Associate Professor

Department of Community Medicine

Narayan Medical College and Hospital, Sasaram

Dear Dr Rahul,

As you are aware, As you are aware that nationally GOI and Government of Jharkhand are committed to t Measles & Rubella elimination by December 2023. The MR elimination roadmap from Government of India and MR IEAG has recommended conducting root cause analysis of Measles & Rubella outbreaks. In this regard Jharkhand is planning to conduct Root Cause Analysis for Measles Rubella outbreak in the state from 04<sup>th</sup> of August 2023. This involves one day of orientation on 4<sup>th</sup> August 2023, followed by 4 days of field-based activity in selected districts and one day of action plan workshop on 11<sup>th</sup> August 2023 at state level. UNICEF will support the travel and stay of participants during the activity.

We would like to invite you as one of our assessors . If you agree you will need to travel to Ranchi and check in the hotel by evening of 3<sup>rd</sup> August 2023.

Please share a line in confirmation . will share all necessary details in coming days.

Thanking you

Dear Sir,

I take the privilege to invite you for the celebration of World Accreditation Day on 09th June 2023. The World Accreditation Day (WAD) is a global initiative jointly celebrated on 09th June every year by the International Laboratory Accreditation Cooperation (ILAC) and International Accreditation Forum (IAF) to raise awareness of the importance of accreditation related activities and to promote it amongst all relevant stakeholders. The theme of the World Accreditation Day for this year is "Accreditation: Supporting the future of Global Trade".

Accreditation and trade are bound together by trust – trust is the essential component of trading relationships, without which they are undermined and trust relationships are broken. Accreditation is a key element in building trust in a global market. It is an integrated system of standards, regulations, requirements, and accreditation services to ensure a quality infrastructure. This integrated system has generated the necessary trust to support trade by ensuring that consumers, businesses and regulators procuring goods and services get what they expect. Accreditation aids world trade by supporting regulators, business and consumers in meeting their diverse needs, whether they be technical product safety, good governance, climate change, energy, fair markets or public confidence.

The celebration is being held simultaneously at 6 places viz

Ahmedabad,  
Bangalore,  
Kolkata,  
Lucknow,  
Mumbai  
and New Delhi.

The registration is open for all applicant, aspirant & accredited laboratories, proficiency testing providers, reference material producers, assessors, Regulators, Government Organizations, Industry Bodies and Consumer Organizations. Interested persons may please register for this program at the link:
