp on 27/08/2022

Venue: BagnahGodari, Rohtas

Organized by: NMCH, Jamuhar

A comprehensive eye check-up camp was successfully conducted, benefiting 150 participants from the local community. The event aimed to promote eye health awareness and provide early detection of common vision problems.

Key Highlights:

Total Participants: 150

Demographics:

Male: 72

Female: 78

Participant Student:

PG - 03

Intern - 5

Types of Tests Conducted:

Visual acuity testing

Refraction tests (for prescription glasses)

Intraocular pressure measurement (for glaucoma screening)

Findings:

Refractive errors (myopia, hyperopia, astigmatism): 39% diagnosed

Presbyopia (age-related near vision loss): 35% identified

Suspected Cataracts: 12% referred for further evaluation

Suspected Glaucoma: 14% referred for specialized care

Referrals: 18 participants were referred to our Hospital for further diagnosis and treatment

Impact:

- Students gained practical knowledge about frequent vision problems in the community such as refractive errors, cataracts, conjunctivitis, and digital eye strain.
- They understood the importance of early diagnosis and regular eye check-ups, especially in children and elderly individuals.

Suspected Cataracts: 17% referred for further evaluation

Suspected Glaucoma: 14% referred for specialized care

Referrals: 18 participants were referred to our Hospital for further diagnosis and treatment

Impact:

- Students gained practical knowledge about frequent vision problems in the community such as refractive errors, cataracts, conjunctivitis, and digital eye strain.
- They understood the importance of early diagnosis and regular eye check-ups, especially in children and elderly individuals.
- They observed basic eye examination procedures (visual acuity tests, use of eye charts, torchlight exams) and learned how professionals interact with patients.
- They learned how to communicate health information in simple terms to people of varying literacy levels, enhancing their health education skills.
- Students witnessed the gaps in eye care access, especially among economically weaker sections, school children, and older adults.
- They became more aware of challenges like lack of awareness, affordability, and stigma that prevent people from seeking timely eye care.
- The camp instilled a sense of civic duty and compassion, motivating students to contribute actively to community health initiatives.
- Many students expressed interest in organizing similar camps or pursuing careers in public health or ophthalmology

Outcome:

The camp significantly contributed to raising awareness about eye health and enabled early identification of vision issues. Participants appreciated the quality of service and professional guidance provided. Follow-up measures have been initiated for those requiring further care

Eye Check-Up Camp on 17/10/2022

Venue: Rohtas, Rohtas

Organized by: NMCH, Jamuhar

A comprehensive eye check-up camp was successfully conducted, benefiting 162 participants from the local community. The event aimed to promote eye health awareness and provide early detection of common vision problems.

Key Highlights:

Total Participants: 162

Demographics:

Male: 78

Female: 79

Participant Student:

PG - 03

Intern - 5

Types of Tests Conducted:

Visual acuity testing

Refraction tests (for prescription glasses)

Intraocular pressure measurement (for glaucoma screening)

Findings:

Refractive errors (myopia, hyperopia, astigmatism): 43 % diagnosed

Presbyopia (age-related near vision loss): 32% identified

Suspected Cataracts: 14% referred for further evaluation

Suspected Glaucoma: 11% referred for specialized care

Referrals: 22 participants were referred to our Hospital for further diagnosis and treatment

Impact:

- Students gained practical knowledge about frequent vision problems in the community such as refractive errors, cataracts, conjunctivitis, and digital eye strain.
- They understood the importance of early diagnosis and regular eye check-ups, especially in children and elderly individuals.
- They observed basic eye examination procedures (visual acuity tests, use of eye charts, torchlight exams) and learned how professionals interact with patients.

Eye Check-Up Camp on 20/10/2022

Venue: SevaiTilauthu, Rohtas

Organized by: NMCH, Jamuhar

A comprehensive eye check-up camp was successfully conducted, benefiting 140 participants from the local community. The event aimed to promote eye health awareness and provide early detection of common vision problems.

Key Highlights:

Total Participants: 140

Demographics:

Male: 65

Female: 75

Participant Student:

PG - 03

Intern - 5

Types of Tests Conducted:

Visual acuity testing

Refraction tests (for prescription glasses)

Intraocular pressure measurement (for glaucoma screening)

Findings:

Refractive errors (myopia, hyperopia, astigmatism): 43 % diagnosed

Presbyopia (age-related near vision loss): 32% identified

Suspected Cataracts: 10% referred for further evaluation

Suspected Glaucoma: 15% referred for specialized care

Referrals: 15 participants were referred to our Hospital for further diagnosis and treatment

Impact:

- Students gained practical knowledge about frequent vision problems in the community such as refractive errors, cataracts, conjunctivitis, and digital eye strain.
- They understood the importance of early diagnosis and regular eye check-ups, especially in children and elderly individuals.

- They learned how to communicate health information in simple terms to people of varying literacy levels, enhancing their health education skills.
- Students witnessed the gaps in eye care access, especially among economically weaker sections, school children, and older adults.
- They became more aware of challenges like lack of awareness, affordability, and stigma that prevent people from seeking timely eye care.
- The camp instilled a sense of civic duty and compassion, motivating students to contribute actively to community health initiatives.
- Many students expressed interest in organizing similar camps or pursuing careers in public health or ophthalmology

Outcome:

The camp significantly contributed to raising awareness about eye health and enabled early identification of vision issues. Participants appreciated the quality of service and professional guidance provided. Follow-up measures have been initiated for those requiring further care

Eye Check-Up Camp on 06/12/2022

Venue: Haidarnagar, Palamu

Organized by: NMCH, Jamuhar

A comprehensive eye check-up camp was successfully conducted, benefiting 126 participants from the local community. The event aimed to promote eye health awareness and provide early detection of common vision problems.

Key Highlights:

Total Participants: 126

Demographics:

Male: 68

Female: 58

Participant Student:

PG - 03

Intern - 5

Types of Tests Conducted:

Visual acuity testing

Refraction tests (for prescription glasses)

Intraocular pressure measurement (for glaucoma screening)

Findings:

Refractive errors (myopia, hyperopia, astigmatism): 35% diagnosed

Presbyopia (age-related near vision loss): 32% identified

Suspected Cataracts: 19% referred for further evaluation

Suspected Glaucoma: 14% referred for specialized care

Referrals: 25 participants were referred to our Hospital for further diagnosis and treatment

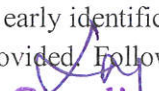

Impact:

- Students gained practical knowledge about frequent vision problems in the community such as refractive errors, cataracts, conjunctivitis, and digital eye strain.
- They understood the importance of early diagnosis and regular eye check-ups, especially in children and elderly individuals.
- They observed basic eye examination procedures (visual acuity tests, use of eye charts, torchlight exams) and learned how professionals interact with patients.
- They learned how to communicate health information in simple terms to people of varying literacy levels, enhancing their health education skills.
- Students witnessed the gaps in eye care access, especially among economically weaker sections, school children, and older adults.
- They became more aware of challenges like lack of awareness, affordability, and stigma that prevent people from seeking timely eye care.
- The camp instilled a sense of civic duty and compassion, motivating students to contribute actively to community health initiatives.

Eye Check-Up Camp on 09/12/2022

Venue: Japla, Palamu

Organized by: NMCH, Jamuhar

A comprehensive eye check-up camp was successfully conducted, benefiting 125 participants from the local community. The event aimed to promote eye health awareness and provide early detection of common vision problems.

Key Highlights:

Total Participants: 152

Demographics:

Male: 71

Female: 54

Participant Student:

PG - 03

Intern - 5

Types of Tests Conducted:

Visual acuity testing

Refraction tests (for prescription glasses)

Intraocular pressure measurement (for glaucoma screening)

Findings:

Refractive errors (myopia, hyperopia, astigmatism): 34% diagnosed

Presbyopia (age-related near vision loss): 37% identified

Suspected Cataracts: 17% referred for further evaluation

Suspected Glaucoma: 12% referred for specialized care

Referrals: 21 participants were referred to our Hospital for further diagnosis and treatment

Impact:

- Students gained practical knowledge about frequent vision problems in the community such as refractive errors, cataracts, conjunctivitis, and digital eye strain.
- They understood the importance of early diagnosis and regular eye check-ups, especially in children and elderly individuals.

Outcomes

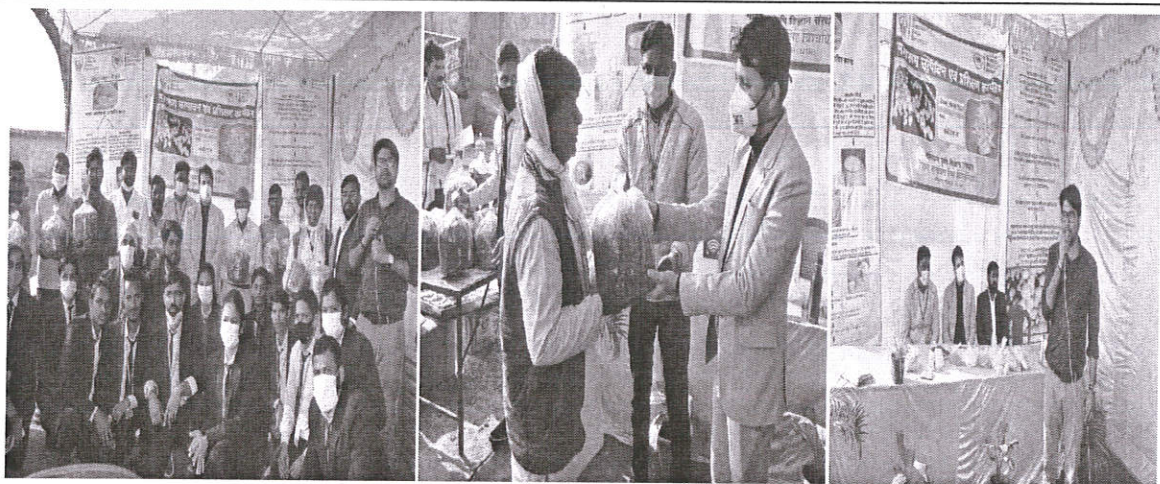

- Participants gained confidence in starting their own mushroom cultivation units.
- Increased awareness about mushrooms' nutritional and economic value.
- Several trainees expressed interest in starting small-scale mushroom units with support from the department.

Feedback

- Majority of participants found the training informative and practical.
- Suggestions included follow-up support, provision of spawn, and more hands-on sessions.
- Participants requested similar trainings for other agricultural value chains.

Conclusion

The mushroom cultivation training was a successful initiative towards sustainable livelihoods and agri-based entrepreneurship. Continued support through follow-ups, access to spawn, and market linkages will be essential to ensure adoption and scalability.

चदवस ने कहा - बिना समुद्र किसान के समुद्र समाज की कल्पना साकार नहीं हो सकती

नारायण कृषि विज्ञान संस्थान ने मशरूम उत्पादन के लिए किसानों को ट्रेनिंग दी

प्रथम चरण में करीब 150 किसानों को प्रशिक्षित किया गया

नारायण कृषि विज्ञान संस्थान (NRIAS) के अध्यक्ष डॉ. राजेश कुमार ने कहा कि बिना समुद्र के समुद्र समाज की कल्पना साकार नहीं हो सकती। उन्होंने कहा कि समुद्र समाज की कल्पना के लिए हमें समुद्र के सारे स्रोतों को संरक्षित करना होगा और हमें समुद्र के सारे स्रोतों को संरक्षित करने के लिए हमें समुद्र के सारे स्रोतों को संरक्षित करना होगा।

Report on World Mental Health Day – 2022

Name of event - World Mental Health Day – 2022

Theme- “*Mental Health in an Unequal World*”

Venue – LT-3, Narayan Nursing College, GNSU, Jamuhar, Rohtas, Bihar

Date- 10th October 2021

Time- 11:00 aM to 5:00 PM

Total No. of Participant – 198 (GNM II Year & B.Sc. 3rd Year, Faculty member & HOD)

Brief Report

Date: Theme: On the occasion of *World Mental Health Day 2022* the **Department of Mental Health Nursing of Narayan Nursing College, Jamuhar** organized various awareness activities to emphasize the importance of mental well-being in the community.

A **Rally and Nukkad Natak** were conducted in different rural areas to spread awareness regarding the importance of maintaining good mental health and to break the stigma associated with mental illness.

A **Webinar** was also organized, where **Ms. J. Sablion Bage**, *Training Coordinator, State Nodal Center, College of Nursing, RIMS, Ranchi*, served as the **Resource Person**. She highlighted the global inequalities in mental health services and encouraged students to promote equality and accessibility in mental health care.

On the **first day**, a **Poster Competition** on the theme was held. The winners were:

- ☐ **1st Position:** Khusbu Srivastava (GNM 3rd Year)
- ☐ **2nd Position:** Chandan Kumar (B.Sc. Nursing 3rd Year)
- ☐ **3rd Position:** Sindhu Kumari (GNM 3rd Year)

Impact of the Programme

The celebration significantly increased awareness among students and community members regarding the importance of mental health. It helped reduce stigma and misconceptions about mental illness and motivated participants to advocate for mental health equality. Students gained confidence in health education and community participation, enhancing their communication and leadership skills. The programme successfully fostered a sense of empathy, understanding, and responsibility toward individuals with mental health issues.

Report on Breastfeeding Week celebration, 2022 (1st -7th Aug 2022)

On the occasion of world breastfeeding week, dept. of OBG had organized Seminar in LT 3 of Narayan Nursing College. Total 100 students of b.sc nursing 4th year participated

There were totally 4 sessions in which students explained that Breastfeeding is very much important for newborn babies as well as mothers, but there are a lot of stigmas associated with it. especially about talking on the subject. New moms often find it difficult to feed their babies and this often has health implications for the mom as well-both physical and mental.

Detailed Report on Nukkad Natak for Public Awareness of Safe Use of Medicines

Organised by: Narayan Institute of Pharmacy (NIOP), Gopal Narayan Singh University (GNSU), Jamuhar, Sasaram

Participants - 14

Year: 2023

1. Introduction

The Narayan Institute of Pharmacy (NIOP), under Gopal Narayan Singh University (GNSU), organised a *Nukkad Natak* (street play) in 2023 to create public awareness about the safe and rational use of medicines. This initiative was part of the institute's commitment to promoting community health and responsible pharmaceutical practices. The event was aligned with the broader theme of **World Pharmacists Day 2023** — "*Pharmacy strengthening health systems.*"

The Nukkad Natak served as an interactive platform for students to engage with the community, using performing arts as a medium to deliver critical messages about **medicine safety, proper storage, rational drug use, and the role of pharmacists** in healthcare.

2. Objectives of the Programme

The main objectives of organising the Nukkad Natak were:

1. To **educate the public** about the safe use and handling of medicines.
2. To promote **awareness regarding self-medication hazards** and irrational drug consumption.
3. To emphasize the **importance of consulting registered pharmacists** and physicians before taking any medication.
4. To develop **communication and leadership skills** among pharmacy students through social engagement.
5. To strengthen the **link between the institution and community health** through interactive outreach.

3. Date, Venue, and Theme

- **Date:** 25th September 2023 (*observed along with World Pharmacists Day celebrations*)
- **Venue:** University Campus and nearby community area, Jamuhar, Sasaram (Bihar)
- **Theme:** "**Safe and Rational Use of Medicines**"
- **Organised by:** Narayan Institute of Pharmacy, Faculty of Pharmacy, GNSU
- **Coordinators:** Faculty members of the Department of Pharmacy Practice and Pharmaceutics

4. Participants

- **Performers:** B.Pharm and D.Pharm students of NIOP
- **Faculty Coordinators:**

Coordinator
IQAC (NAAC)
Gopal Narayan Singh University
Jamuhar, Sasaram, Rohtas (Bihar)

PRINCIPAL
NARAYAN INSTITUTE OF PHARMACY
JAMUHAR, SASARAM, ROHTAS (BIHAR)

- Prof. (Dr.) Dharmendra Kumar – Principal, NIOP
- Ms. Rani Kumari– Assistant Professor, Event Convener
- Ms. Swati Kumari – Student Coordinator
- **Audience:** University students, faculty members, non-teaching staff, and local community residents

5. Script and Performance Overview

The street play was designed to deliver impactful messages in an entertaining yet informative way.

Scenes Depicted:

1. **Introduction – The Common Man and Medicines:**
A scene showing how people often buy medicines without prescriptions or depend on local quacks.
2. **Misuse and Consequences:**
Skits demonstrated the effects of wrong dosage, expired drugs, and antibiotic misuse leading to resistance.
3. **Role of Pharmacists:**
A character portraying a registered pharmacist explained how proper guidance ensures drug safety and patient well-being.
4. **Pharmacovigilance Awareness:**
The play included a segment about **adverse drug reaction (ADR)** reporting and the need to inform healthcare providers.
5. **Final Message:**
Students collectively appealed to the audience to "Use Medicines Safely, Consult Pharmacists, and Say No to Self-Medication."

The dialogue delivery was powerful, accompanied by posters, placards, and slogans in Hindi to maximize local understanding.

6. Methodology and Preparation

Prior to the performance:

- Students underwent **orientation sessions** on medicine safety concepts by faculty mentors.
- A **script-writing workshop** was conducted to ensure accurate health information.
- Rehearsals were held over a week, with focus on dramatization and clarity of message.
- Posters and leaflets were prepared highlighting key points: "Don't share medicines," "Check expiry dates," and "Complete your antibiotic course."

7. Audience Response

ICAC (NAC)
Gopal Narayan Singh University
Jamuhar, Sasaram, Rohtas (Bihar)

Dharmendra Kumar
PRINCIPAL
NARAYAN INSTITUTE OF PHARMACY
JAMUHAR, SASARAM, ROHTAS (BIHAR)

The Nukkad Natak attracted a large crowd of students, patients from nearby clinics, and community members.

The audience responded enthusiastically with applause and active participation during the interactive Q&A session.

Many attendees expressed that they learned about the **dangers of self-medication** and the importance of consulting qualified pharmacists.

8. Outcomes and Impact

The activity achieved its primary goal of public sensitization regarding medicine safety. Key outcomes included:

- Improved community understanding of rational drug use.
- Strengthened student skills in health communication and teamwork.
- Enhanced institutional visibility as a **socially responsible pharmacy college**.
- Promotion of **Pharmacovigilance awareness** within the university and local population.

9. Supporting Evidence

- **Photographs:** Event documentation includes photos of the student performers and audience engagement.
- **Video Recording:** A video titled "*Nukkad Natak on World Pharmacy Day 2023*" is available on NIOP/GNSU official media page.
- **Reports:** The activity was featured in the **GNSU Annual Report 2022–23**, under community outreach and extension activities.

10. Conclusion

The *Nukkad Natak on Safe Use of Medicines* successfully combined education with entertainment, creating a significant impact on public awareness. Through this initiative, **NIOP reinforced the role of pharmacists as frontline health educators** and advocates for rational drug therapy.

Such outreach programmes exemplify GNSU's dedication to bridging the gap between **pharmaceutical education and community welfare**.

Detailed Report on World cGMP Day 2023

Organised by: Narayan Institute of Pharmacy (NIOP)

Under: Gopal Narayan Singh University (GNSU), Jamuhar, Sasaram, Bihar

Date: 10th October 2023

Number of Participants: Over 10

1. Introduction

The World cGMP Day is observed annually to emphasize the importance of Current Good Manufacturing Practices (cGMP) in ensuring drug quality, safety, and efficacy.

Recognizing the significance of this global observance, the Narayan Institute of Pharmacy (NIOP), under the auspices of Gopal Narayan Singh University (GNSU), organized a World cGMP Day celebration on 10th October 2023 at the NIOP campus.

The event aimed to educate pharmacy students on the critical role of cGMP in the pharmaceutical manufacturing process, regulatory compliance, and patient safety — fostering a deeper understanding of quality assurance principles in the pharmaceutical industry.

2. Objectives of the Programme

The major objectives of the World cGMP Day celebration were:

1. To create awareness about the importance of cGMP compliance in pharmaceutical industries.
2. To provide knowledge about quality control and assurance procedures followed globally.
3. To familiarize students with regulatory guidelines of WHO, USFDA, and CDSCO.
4. To enhance students' understanding of industrial practices and career prospects in quality management.
5. To encourage future pharmacists to uphold ethical and professional standards in drug manufacturing.

3. Date, Time, and Venue

- **Date:** 10th October 2023
- **Time:** 10:30 AM to 1:00 PM
- **Venue:** Seminar Hall, Narayan Institute of Pharmacy, GNSU Campus, Jamuhar, Sasaram
- **Theme:** "Quality Beyond Compliance: Building Trust through cGMP."

4. Organising Committee

- **Patron:**
Prof. (Dr.) M. K Singh— Hon'ble Vice-Chancellor, GNSU
- **Chairperson:**
Prof. (Dr.) Dharmendra Kumar, Principal, Narayan Institute of Pharmacy

- **Coordinators:**
Faculty members from Departments of Pharmaceutical Chemistry and Pharmaceutical Chemistry.

5. Participants

- **Total Participants:** Over 10 (B.Pharm and D.Pharm students)
- **Participation Type:** Individual and small group participation
- **Represented Classes:** B.Pharm (III & IV Year), D.Pharm (II Year)

7. Highlights of the Event

- Students gained practical insights into how cGMP standards are implemented in the manufacturing process.
- The expert session covered key regulatory guidelines, including WHO-GMP, USFDA, and Schedule M standards.
- Participants actively discussed real-world challenges faced in production, documentation, and quality control.
- Students presented posters and flowcharts showing the five Ps of GMP – *People, Premises, Processes, Products, and Procedures*.
- The event created awareness about career opportunities in QA/QC and regulatory affairs.

8. Outcomes and Learning

The event fulfilled its educational objectives and enriched participants' industrial understanding.

Key Outcomes:

1. Improved student awareness of GMP principles and compliance requirements.
2. Strengthened knowledge of pharmaceutical manufacturing workflow.
3. Encouraged professional integrity and responsibility in quality assurance.
4. Provided exposure to industry-relevant practices and terminology.

Deen
PRINCIPAL
NARAYAN INSTITUTE OF PHARMACY
JAMUHAR, SASARAM, ROHTAS (BIHAR)

5. Promoted enthusiasm for regulatory and quality-based career paths among pharmacy students.

9. Feedback

Participants expressed that the program was informative and industry-oriented. The session helped them link academic learning with industrial application, and many requested for more such workshops on Quality Assurance and Regulatory Affairs. Faculty members appreciated the students' engagement and presentation quality.

10. Documentation and Evidence

- **Photographs:** Attached (poster display, group photo).
- **Attendance Sheet:** Maintained by the Faculty Coordinator.
- **Certificates:** Distributed to all participants.
- **Report Reference:** Included in the **GNSU Annual Report 2023** under academic extension activities.

11. Conclusion

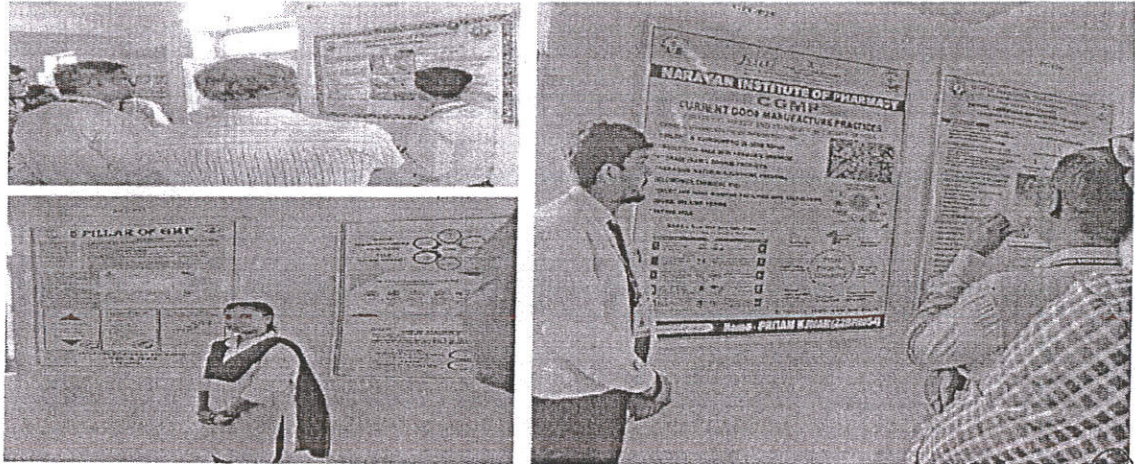

The World cGMP Day 2023 celebration at Narayan Institute of Pharmacy, GNSU was a successful and insightful academic event that highlighted the vital role of Good Manufacturing Practices in the pharmaceutical sector.

It helped students appreciate the importance of quality control, documentation, and regulatory compliance, which form the backbone of the healthcare industry. The event aligned perfectly with NIOP's mission to cultivate professionally competent and ethically responsible pharmacists ready to meet global industrial standards.

Detailed Report on Plantation Drive 2023

Organised by: Narayan Institute of Pharmacy (NIOP)

Under: Gopal Narayan Singh University (GNSU), Jamuhar, Sasaram, Bihar

Date: 5th June 2023 (*World Environment Day*)

Number of Participants: Over 15

1. Introduction

The Narayan Institute of Pharmacy (NIOP), under Gopal Narayan Singh University (GNSU), organized a Plantation Drive on 5th June 2023, to commemorate World Environment Day.

The activity aimed to promote environmental awareness, sustainability, and the importance of green surroundings among students, faculty, and the community.

The plantation drive reflected the institute's commitment to environmental protection and its alignment with the Sustainable Development Goals (SDG 13: Climate Action & SDG 15: Life on Land).

2. Objectives of the Programme

The main objectives of the plantation programme were:

1. To promote **environmental consciousness** among students and staff.
2. To encourage the habit of **tree plantation and care** for a greener and cleaner campus.
3. To contribute to **reducing carbon footprint** and **improving air quality** in and around the university.
4. To instill a sense of **social responsibility** among pharmacy students toward environmental sustainability.
5. To support the Government of India's initiative on "**One Student – One Tree**" and *Clean and Green Campus* drive.

3. Date, Time, and Venue

- **Date:** 5th June 2023
- **Time:** 10:00 AM to 12:00 PM
- **Venue:** Herbal Garden and Campus Premises, Narayan Institute of Pharmacy, GNSU, Jamuhar, Sasaram

4. Organisation and Coordination

- **Organised by:** Narayan Institute of Pharmacy (NIOP)
- **Under the Guidance of:**
 - Prof. (Dr.) Dharmendra Kumar – Dean cum Principal, NIOP
 - Mr. B D Tripathi – Vice Principle
 - Dr. Laliteshwar Pratap Singh – Professor
- **Coordinated by:** Faculty Members and Student Volunteers of B.Pharm & D.Pharm

Coordinator
IOAC (NAAC)

Gopal Narayan Singh University
Jamuhar, Sasaram, Rohtas (Bihar)

5. Participants

- **Total Participants:** 15+ (students, faculty members, and supporting staff)
- **Participants Included:**
 - Faculty members
 - B.Pharm and D.Pharm students
 - Non-teaching and gardening staff for technical support

6. Activities Conducted

The plantation programme began with a **welcome address** by the Principal of NIOP, emphasizing the importance of environmental protection and the pharmacist's role in sustainability.

Following the address:

1. Students and faculty members **planted various medicinal and ornamental saplings** such as *Neem (Azadirachta indica)*, *Tulsi (Ocimum sanctum)*, *Ashwagandha (Withania somnifera)*, *Aloe vera*, and *Mango (Mangifera indica)* around the **herbal garden and institute periphery**.
2. Participants took a **"Green Oath"** to protect and nurture the environment.
3. Faculty members explained the **medicinal importance** of each planted species and how herbal plants contribute to the pharmacy curriculum.
4. Placards displaying messages like *"Plant a Tree, Save a Life"*, *"Go Green, Breathe Clean"*, and *"Be the Change for the Earth"* were displayed around the plantation area.

Refreshments were served after the event, and a group photograph was taken to mark the occasion.

7. Outcome and Impact

The plantation drive was a successful step toward building an **eco-friendly and green campus**.

Key outcomes included:

- Increased awareness about **environmental conservation and sustainable pharmacy practices**.
- Enhanced greenery and beautification of the campus.
- Strengthened **student participation in social and environmental initiatives**.
- Reinforced institutional commitment to environmental and community welfare.

Students also pledged to monitor the growth of the saplings and take turns in maintaining them, ensuring long-term care.

The event received positive appreciation from university officials and the local community. Participants expressed enthusiasm and satisfaction in contributing to a **clean, green, and healthy environment**.

The event also inspired the inclusion of **"Herbal Plant Conservation"** sessions in future practical workshops.

9. Documentation and Evidence

- **Photographs:** Attached (showing students and faculty planting saplings).
- **Video Recording:** Short event video available on the official NIOP/GNSU social media pages.
- **Report Reference:** Featured in **GNSU Annual Report 2022–23** under environmental awareness and extension activities.

10. Conclusion

The **Plantation Drive 2023** organised by **Narayan Institute of Pharmacy (NIOP), GNSU** was a remarkable initiative toward promoting environmental awareness among pharmacy students.

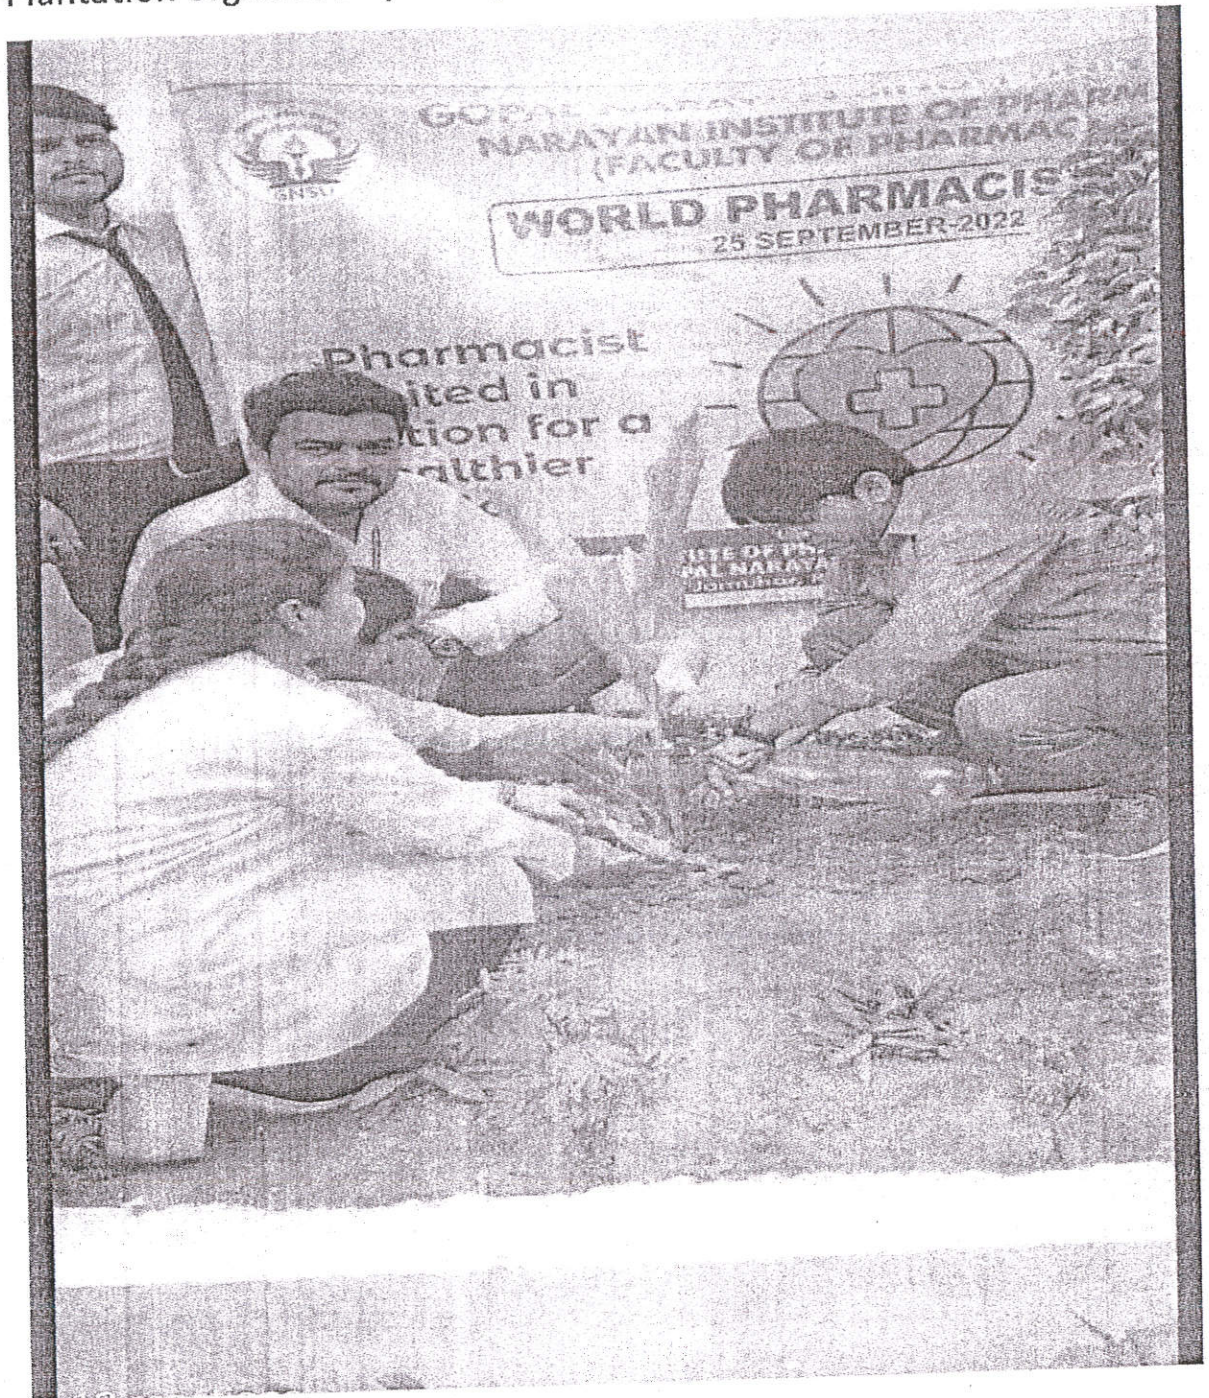

It not only enhanced the green cover of the campus but also educated participants about the **pharmacognostic and medicinal value of plants**.

This activity reflected the university's mission of integrating **education with environmental and social responsibility**.

Report on the 2nd Deo Mangal Memorial National Moot Court Competition

Organised by: Narayan School of Law
Dates: 14th – 16th October 2023

The Narayan School of Law successfully organised the 2nd Deo Mangal Memorial National Moot Court Competition from 14th to 16th October 2023 under the dynamic leadership of Prof. (Dr.) Rakesh Verma, Director, Narayan School of Law.

The competition witnessed enthusiastic participation from more than 100 teams representing various reputed law universities and colleges from across the country. The event provided a dynamic platform for budding law students to enhance their advocacy skills, analytical abilities, and understanding of legal procedures.

Over the course of three days, participants engaged in rigorous rounds of arguments on contemporary legal issues before esteemed judges, including academicians, advocates, and judicial officers. The event was marked by professionalism, discipline, and a spirit of healthy competition.

The competition concluded with a valedictory ceremony, during which winners and participants were felicitated. The Director, Prof. (Dr.) Rakesh Verma, congratulated all the teams for their dedication and appreciated the organizing committee for their commendable efforts in ensuring the success of the event.

The 2nd Deo Mangal Memorial National Moot Court Competition not only served as a platform for academic excellence but also reinforced the commitment of Narayan School of Law to promoting experiential learning and professional development among law students.

About 2nd Deo Mangal Memorial National Moot Court Competition, 2023

2nd Deo Mangal Memorial Moot Court Competition, 2023 has been successfully organized by Moot Court Society, Narayan School of Law, Gopal Narayan Singh University. The competition has been started with dual objectives in mind, firstly to commemorate the extraordinary life of late shri Deo Narayan Singh (father of our chancellor sir) and his wife late shrimati Mangla Devi (mother of our chancellor sir) both are the inspiration to led the foundation of this University and secondly to celebrate the 6^o foundation day of the Narayan School of Law which on 7th October.

With these objectives registrations were started from 22 August, 2023 and it was closed on 30th September, 2023. At the end of the registration we received overwhelming response across the country and 123 teams registered. Out of 123 teams finally 114 teams submitted their written submission and participated in the preliminary rounds of the competition which were held on 12th October, 2023.

The competition was inaugurated by Hon'ble Justice Samrendra Pratap Singh (Former Judge Patna High Court) as our chief guest and Prof.(Dr.) Manoj Kumar Sinha (Director, ILI, New Delhi.) as our guest of honour.

Other luminaries present at the occasion of the inaugural session were Hon'ble Chancellor, GNSU, Shri Gopal Narayan Singh, Hon'ble Vice Chancellor, GNSU, Prof. (Dr.) M.K. Singh, Secretary, Deo Mangal Memorial trust, Shri Govind Narayan Singh, Prof.(Dr.) Rakesh Verma sir, Dean, Narayan School of Law, GNSU and others administrative officers of the University.

All the above-named dignitaries blessed for the competition and their constant support and inspiration for making this event success grandeur.

The Moot proposition of this competition was based on the Uniform Civil Code (UCC) which is one of the contemporary issue in the country.

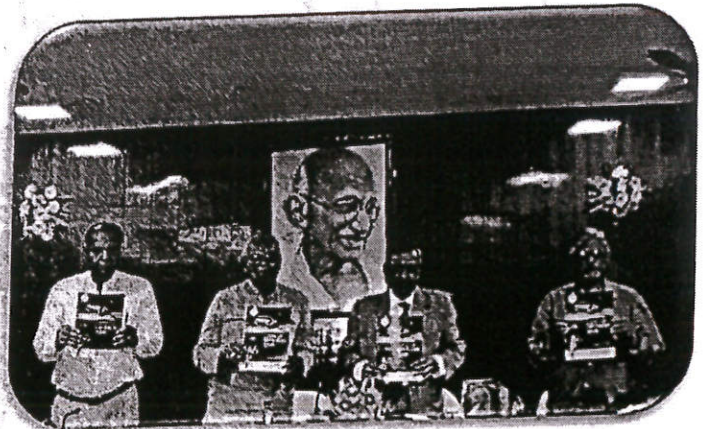

More than 140 professionals such as lawyers, academicians, researchers, judges and Deans of the legal institutions roped in across the country to judge the competition.

The participation of colleges and judges from every parts of the country made this competition truly "National" in each and every aspect.

Report on Legal Awareness Campaign

Organised by: Narayan School of Law

Date: 22nd July 2022

Venue: Akorhi Gola, District Rohtas, Bihar

Director: Prof. (Dr.) Rakesh Verma

Coordinator: Dr. Sanjai Kr. Singh

The **Narayan School of Law** organised a **Legal Awareness Campaign** on **22nd July 2022** at **Akorhi Gola, District Rohtas, Bihar**, under the **coordinatorship of Dr. Sanjai Kr. Singh** and the guidance of **Prof. (Dr.) Rakesh Verma**, Director of the Institute.

A total of **35 students** from **B.A. LL.B., B.B.A. LL.B., and LL.B.** programmes, along with **12 faculty members**, actively participated in the campaign. The main objective of the event was to spread legal awareness among the rural population regarding their **rights, duties, and access to justice**.

During the visit, the students interacted with local residents and conducted sessions on **legal aid, women's rights, child protection laws, right to information, and fundamental rights**. Informative pamphlets and brochures were distributed to ensure better understanding and engagement.

The campaign encouraged law students to apply their classroom learning to real-life situations, fostering a sense of **social responsibility** and **community service**. The villagers responded with enthusiasm and appreciated the efforts of the institution in bringing legal education to their doorstep.

The event concluded successfully, reflecting the commitment of the Narayan School of Law toward promoting **legal literacy** and **social justice** in the community.

To,

The Secretary
District Legal Services Authority,
Sasaram, Rohtas, Bihar

Sir,

I hope you are well.....!!

The Narayan School of Law, Gopal Narayan Singh University Jamuahar approved by the Bar Council of India and UGC is an innovative educational community with a belief of preparing students for global leadership in Legal field.

Practical training of students is the important part of our curriculum and in furtherance of this our students and teachers are planning to visit District Jail, Sasaram for an empirical study.

I, sincerely look forward to your help in making the Endeavour a success.

Thanking you,

Yours faithfully,

To,

The Superintendent of Jail
Sasaram, Rohtas
Bihar

Sir,

Greetings of the day!

The Narayan School of Law, Gopal Narayan Singh University, Jamuhar is an innovative educational community with a belief of preparing students for global leadership in Legal field. Our institution was established in 2018 and approved by the Bar Council of India & UGC.

I am writing this letter with a humble request to allow our Law Students (Approximately 30 in numbers) to visit Sasaram jail on 10 of December, 2022 (Human Rights Day) for conduction of some empirical study on the inmates of jail and the aspects relating to their rehabilitation after completion of their period of sentences so that they may get a chance of their assimilation in the civilized society.

I, sincerely look forward to your help in making our endeavour a success.

Thanking you,

Yours Faithfully,

मैं प्रियांशु कुमार क्रमांक BALLBO15 सत्र 20-25
का/की विद्यार्थी हूँ। मैं विधिक सहायता हेतु दिनांक को गाँव/जेल
जाकर/गाँव के निवासियों/जेल में रखे गए कैदियों की स्थिति के सम्बन्ध में उनसे जानकारी
प्राप्त किया। तदनुसार कानूनी सहायता सम्बन्धी आज के कार्यक्रम में मेरा योगदान और
सुझाव निम्न प्रकार है:-

- कैदी से मिलने पे थगा कि बा लोहा का
जेल में सही सुविधा दिया जा रहा
है। परीक्षण को साफ सुथरा रखा
जाता है।
- कैदी को मेडीकल ट्रिटमेंट मिलाना
- उनलोगों को कपड़ा, पानी, दवा
मिलाना कराया जाता था
- उनको उनके परिवार से मिलने देना
जाता है।

Report on Legal Awareness Campaign

Organised by: Narayan School of Law

Date: 15th July 2022

Venue: Nokha, District - Rohtas, Bihar

The **Narayan School of Law** organised a **Legal Awareness Campaign** on **15th July 2022** at **Nokha, District Rohtas, Bihar**, under the able coordinatorship of **Dr. Sanjai Kr. Singh** and the leadership of **Prof. (Dr.) Rakesh Verma**, Director, Narayan School of Law.

The primary objective of the campaign was to create awareness among the local community about their **legal rights, duties, and available legal aid services**. The initiative also aimed to educate people about important laws related to women's rights, child protection, and the right to information.

A total of **34 students** from **B.A. LL.B., B.B.A. LL.B., and LL.B.** programmes, along with **12 faculty members**, actively participated in the visit. The team engaged with the residents of Nokha, distributed informative pamphlets, and conducted interactive sessions to address community queries related to legal processes and government schemes.

The campaign received an enthusiastic response from the local people, who expressed appreciation for the valuable insights shared by the students and faculty. The participants also gained practical exposure to community-level legal outreach and the application of legal knowledge in real-life situations.

The event was a remarkable success, reflecting the commitment of **Narayan School of Law** to spreading **legal literacy, social responsibility, and community engagement** among its students.

Report on Seminar on "Bar-Bench Relationship"

Organised by: Narayan School of Law

Date: 23rd August 2019

Venue: Narayan School of Law, Rohtas

The Narayan School of Law organised a seminar on the topic "Bar-Bench Relationship" on 23rd August 2019. The seminar aimed to highlight the importance of mutual respect, cooperation, and coordination between the Bar and the Bench in ensuring the effective administration of justice.

The event was graced by the presence of Shri Paras Nath Ray, District and Sessions Judge, Rohtas, who attended as the Chief Guest. His address focused on the ethical responsibilities of both advocates and judges, emphasizing that a healthy Bar-Bench relationship is fundamental to maintaining the dignity and efficiency of the judicial system.

The seminar was presided over by Prof. Arun Kr. Singh, Director, Narayan School of Law, who, in his welcome address, underscored the academic and professional relevance of understanding the dynamics between the Bar and the Bench for law students.

Faculty members, students, and invited guests actively participated in the discussion, sharing insights on the challenges and expectations in judicial practice. The session concluded with a vote of thanks, expressing gratitude to the Chief Guest and participants for their valuable contributions.

The seminar proved to be an enlightening and thought-provoking event, enhancing the students' understanding of judicial ethics and professional conduct.

दैनिक जागरण गया, 19 अगस्त 2019

सासाराम/विक्रमगंज जागरण

www.jagran.com

राष्ट्रीय अग्रदूत पूर्व सांसद पप्पू यादव

उपस्थित थे।

कमिटी का गठन किया गया।

जमाव रह गया है, उनमें लगभग 20

गए थे। प्रतिनिधित्व व उर्वरता को सोहनी का काम शुरू : जिले के रहने हैं।

राहत तो मिली, पर दूर न हुई चिंता

जागरण संवाददाता, सासाराम : सूखे की मार होत रहे जिले के किसानों के चेहरे खिन्न हो गईं। बारिश से भले ही फ़िल उठे, लेकिन उनकी चिंता दूर नहीं हो सकी है। वे अब भी अपनी खेती-बारी को बचाने के लिए जलजोड़ कर रहे हैं। हालांकि पानी के अभाव में सूख रहे फसल के लिए यह बारिश वरदान साबित हुई है। चहरहाल सूखे का दंश होत रहे किसानों के जखम पर महम लगाने का काम जहां प्रकृति ने किया है, वहीं बाह्य से लोगों को गर्मी व उमस से भी निजात मिली है।

जिले के दक्षिण क्षेत्र के किसान धान के अलावा अन्य फसलों को बचाने को ले चिखले कई दिनों से अपना खून-पसीना एक किए हुए थे। बारिश ने होने से खरीफ की फसल सुखने लगी थी और किसान सूखा को लेकर मायूस नजर आने लगे थे। उन्हें दूर-दूर तक बारिश के आसार नहीं दिखाई दे रहे थे। उमस व गर्मी के चलते फसलों पर विपरीत प्रभाव पड़ रहा था। 16 अगस्त तक जिले में 8.3 मिली लीटर वर्षा हुई है। इस वर्षा से किसानों को फसलों को जहां अमृत रूपी पानी मिला, वहीं लोगों को गर्मी व उमस से भी निजात मिली। किसानों को याने तो थोड़ा राहत की हुई, वह पहली वर्षा धान

अब शहर में नहीं होगी पीने के पानी की किल्लत

जागरण संवाददाता, सासाराम : जल संचयन व पर्यावरण संरक्षण को जन अभियान बनाने की कल्पना शुरू हो गई है। इसे ले जल-जीवन, हरिकाली मिशन की शुरुआत की गई है, ताकि न पर्यावरण संरक्षण के साथ पानी की किल्लत दूर हो सके। शहरी क्षेत्रों में दिनों दिन पाने के लिए अब जागरूकता अभियान चलेगा। स्थानीय जनप्रतिनिधि, बुद्धिजीवी, स्कूल व कॉलेज के छात्र व स्वयंसेवी संघटन से जुड़े लोग घर-घर घूम लोगों को पैकज का दुरुपयोग नहीं करने का आग्रह करेंगे, ताकि जल का संचयन बरकरार रहे सके। सरकार ने सभी नगर निकायों के अधिकारियों को घर-घर मुखामुमी शहरी पैकज निषेध योजना के तहत लोगों को उपलब्ध कराए जाने वाले पानी के दुरुपयोग नहीं करने के लिए जन जागरूकता अभियान चलाने का निर्देश दिया है। सरकार ने माना भीने के पानी का हो रहा दुरुपयोग : सरकार का मानना है कि आज के दिन में पीने के पानी का अधिक दुरुपयोग किया जा रहा है। भू-जलस्तर गिरने से पानी की समस्या दिन-प्रतिदिन

खुले में कचरा को जलाया तो लगेगा जुर्माना

वैसे लापरवाह लोगो पर सख्त कार्रवाई की जाएगी, जो खुले में कचरा फैक उसे जलाने का कार्य करेंगे। ऐसा निर्णय खुले में फैके गए कचरा को जलाने से होने वाले पर्यावरण को नुकसान को देखते हुए किया गया है। नगर परिषद व नगर पंचायत के कार्यपालक पदाधिकारी को भेजे गए पत्र में विभागों प्रधान सचिव ने कहा है कि नगरपालिका अधिनियम 2032, अनुसूची प्रबंधन नियमावली उपविधि में किए गए प्रावधानों के तहत खुले में कचरा जलाना दंडनीय अपराध माना गया है। इससे वायुमंडल को नुकसान पहुंच रहा। जिस कारण लोगों के स्वास्थ्य के साथ-साथ पर्यावरण भी दिनोंदिन प्रदूषित हो रही है। लगातार जाने वाले जलमय कचरा निचला अलग से रजिस्टर में दर्ज होगा।

आवरक है। यह सभी संपव होगा, जब लोग जागरूक होंगे व अपनी जिम्मेदारी

राशन वितरण नियमित नहीं होने पर नगर विकास मंच के लोगों ने जताया आक्रोश

सिटी रिपोर्टर | डालमियानगर

नगर विकास मंच के कार्यकर्ताओं की बैठक शहर के न्यू डिलिया मोहल्ले में मंच के महासचिव प्रमोद कुमार पटेल की अध्यक्षता में हुई। जिसमें जन वितरण प्रणाली के दुकानदारों द्वारा शहरी क्षेत्र के लाभार्थी के बीच खाद सुरक्षा योजना के राशन के वितरण में अनियमितता बरते जाने पर आक्रोश प्रकट किया गया। बैठक में कार्यकर्ताओं ने बताया कि राशन का वितरण दुकानदारों के द्वारा नियमित रूप से नहीं किया जाता है। दुकान खुलने का ना समय निश्चित है और ना ही बंद करने का। राशन उठाव करने के बाद भी उपभोक्ताओं के बीच वितरित नहीं किया जाता है। अधिकारियों से शिकायत करने पर भी उनके ठपर कोई कार्रवाई नहीं होती है। प्रखंड आगुति पदाधिकारी द्वारा दुकानों के स्टॉक की नियमित जांच नहीं किया जाता है। जिसे यह पता चल सके की गरीबों को

सूखे की मार झेल रहे किसानों में वर्षा नहीं होने से मचा हहाकार

सिटी रिपोर्टर | नौहटा

पूरा सावन महीना बित गया, लेकिन स्थानीय प्रखण्ड में धान की रोपनी पुरा नहीं हो सकी। इस प्रखण्ड में अब तक मुश्किल से बिजली के सहारे 20 से 25 प्रतिशत खेत में धान की रोपनी हो सका है। जिस खेत में अब तक धान की रोपनी हो जाती थी। उस खेत में अभी तक बड़े- बड़े घास लगे हुए हैं। धान के खेत में यवंगी चर रहे हैं। किसान आकाश की ओर टुकटकी लगा कर देख रहे हैं कि कब बारिश हो जाये। बारिश के इंतजार में इस प्रखण्ड के किसान अभी तक धान के बिचड़ा को बचा कर रखे हैं। 11 पंचायत वाले इस प्रखण्ड में वर्षा नहीं होने के कारण किसानों में हाहाकार मच गया है। पहाड़ी क्षेत्र में वर्षा नहीं होने के कारण प्रखण्ड के सभी पहाड़ी किसान अब तक धान की रोपनी अपना खेत में शुरू नहीं कर सके हैं। मानसून की नाराजगी के कारण प्रखण्ड के सभी 11 पंचायत

सूखे पड़े खेत में लगी घास

धान की रोपनी अभी तक शुरू नहीं कर सके हैं। इस प्रखण्ड में बारिश नहीं होने के कारण धान की रोपनी दुरी तरह प्रभावित है। अभी का समय धान की रोपनी समान होने वाला समय है, लेकिन किसान बारिश का इंतजार कर रहे हैं। अगस्त महीने के तीसरा सप्ताह में जिस खेत में धान का रोपनी हो जाता था जहाँ पानी बहता था आज वहाँ केवल पशु चर रहे हैं। वर्षा के अभाव में किसान किसी तरह मोटर पंप चला कर खेत को तैयारी में जते हैं। ऐसे समय में

Report on the 1st Deo Mangal Memorial National Moot Court Competition

Organised by: Narayan School of Law, Gopal Narayan Singh University, Jamuhar
Dates: 14th – 16th October 2022

The Narayan School of Law, under the aegis of Gopal Narayan Singh University, Jamuhar, successfully organised the 1st Deo Mangal Memorial National Moot Court Competition from 14th to 16th October 2022. The competition aimed to provide a dynamic platform for budding law students to enhance their advocacy, research, and drafting skills while experiencing the practical aspects of courtroom proceedings.

The event witnessed the participation of about 100 law institutes from different parts of India, making it a truly national-level competition. The rounds of the competition were designed to test the participants' understanding of complex legal issues, analytical reasoning, and persuasive argumentation.

The competition was organised under the able guidance of Prof. (Dr.) Rakesh Verma, Director, Narayan School of Law, and coordinated and mentored by Mr. Akhilesh Upadhyay, Assistant Professor. Their continuous support and motivation played a pivotal role in the smooth and successful conduct of the event.

The student members of the Moot Court Society who worked tirelessly to ensure the success of the competition included:

- Md. Arif Imam – President
- Nida Khurshid – Vice President
- Sanjeev Kr. Singh – Secretary
- Priya Dubey – Joint Secretary

Throughout the three-day event, participants showcased exceptional legal acumen and professionalism. The preliminary, semi-final, and final rounds were judged by eminent academicians, practicing advocates, and members of the judiciary, who appreciated the high standards of preparation and performance demonstrated by the teams.

The Valedictory Ceremony marked the conclusion of the competition, where the winners were felicitated with trophies and certificates. The Director, Prof. (Dr.) Rakesh Verma, in his address, commended the participants for their dedication and highlighted the importance of such events in shaping competent and ethical legal professionals.

The event was a grand success, leaving a lasting impact on all participants and reaffirming the commitment of Narayan School of Law to excellence in legal education and experiential learning.
